(57) CLAIM

The ornamental design for a surface configuration of a vehicle body and/or toy, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a surface configuration of a vehicle body and/or toy according to our novel design; FIG. 2 is a rear perspective view of the surface configuration of a vehicle body and/or toy according to our novel design; FIG. 3 is a left view of the surface configuration of a vehicle body and/or toy according to our novel design;

FIG. 4 is a right view of the surface configuration of a vehicle body and/or toy according to our novel design;

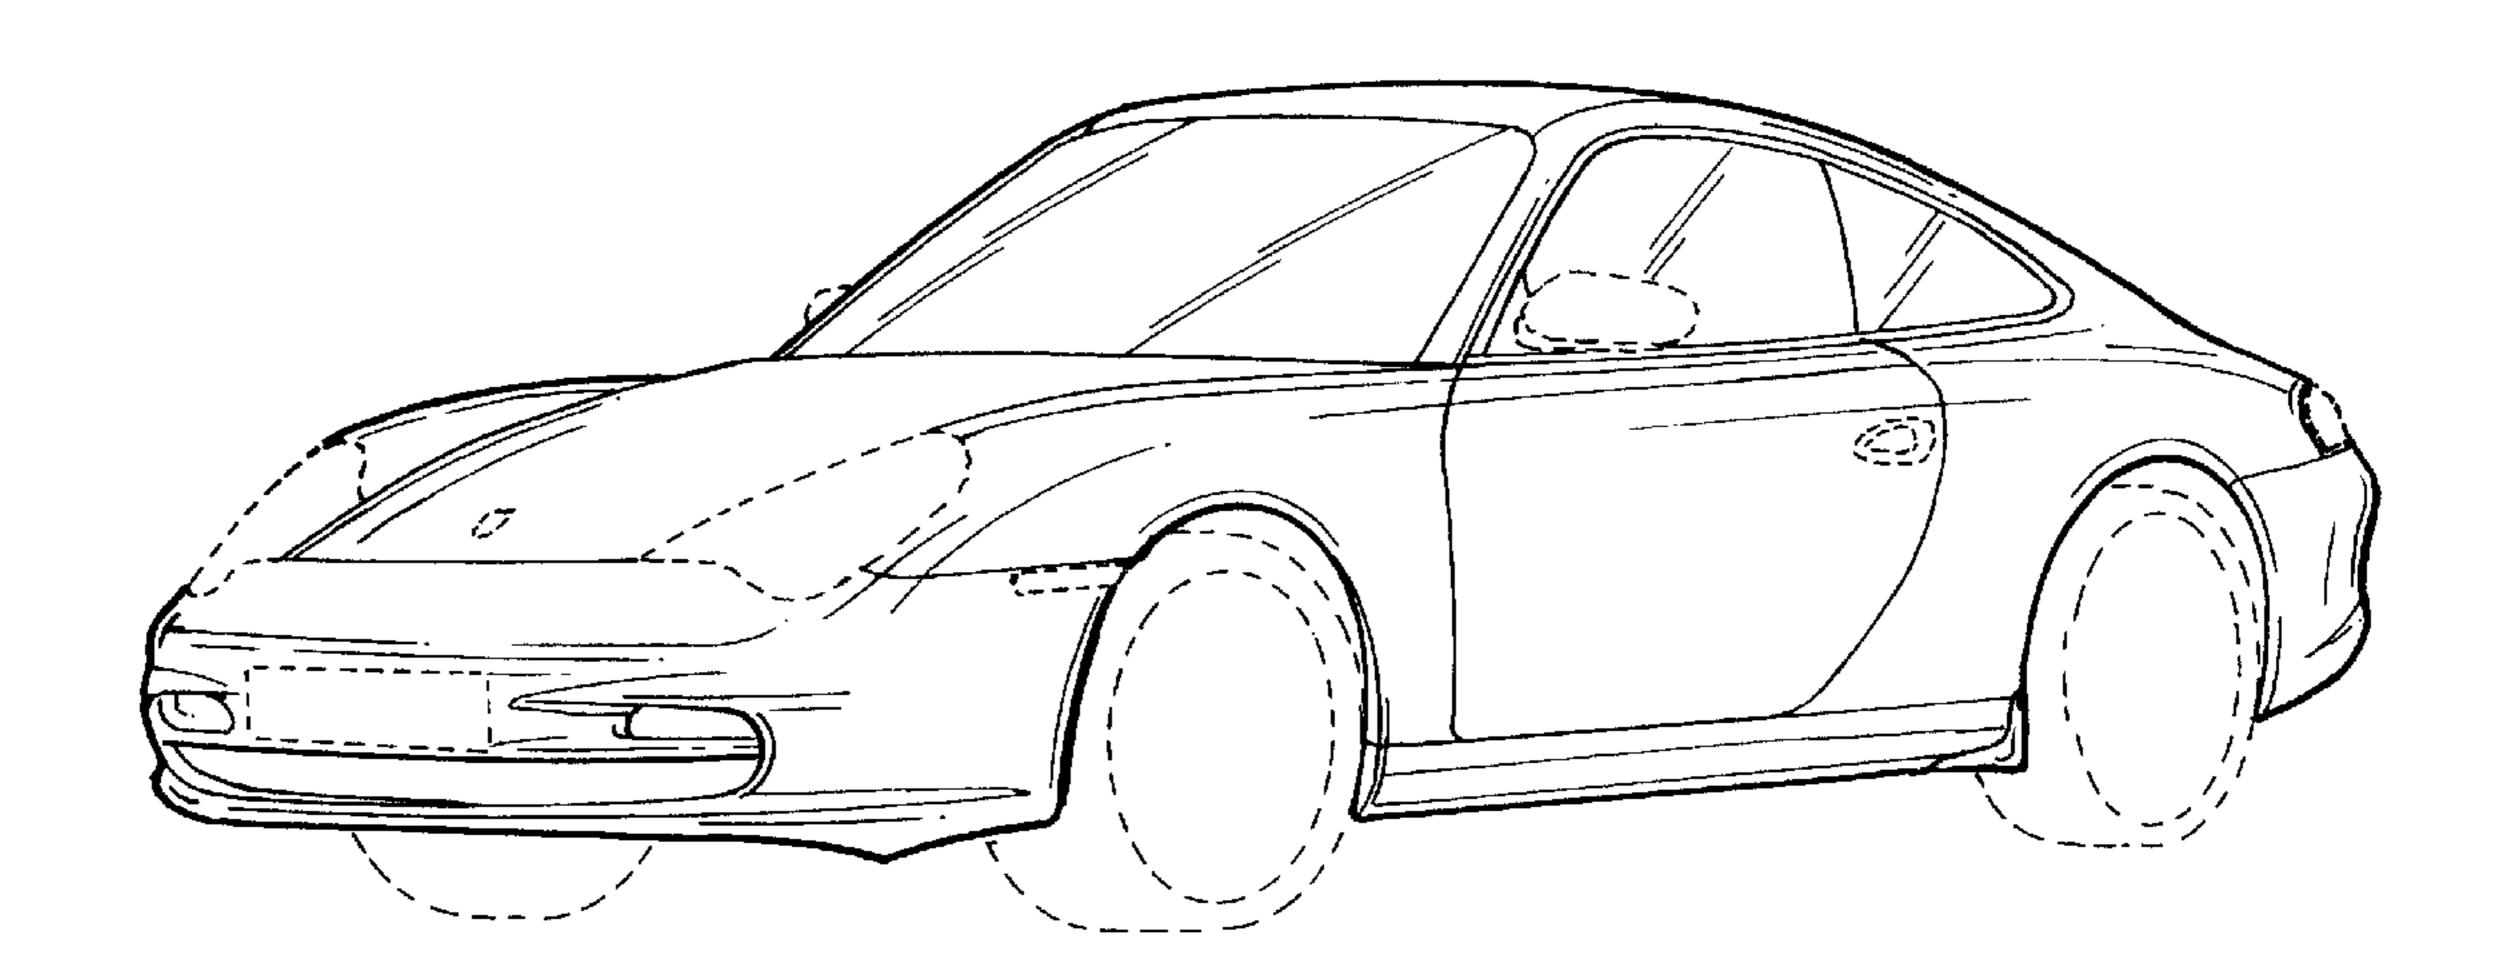

FIG. 5 is a front view of the surface configuration of a vehicle body and/or toy according to our novel design;

