[57] **CLAIM**

The ornamental design for a computer workstation, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational, perspective view of the computer workstation of the present invention with accompanying work surface opened;

FIG. 2 is a front elevational view thereof with accompanying work surface opened;

FIG. 3 is a right side elevational view thereof with accompanying work surface opened, the left side being a mirror image thereof;

FIG. 4 is a top plan view thereof with accompanying work surface opened;

FIG. 5 is a bottom plan view thereof with accompanying work surface opened;

FIG. 6 is a front elevational view thereof with accompanying work surface closed;

FIG. 7 is a right side elevational view thereof with accompanying work surface closed, the left side being a mirror image thereof;

FIG. 8 is a top plan view thereof with accompanying work surface closed;

FIG. 9 is a bottom plan view thereof with accompanying work surface closed; and,

FIG. 10 is a bottom perspective view thereof with accompanying work surface and bottom door opened.

The surface(s) or portion(s) of the article not shown in the drawing or described in the specification form(s) no part of the claimed design.

The broken lines shown are for illustrative purposes only and form no part of the claimed design.
