(57) **CLAIM**

The ornamental design for a foldable guitar stand, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective open view of the foldable guitar stand of my invention, which is suitable for holding a guitar (not shown) at rest;

FIG. 2 is a front elevational, open view of the foldable guitar stand of my invention;

FIG. 3 is a rear elevational, open view of the foldable guitar stand of my invention, which is a reverse view of FIG. 2;

FIG. 4 is a side open view of the foldable guitar stand of my invention, which is based on FIG. 3, rotated ninety degrees leftwardly about a vertical axis;

FIG. 5 is a side, open view of the foldable guitar stand of my invention, which is a reverse view of FIG. 4;

FIG. 6 is a top plan, open view of the foldable guitar stand of my invention;

FIG. 7 is a top plan, open view of the foldable guitar stand of my invention, which is a reverse view of FIG. 6;

FIG. 8 is a front elevational, closed view of the foldable guitar stand of my invention;

FIG. 9 is a rear elevational, closed view of the foldable guitar stand of my invention, which is a reverse view of FIG. 8;

FIG. 10 is a side closed view of the foldable guitar stand of my invention, which is based on FIG. 9, rotated ninety degrees leftwardly about a vertical axis;

FIG. 11 is a side closed view of the foldable guitar stand of my invention, which is a reverse view of FIG. 10;

FIG. 12 is a bottom plan, closed view of the foldable guitar stand of my invention;

FIG. 13 is a top plan, closed view of the foldable guitar stand of my invention, which is a reverse view of FIG. 12;

FIG. 14 is a top plan, folded view of the foldable guitar stand of my invention;

FIG. 15 is a bottom plan, folded view of the foldable guitar stand of my invention, which is a reverse view of FIG. 14;

FIG. 16 is an end plan, folded view of the foldable guitar stand of my invention;

FIG. 17 is an end plan, folded view of the foldable guitar stand of my invention, which is a reverse view of FIG. 16;

FIG. 18 is a side, folded view of the foldable guitar stand of my invention;

FIG. 19 is a side folded view of the foldable guitar stand of my invention, which is a reverse view of FIG. 18; and,

FIG. 20 is a side exploded view of the foldable guitar stand of my invention, which is a reverse view of FIG. 18.
