[57] CLAIM

The ornamental design for a beverage bottle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation of a first embodiment of a beverage bottle showing our new design, the appearance of the first embodiment repeats five times around the central vertical axis except for the neck finish;

FIG. 2 is a top plan view of the beverage bottle shown in FIG. 1;

FIG. 3 is a front elevation of a second embodiment of the beverage bottle, the appearance of the second embodiment repeats five times around the central vertical axis except for the neck finish;

FIG. 4 is a top plan view of the beverage bottle shown in FIG. 3;

FIG. 5 is a front elevation of a third embodiment of the beverage bottle, the appearance of the third embodiment repeats five times around the central vertical axis except for the neck finish; and,

FIG. 6 is a top plan view of the beverage bottle shown in FIG. 5.

The broken lines in the drawings are for illustrative purposes only and do not form part of the claimed design.
