(57) **CLAIM**

The ornamental design for a remote control device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a remote control device according to my design;

FIG. 2 is a top view of the remote control device according to my design;

FIG. 3 is a bottom view of the remote control device according to my design;

FIG. 4 is a front view of the remote control device according to my design;

FIG. 5 is a side view of the remote control device according to my design; and,

FIG. 6 is a back view of the remote control device according to my design.

The broken lines are for illustrative purposes only and form no part of the claimed design.

The surfaces of the article not shown in the drawing or described in the specification form no part of the claimed design.
