[57] **CLAIM**

The ornamental design for a football shaped cordset, as shown and described.

DESCRIPTION

FIG. 1 is a top view of the football shaped cordset showing the new ornamental design of the top;

FIG. 2 is a side view of the football shaped cordset showing the new ornamental design of the side;

FIG. 3 is the bottom view of the football shaped cordset showing the new ornamental design of the bottom;

FIG. 4 is the left side view of the football shaped cordset showing the new ornamental design of the left side;

FIG. 5 is the right side view of the football shaped cordset showing the new ornamental design of the right side;

FIG. 6 is the front view of the male portion of the football shaped cordset showing the new ornamental design of the front;

FIG. 7 is the front view of the female portion of the football shaped cordset showing the new ornamental design of the back;

FIG. 8 is a top view of an alternate embodiment of the football shaped cordset showing the new ornamental design of the top;

FIG. 9 is a side view of an alternate embodiment of the football shaped cordset showing the new ornamental design of the side;

FIG. 10 is the bottom view of an alternate embodiment of the football shaped cordset showing the new ornamental design of the bottom;

FIG. 11 is a side view of another alternate embodiment of the football shaped cordset showing the new ornamental design of the side;

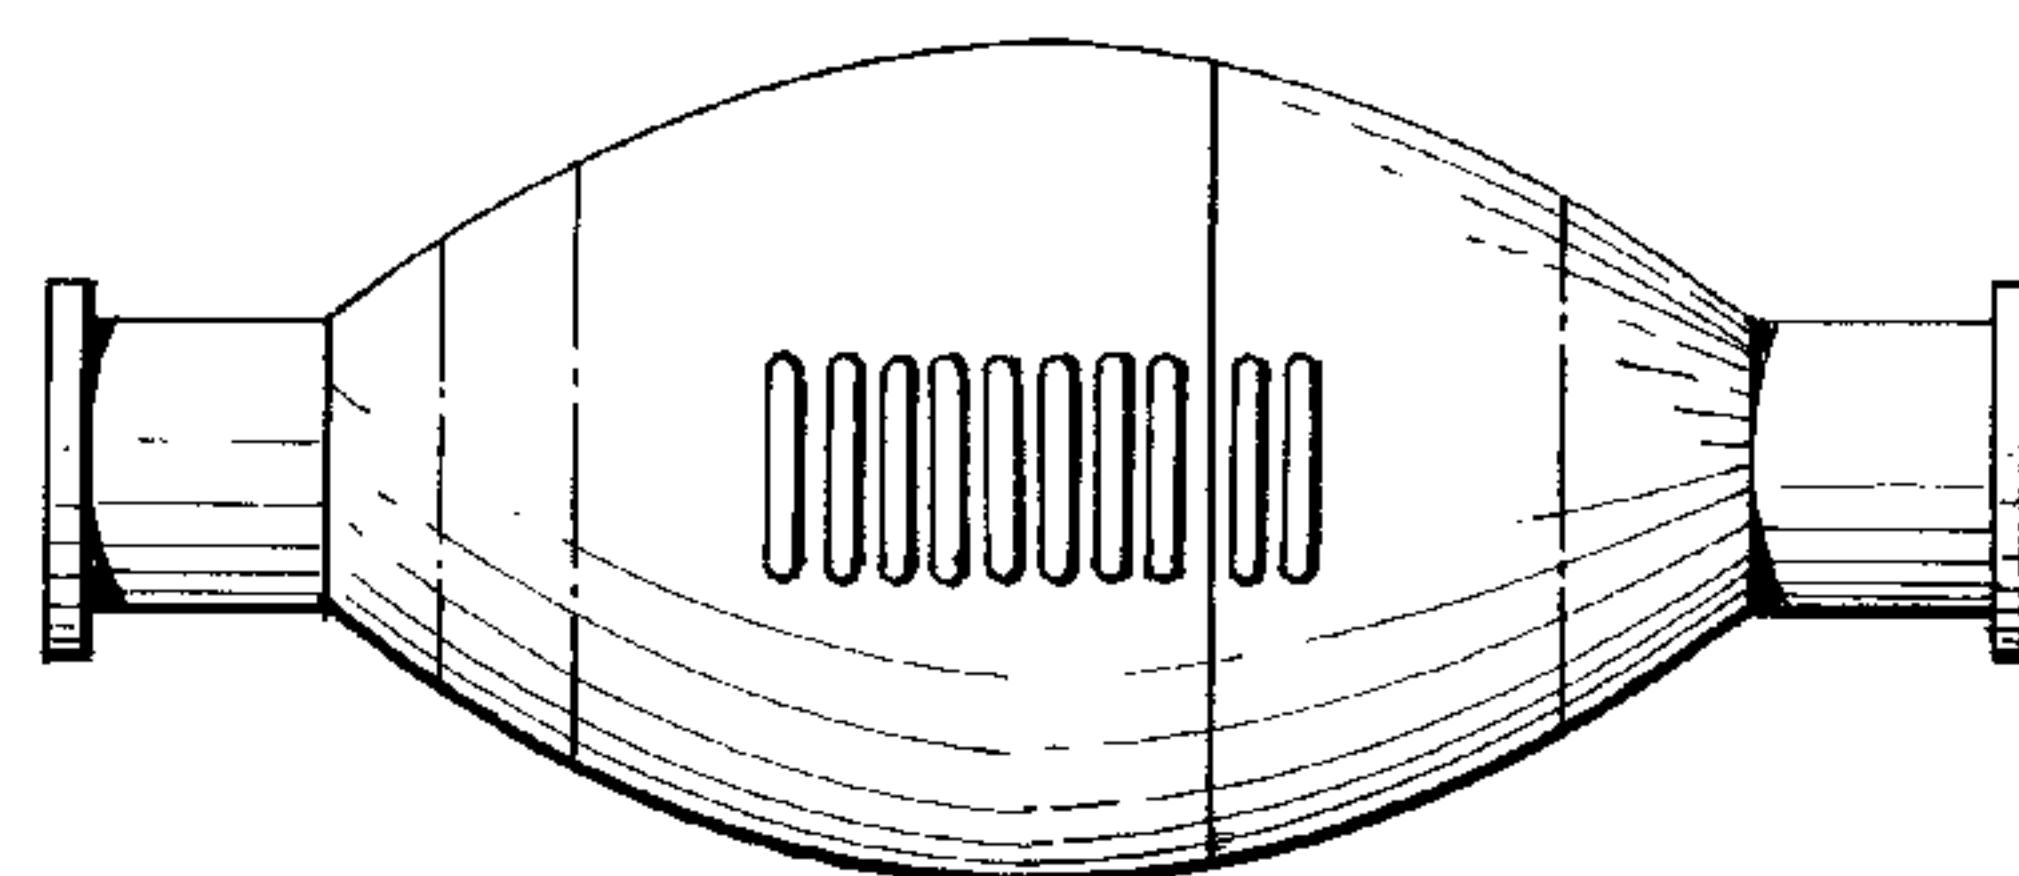

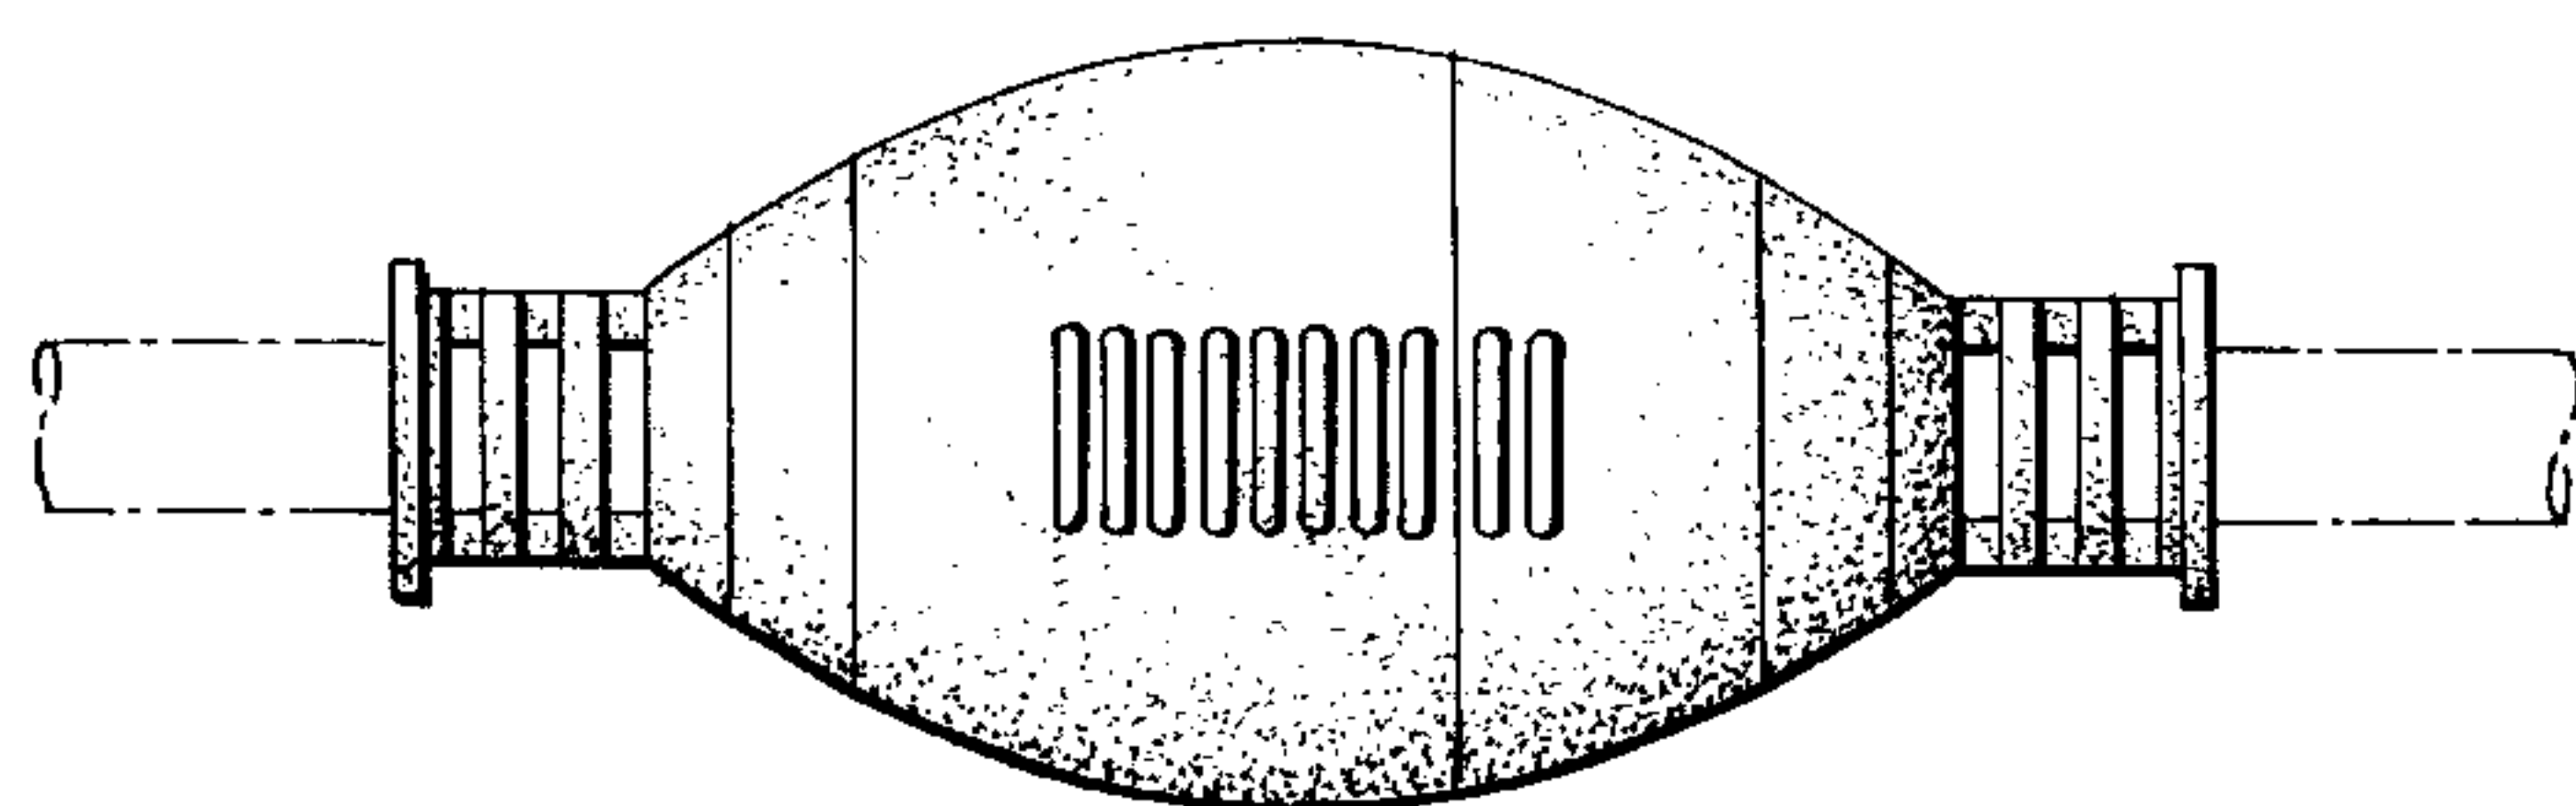

FIG. 12 is a top view of another alternate embodiment of the football shaped cordset showing the new ornamental design of the top;

FIG. 13 is the left side view of an alternate embodiment of the football shaped cordset showing the new ornamental design of the left side; and,

FIG. 14 is the right side view of an alternate embodiment of the football shaped cordset showing the new ornamental design of the right side.

The male portion and female portion of the football shaped cordset are shown separately for convenience of illustration. The broken lines are shown for illustrative purposes only and form no part of the claimed design.
