### [57] CLAIM

The ornamental design for a video telephone, as shown and described.

### DESCRIPTION

FIG. 1 is an isometric view of the video telephone of our new design, in an opened position;  
 FIG. 2 is a side view thereof, taken from the front of the video telephone when in a closed position;  
 FIG. 3 is a side view thereof, taken from the rear of the video telephone when in a closed position;  
 FIG. 4 is an end view thereof, taken from one end of the video telephone when in a closed position;  
 FIG. 5 is a top view thereof, with the video telephone in a closed position;  
 FIG. 6 is a bottom view thereof, with the video telephone as in closed position;  
 FIG. 7 is a side view thereof, taken from the front of the video telephone when in an opened position;  
 FIG. 8 is a top view thereof, with the video telephone in an opened position; and,  
 FIG. 9 is an end view thereof, taken from one end of the video telephone when in an opened position.
