[57] **CLAIM**

The ornamental design for the opaque front transparent back flexible beverage container, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

FIG. 1 is a front perspective view of my design for an opaque front transparent back flexible beverage container showing the characteristic feature of the design, which resides in its shape together with having an opaque front and a transparent back.

FIG. 2 is a top view thereof.

FIG. 3 is a bottom view thereof.

FIG. 4 is a front elevational view thereof.

FIG. 5 is a right side elevational view thereof, the left side is identical; and,

FIG. 6 is a rear elevational view thereof.
