[57] CLAIM

[11]

[45]

Patent Number:

The ornamental design for a light fixture, as shown and described.

Date of Patent: ** Dec. 19, 2000

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a floodlight housing showing my new design, with the broken line shown for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a perspective view of the floodlight housing of FIG. 1 without the broken line;

FIG. 3 is a front elevational view of the floodlight housing of FIG. 1 without the broken line;

FIG. 4 is a right elevational view of the floodlight housing of FIG. 1 with the broken line; the left elevational view is a mirror image;

FIG. 5 is a rear elevational view thereof with the broken line;

FIG. 6 is a top plan view thereof with the broken line; and

FIG. 7 is a bottom plan view thereof.

FIG. 8 is a perspective view of a second embodiment of a floodlight housing showing my new design, with the broken line shown for illustrative purposes only and forming no part of the claimed design;

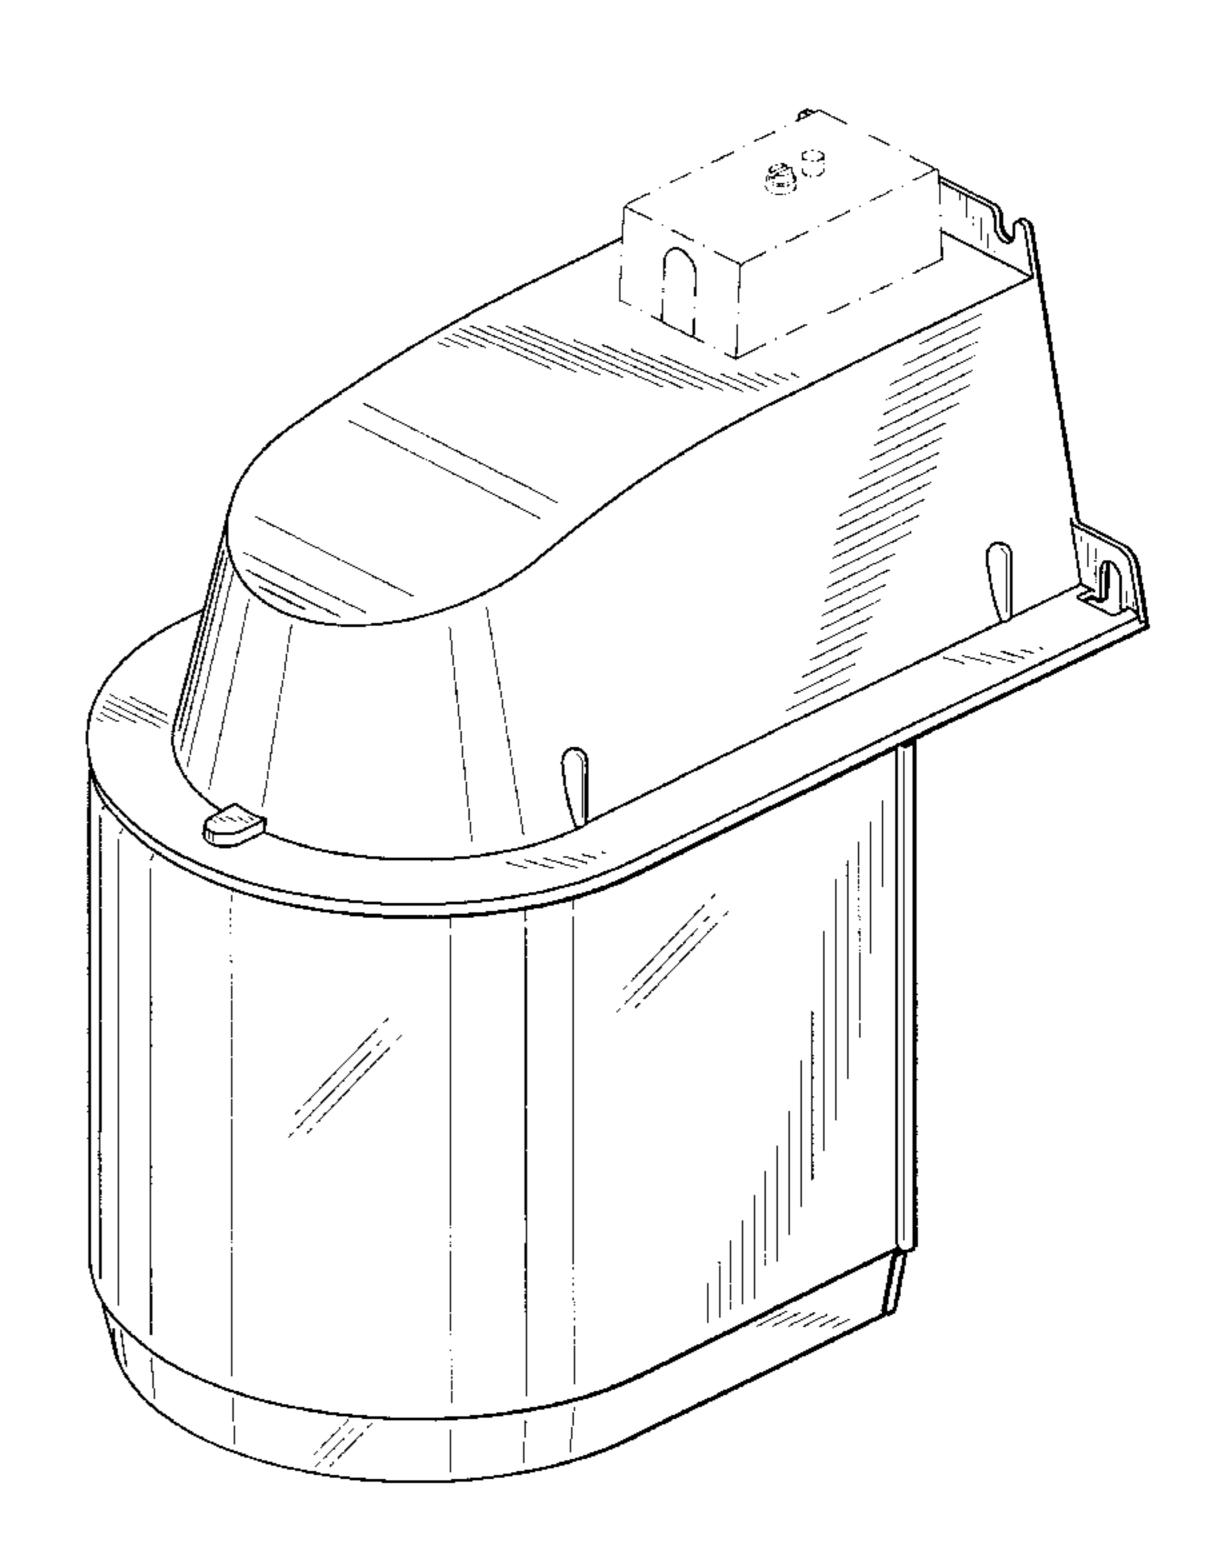

FIG. 9 is a front elevational view of the floodlight housing of FIG. 8 without the broken line portion; and,

FIG. 10 is a right elevational view thereof with the broken line; the left elevational view is a mirror image.

