(57) **CLAIM**

The ornamental design for a continuous passive motion device, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a continuous passive motion device of our new design.

FIG. 2 is a top plan view of a continuous passive motion device of our new design.

FIG. 3 is a bottom plan view of a continuous passive motion device of our new design.

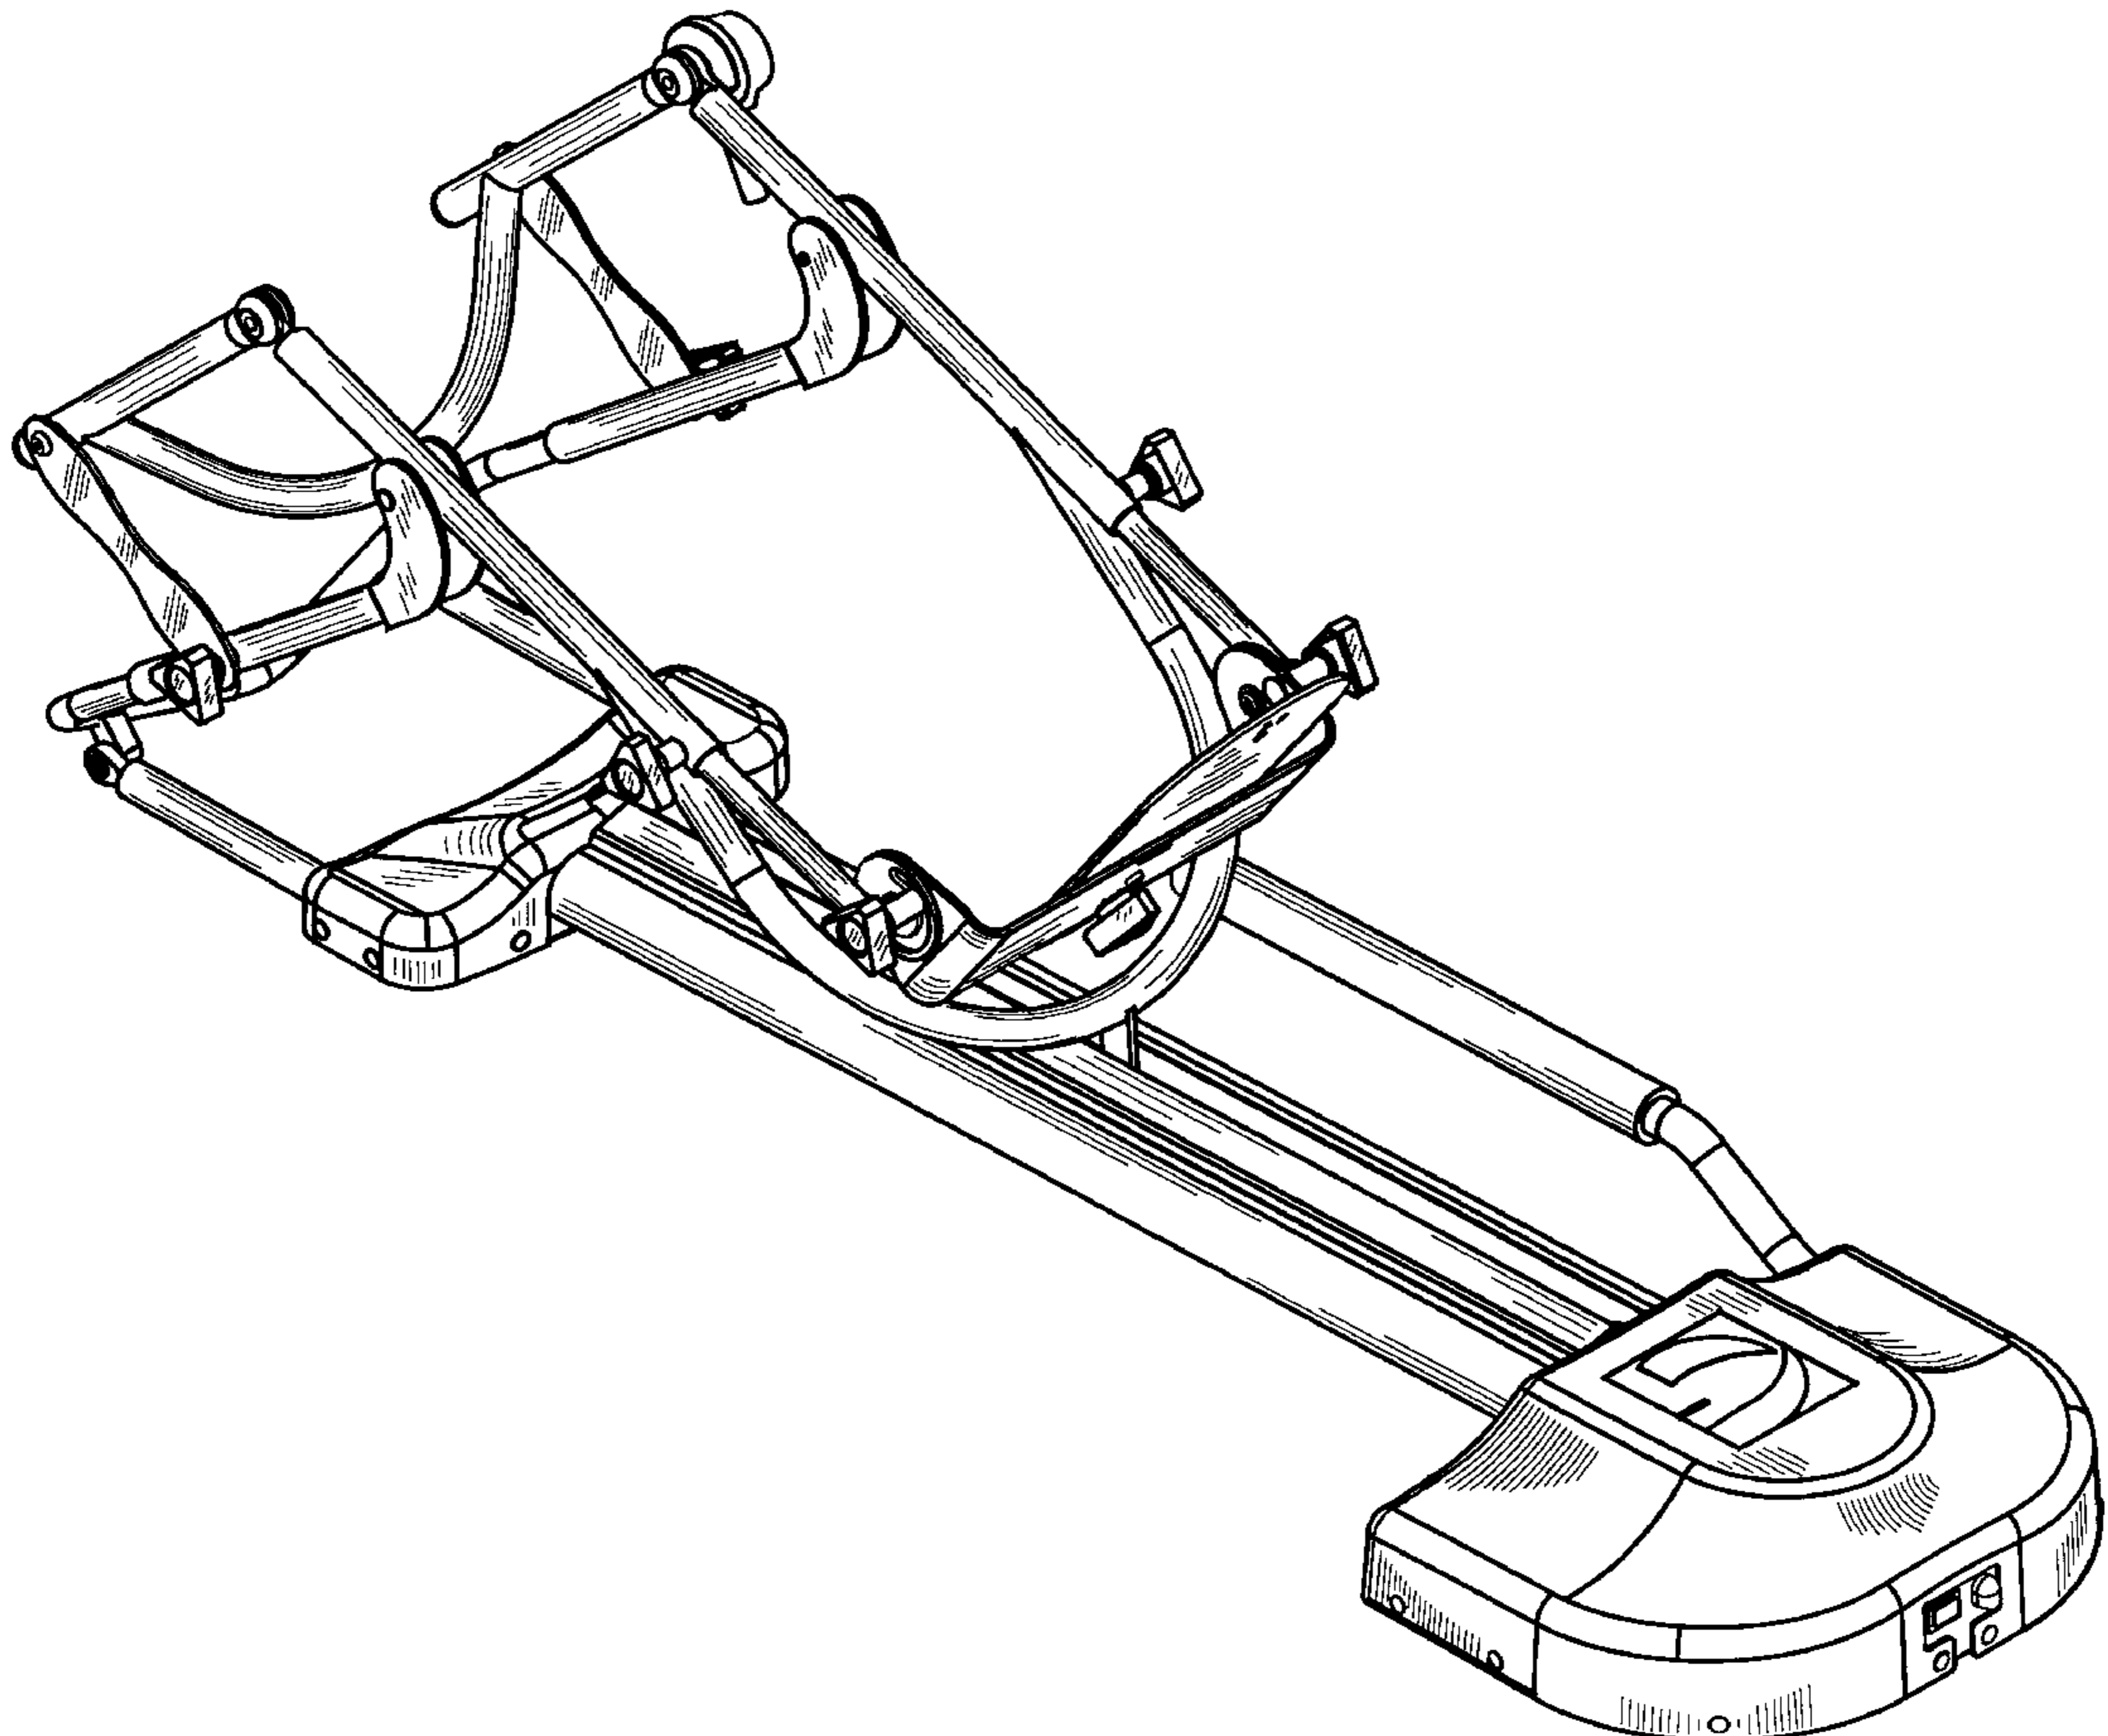

FIG. 4 is a front elevational view of a continuous passive motion device of our new design.

FIG. 5 is a rear elevational view of a continuous passive motion device of our new design.

FIG. 6 is a left side elevational view of a continuous passive motion device of our new design; and,

FIG. 7 is a right side elevational view of a continuous passive motion device of our new design.
