[57] **CLAIM**

The ornamental design for a product dispenser top, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a product dispenser top showing our new design, the same being shown positioned on a base;

FIG. 2 is a fragmentary perspective view thereof shown at an enlarged scale, it being understood that the details shown in this view occur across the entire top surface of the dispenser top.

FIG. 3 is a front elevation view thereof, the rear elevation being the same;

FIG. 4 is a right side elevation view thereof, the left side elevation being the same; and,

FIG. 5 is a top plan view thereof.

The broken line showing of the base portion of the product dispenser top is for illustrative purposes only and forms no part of the claimed design.