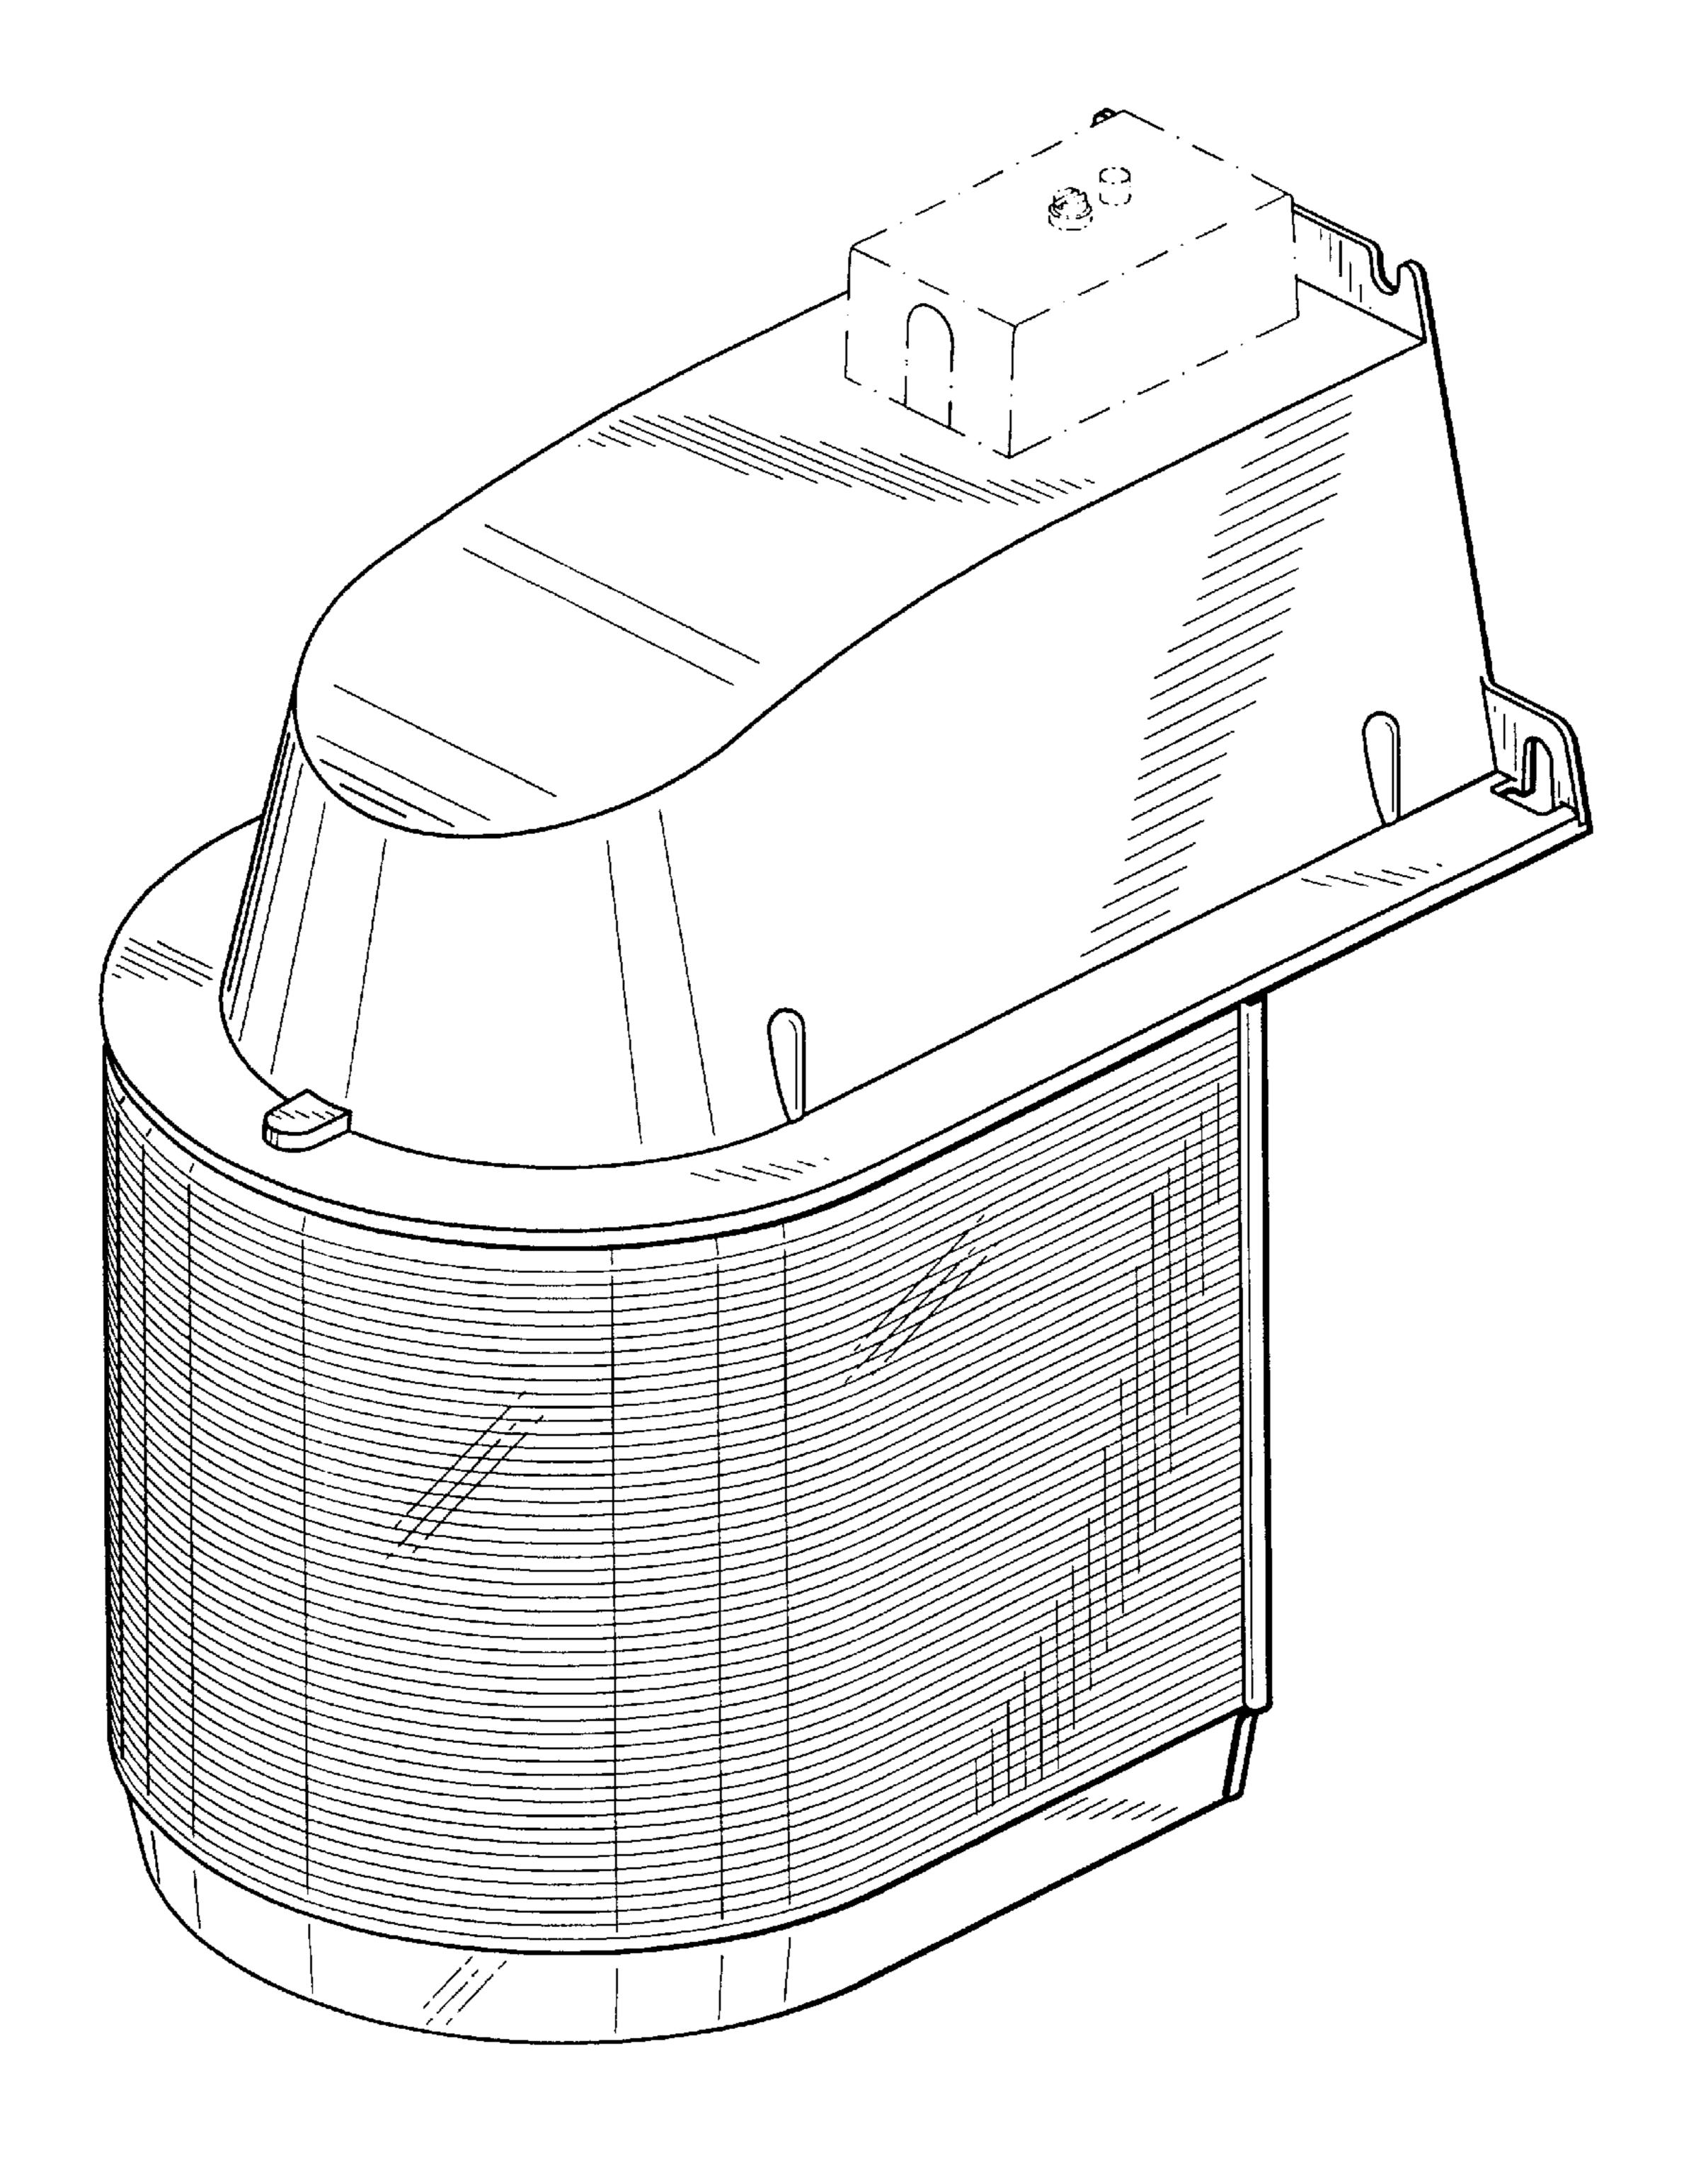

The rear elevational view and the top and bottom plan views of the embodiment of FIG. 8 are identical to FIGS. 5, 6 and 7

A characteristic feature of the design resides in the overall "D"-shaped outline of the fixture such as seen most readily in the top and bottom plan views of FIGS. 6 and 7 and the perspective views of FIGS. 1 and 8.
