(57) **CLAIM**

The ornamental design for an aerodynamic golf club shaft,  
as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevation view of a first embodiment of the  
aerodynamic golf club shaft design of the present invention;

FIG. 2 is a partial side elevation view of the design shown  
in FIG. 1 taken at the end of the shaft to which the golf club  
head is attached;

FIG. 3 is an enlarged broken front elevation view of the  
design shown in FIG. 1 illustrating opposite ends of the golf  
club shaft design;

FIG. 4 is a bottom end view of the design shown in FIG. 1;

FIG. 5 is a top end view of the design shown in FIG. 1;

FIG. 6 is a front elevation view of a second embodiment of  
the aerodynamic golf club shaft design of the present  
invention;

FIG. 7 is a partial side elevation of the design shown in FIG.  
6 taken at the end of the golf club shaft to which the golf club  
head is attached;

FIG. 8 is an enlarged broken front elevation view of the  
design shown in FIG. 6 illustrating opposite ends of the  
design;

FIG. 9 is a top view of the design shown in FIG. 6, the  
opposite side being identical;

FIG. 10 is a front elevation view of a third embodiment of  
the aerodynamic golf club shaft design of the present  
invention;

FIG. 11 is a broken partial side elevation view of the design  
shown in FIG. 10;

FIG. 12 is an enlarged broken front elevation view of the  
design shown in FIG. 10;

FIG. 13 is a bottom view of the design shown in FIG. 10;

FIG. 14 is a top view of the design shown in FIG. 10;

FIG. 15 is a side elevation view of the third embodiment of  
the aerodynamic golf club shaft design of the present  
invention;

FIG. 16 is a broken side elevation view of the design shown  
in FIG. 15;

FIG. 17 is an enlarged broken front elevation view of the  
design shown in FIG. 15;

FIG. 18 is a bottom view of the design shown in FIG. 15;  
and,

FIG. 19 is a top view of the design shown in FIG. 15.

The broken line showing of a handle and golf club head is  
for illustrative purposes only and forms no part of the claim  
design.