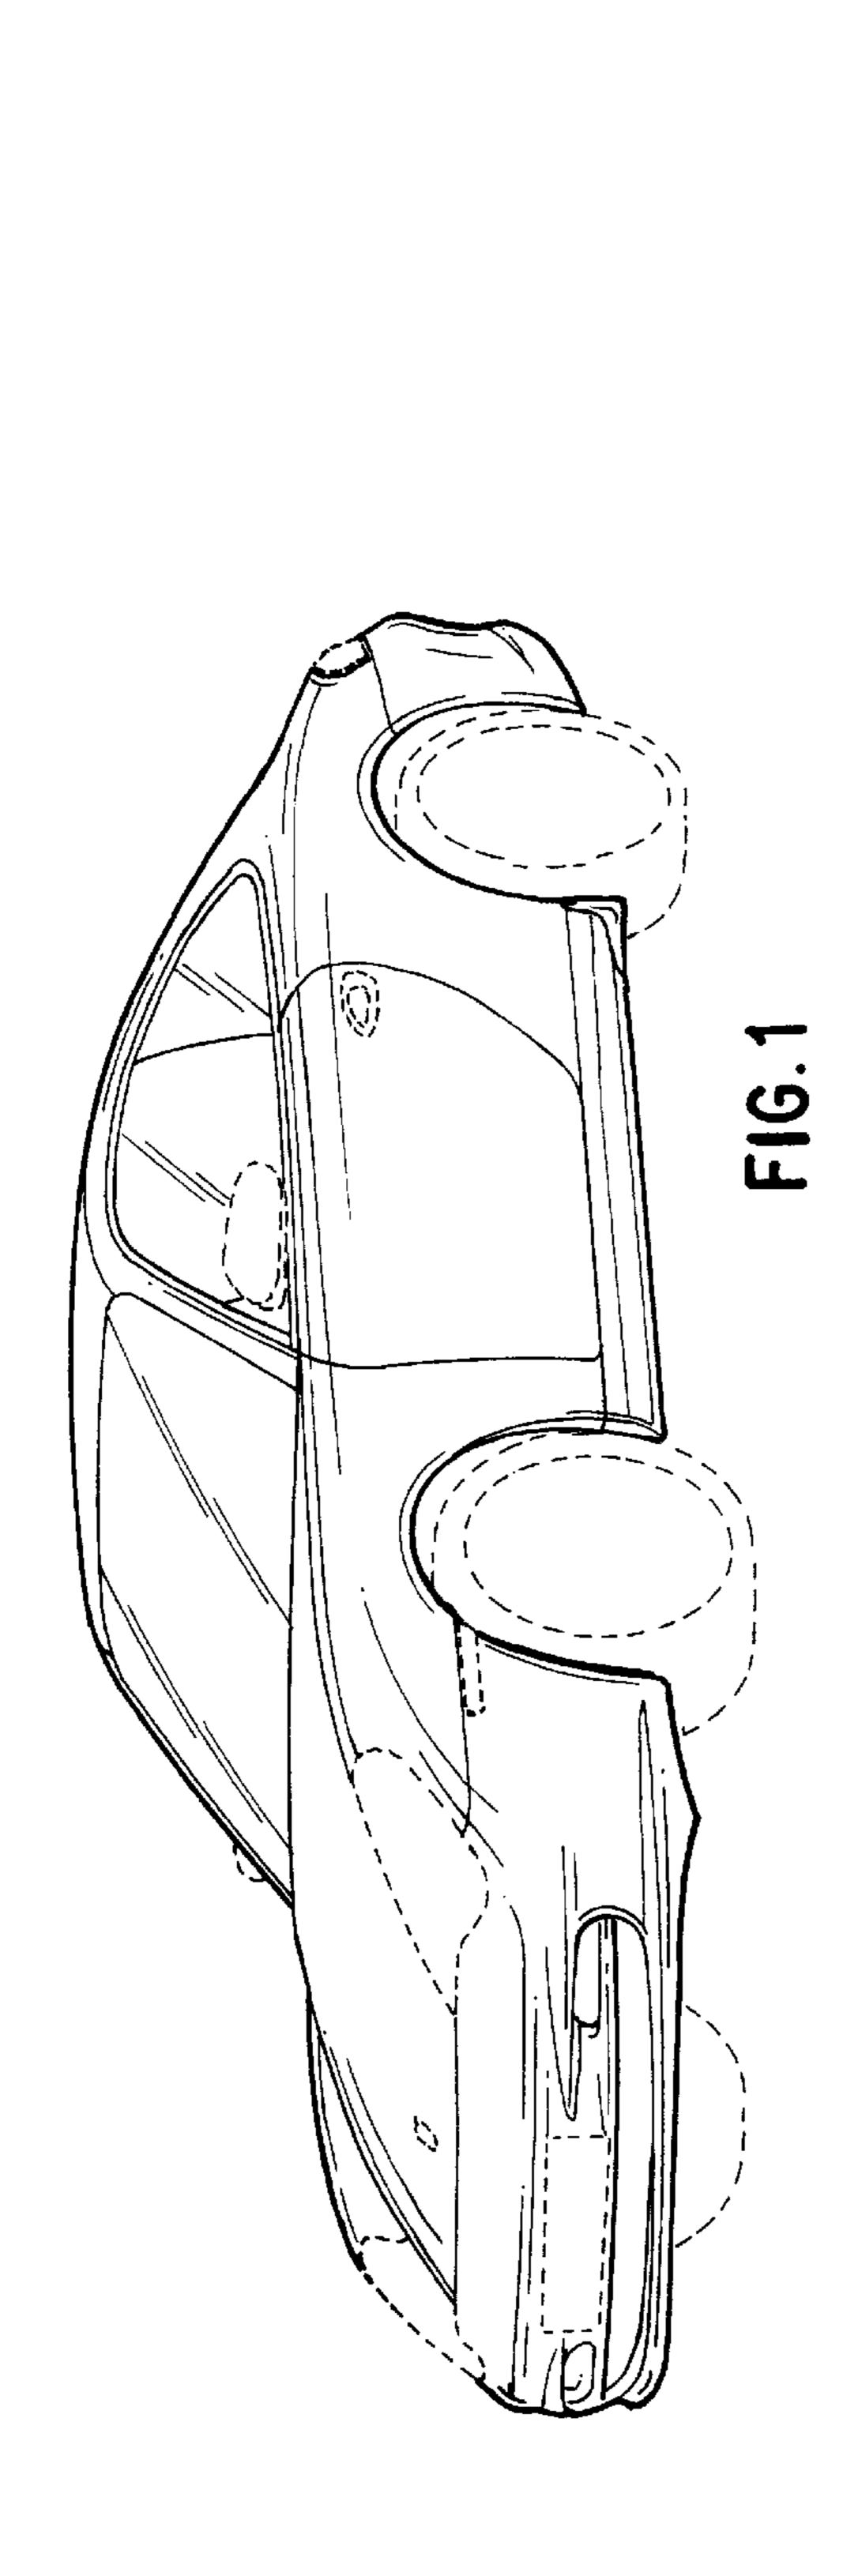

FIG. 6 is a rear view of the surface configuration of a vehicle body and/or toy according to our novel design; and,

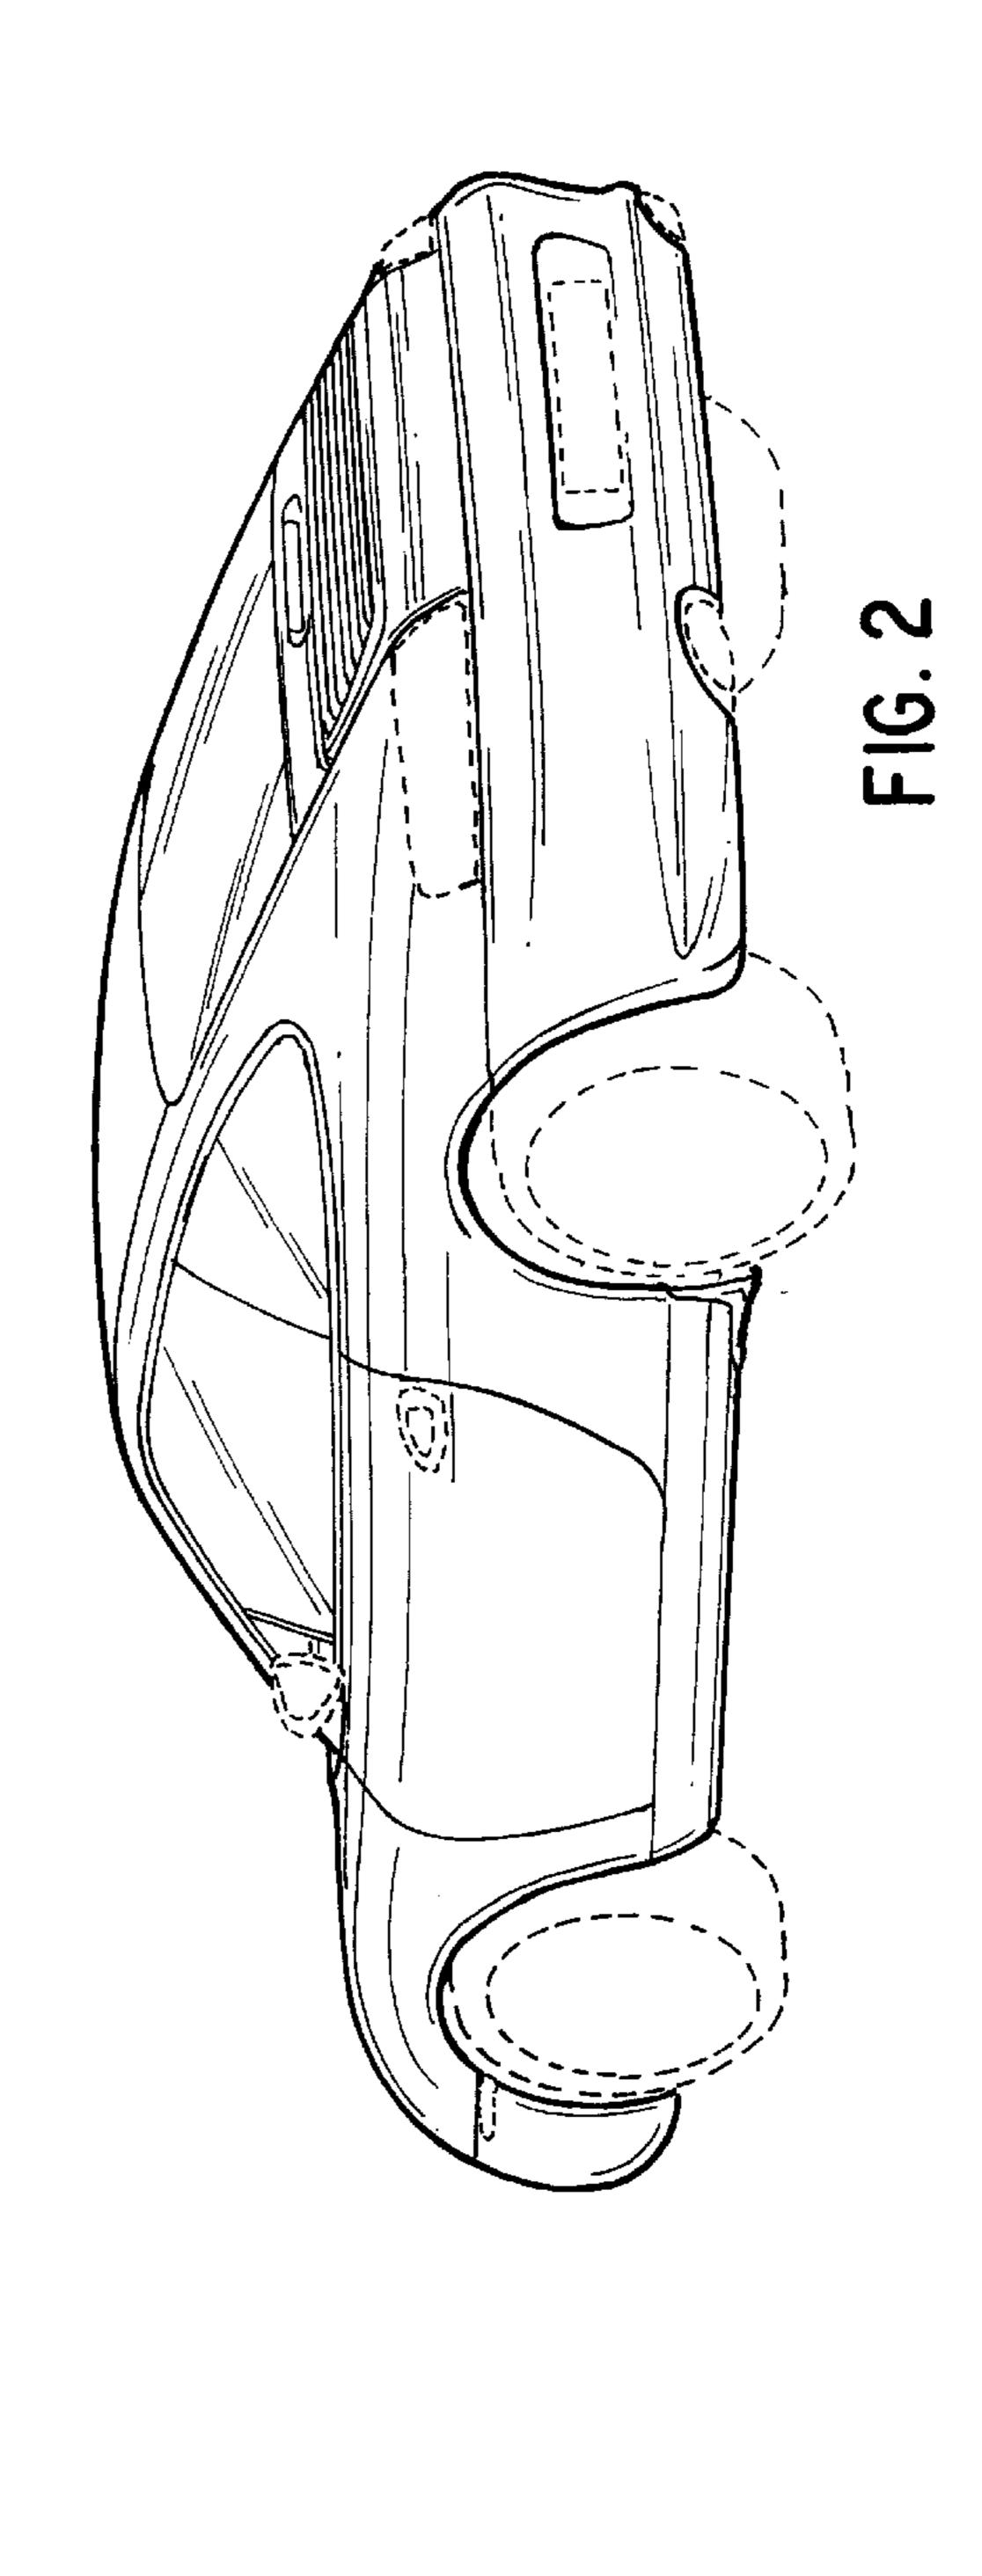

FIG. 7 is a top view of the surface configuration of a vehicle body and/or toy according to our novel design.

The broken lines shown depict environment and are not part of the claimed design.
