(57) **CLAIM**

The ornamental design for a control console, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a right side elevational view of the control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design;

FIG. 3 is a left side elevational view of the control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design;

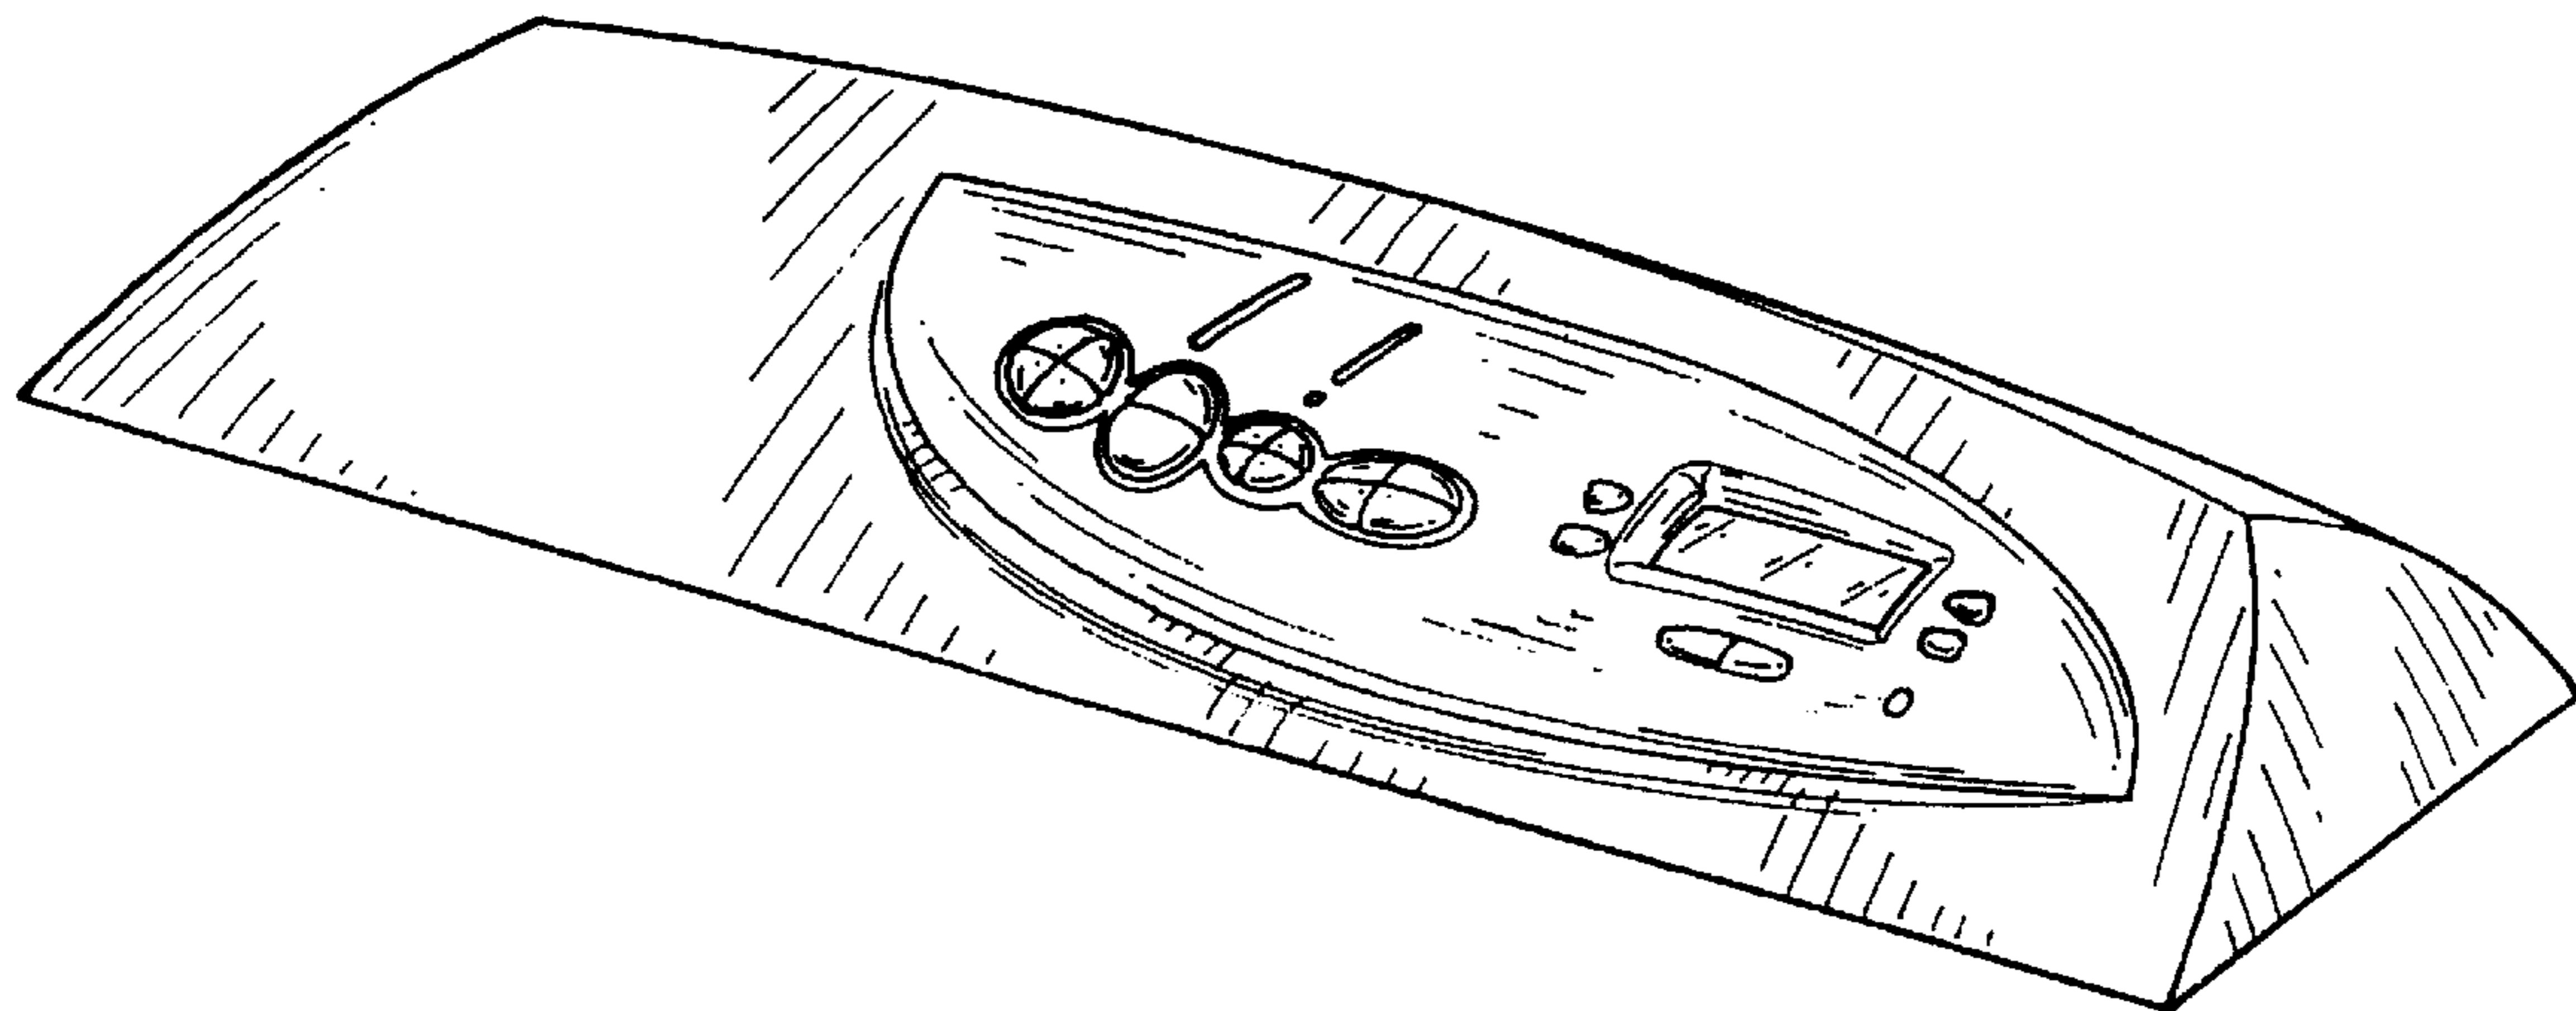

FIG. 4 is a top plan view of the control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design;

FIG. 5 is a rear elevational view of the control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design.

FIG. 6 is a perspective view of the control console showing our new design and showing a laundry appliance in broken line, this broken line element is for illustrative purposes only and forms no part of the claimed design; and,

FIG. 7 is an enlarged perspective view of the control console showing our new design, shown isolated from the laundry appliance shown in FIGS. 1–6.
