(57) **CLAIM**

The ornamental design for a combination halogen table lamp and compact-disc storage rack, as shown and described.

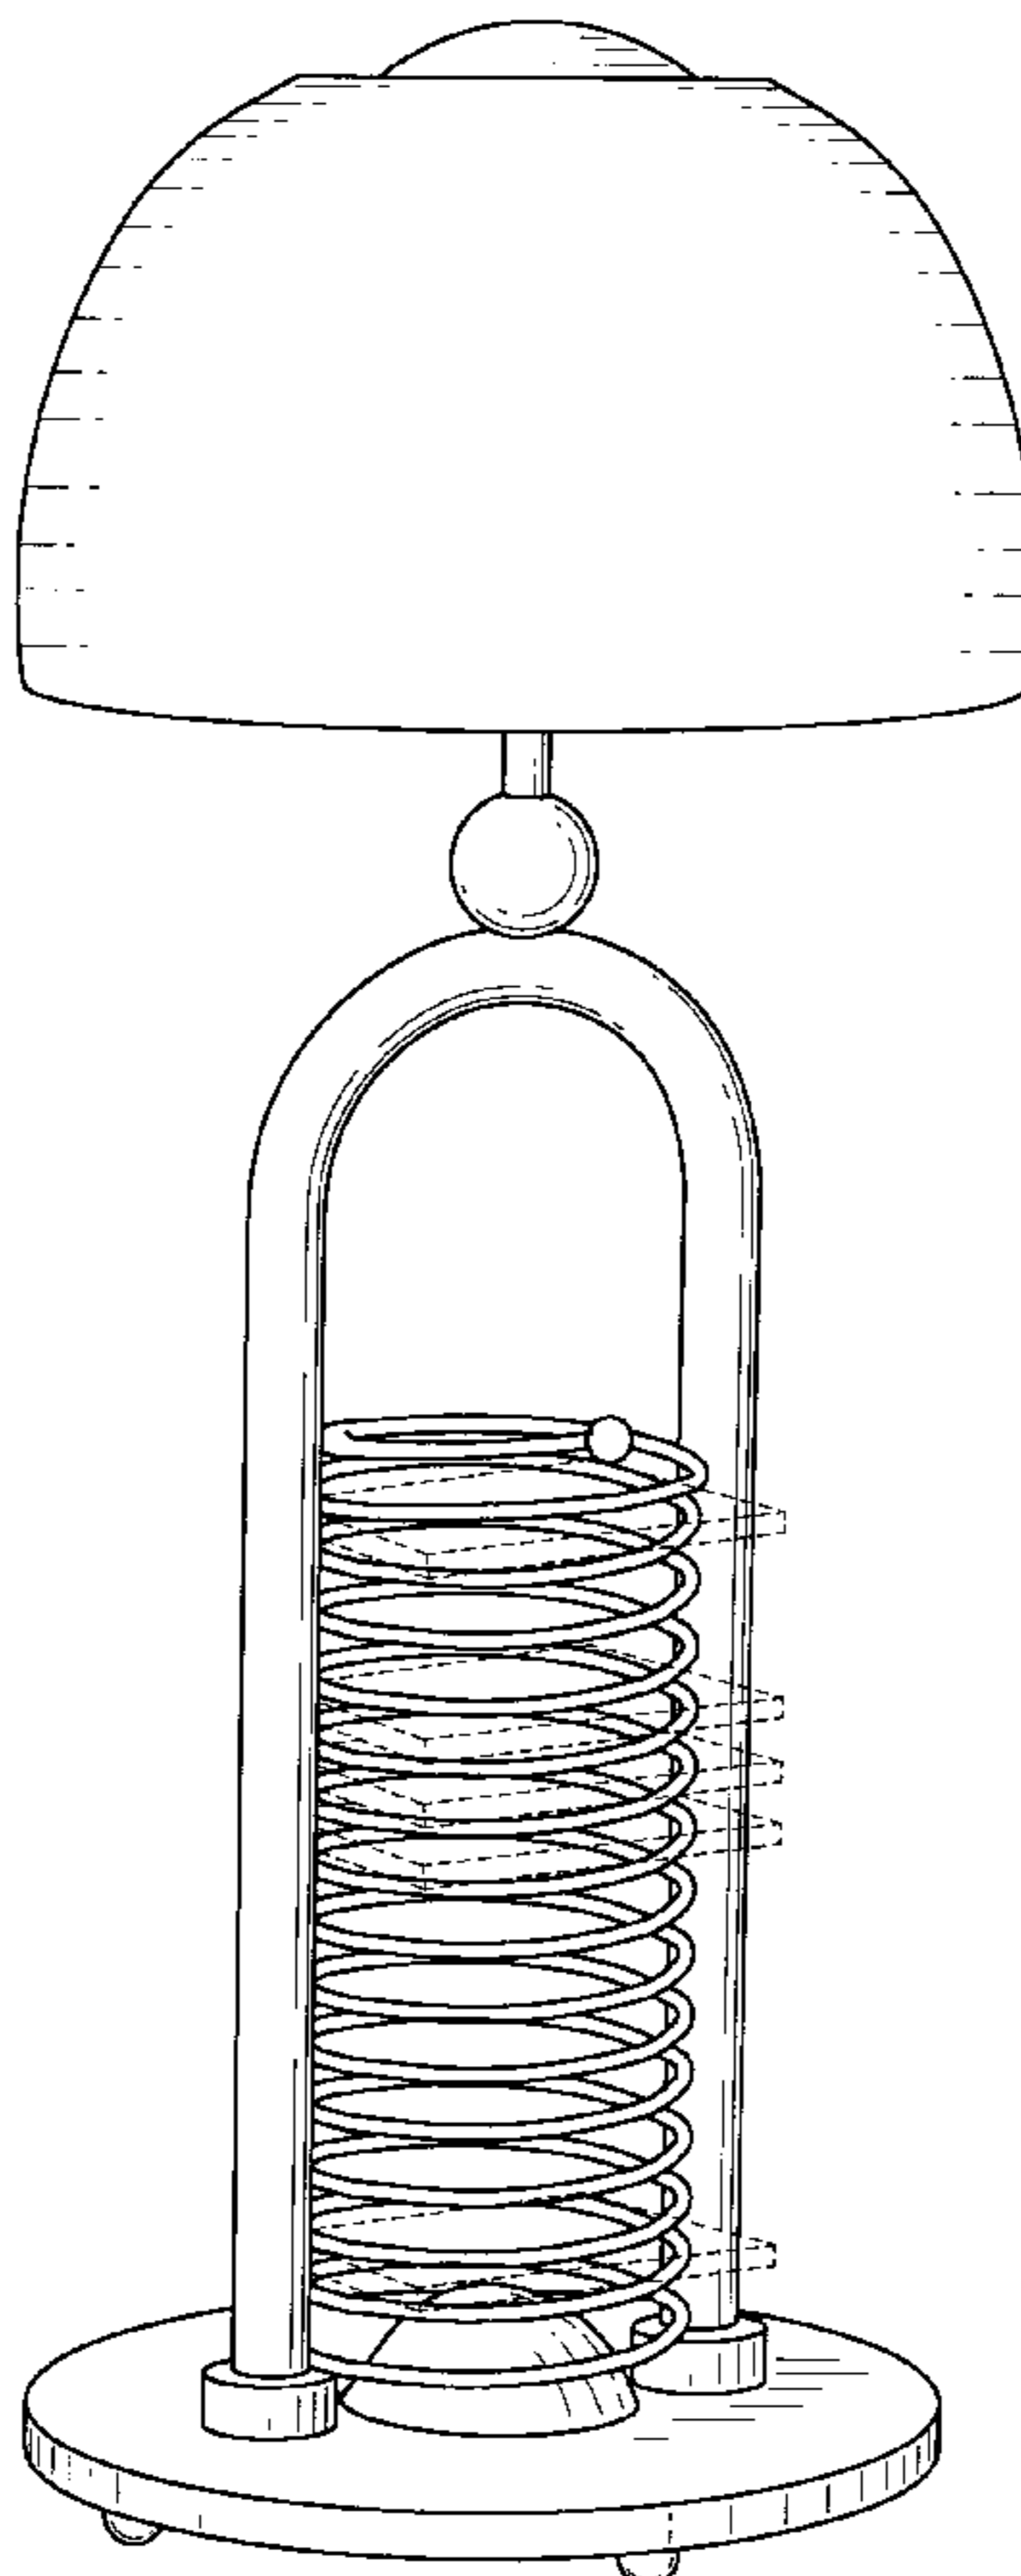

DESCRIPTION

The claimed combination halogen table lamp and compact-disc storage rack is used for lighting and to store compact discs, and could stand on a table.

FIG. 1 is a front elevational view of a combination halogen table lamp and compact-disc storage rack showing my new design, the back elevational view being a mirror image of said front elevational view. The broken line illustration of compact discs forms no part of the claimed design; and,

FIG. 2 is a perspective front view thereof on a reduced scale, the perspective back view being a mirror image of said perspective front view. The broken line illustration of compact discs forms no part of the claimed design.
