DESCRIPTION

FIG. 1 is a perspective view of the inflatable jumper.
FIG. 2 is a front elevational view of the inflatable jumper
FIG. 3 is a top plan view of the inflatable jumper.
FIG. 4 is a right side elevational view of the inflatable
jumper with the left side elevational view being a mirror
reflection of the right side elevational view.
FIG. 5 is a rear elevational view of the inflatable jumper;
and,
FIG. 6 is a perspective view of yet another embodiment of
the present invention with the basket portion of the balloons
removed.
