(57) **CLAIM**

The ornamental design for a continuous wallpaper border, as shown and described.

DESCRIPTION

The sole FIGURE is a top plan view of a continuous wallpaper border showing my new design. The ends of the wallpaper border are shown broken away to indicate indeterminate length, it being understood that the pattern repeats uniformly throughout the length of the wallpaper border. In the drawings, the broken line showing of labeled portraits is for illustrative purposes only and forms no part of the claimed design.
