[57] CLAIM

The ornamental design for icon image of a software game for a computer display screen, or the like, as shown and described.

DESCRIPTION

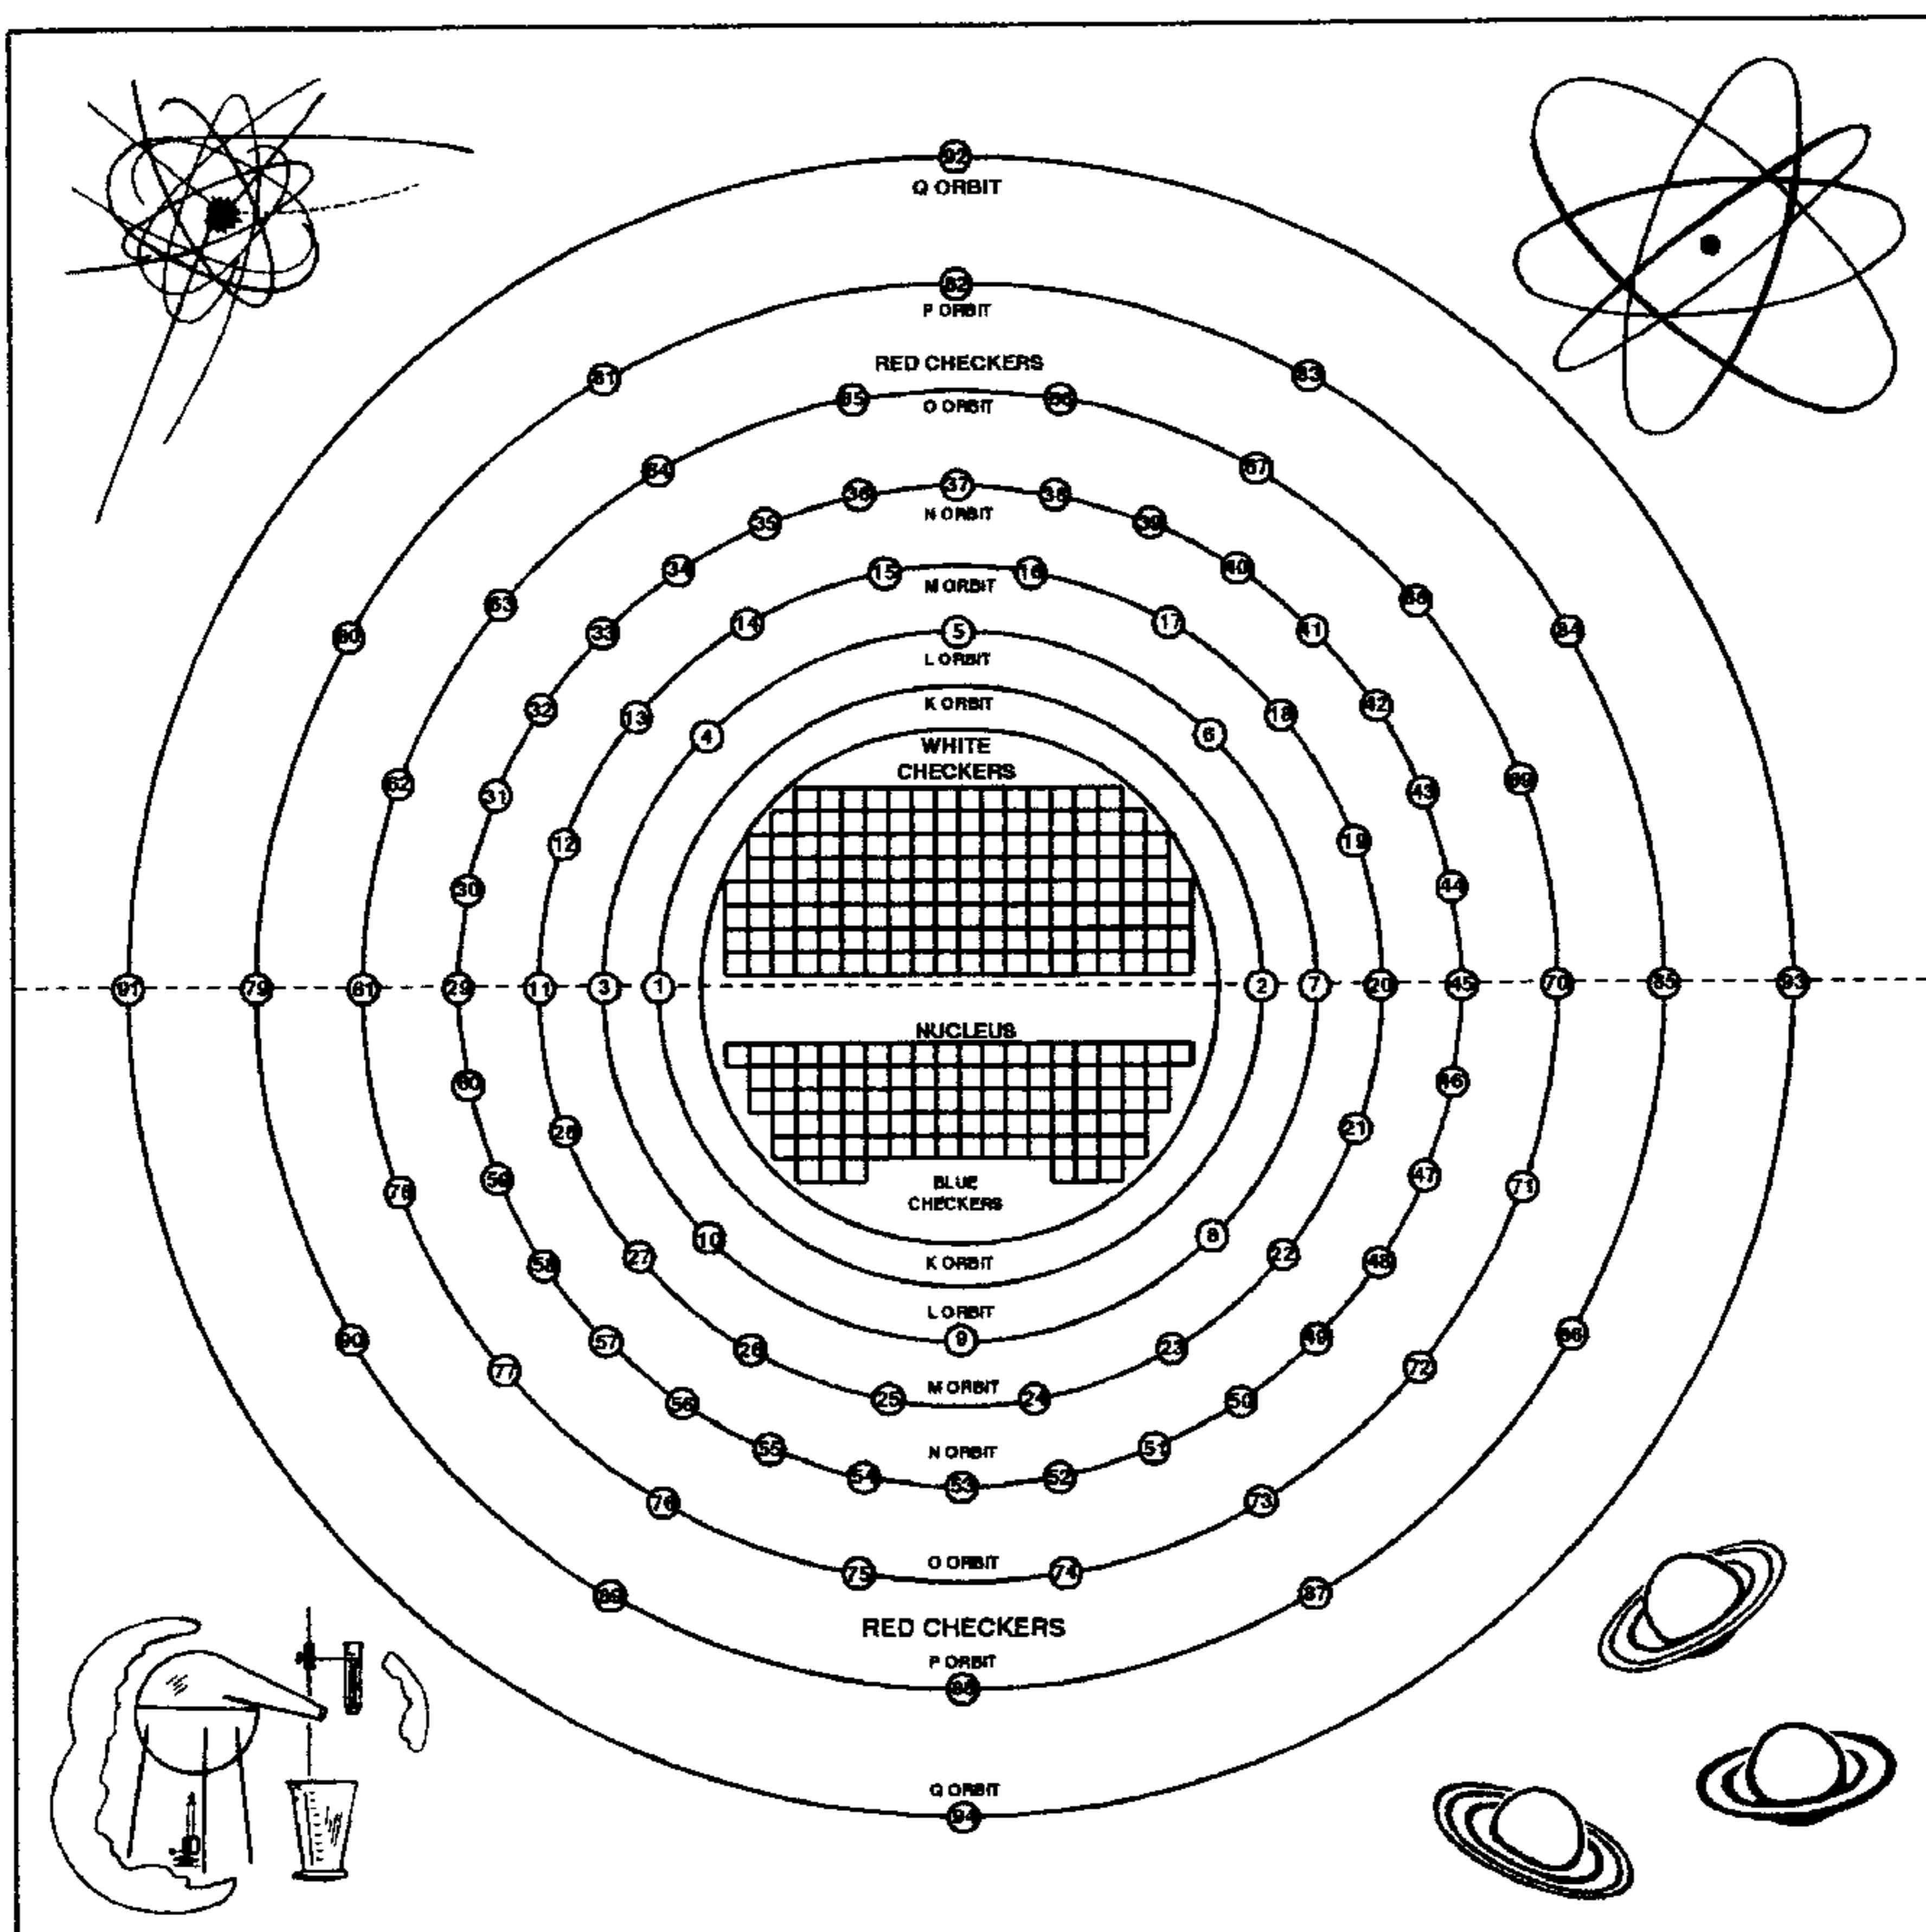

FIG. 1 is a front view of an icon image of a software game for a computer display screen showing the new design, the center broken line and the broken line in the image in the upper left corner are part of the claimed design, the numerals appearing in the center game area as shown in FIG. 2 are omitted for clarity of illustration;

FIG. 2 is a front view of a portion thereof, the center game area is shown separately for clarity of illustration, on a greatly enlarged scale, the broken line is part of the claimed subject matter;

FIG. 3 is a front view of a portion thereof, the top half is shown separately for clarity of illustration, the center broken line and the broken line in the image in the upper left corner are part of the claimed design, on enlarged scale, the numerals appearing in the center game area as shown in FIG. 2 are omitted for clarity of illustration; and,

FIG. 4 is a front view of a portion thereof, the lower half is shown separately for clarity of illustration, the broken line is part of the claimed design, on an enlarged scale, the numerals appearing in the center game area as shown in FIG. 2 are omitted for clarity of illustration.
