(57) **CLAIM**

The ornamental design for pouch for surgical drain tubes, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of the integral pouch and attaching band with the attaching band in an expanded state; FIG. 2 is a rear elevational view of the integral pouch and attaching band;

FIG. 3 is a perspective view showing part of the front of the attaching band and part of the rear of the attaching band and the end view of the pouch on the attaching band;

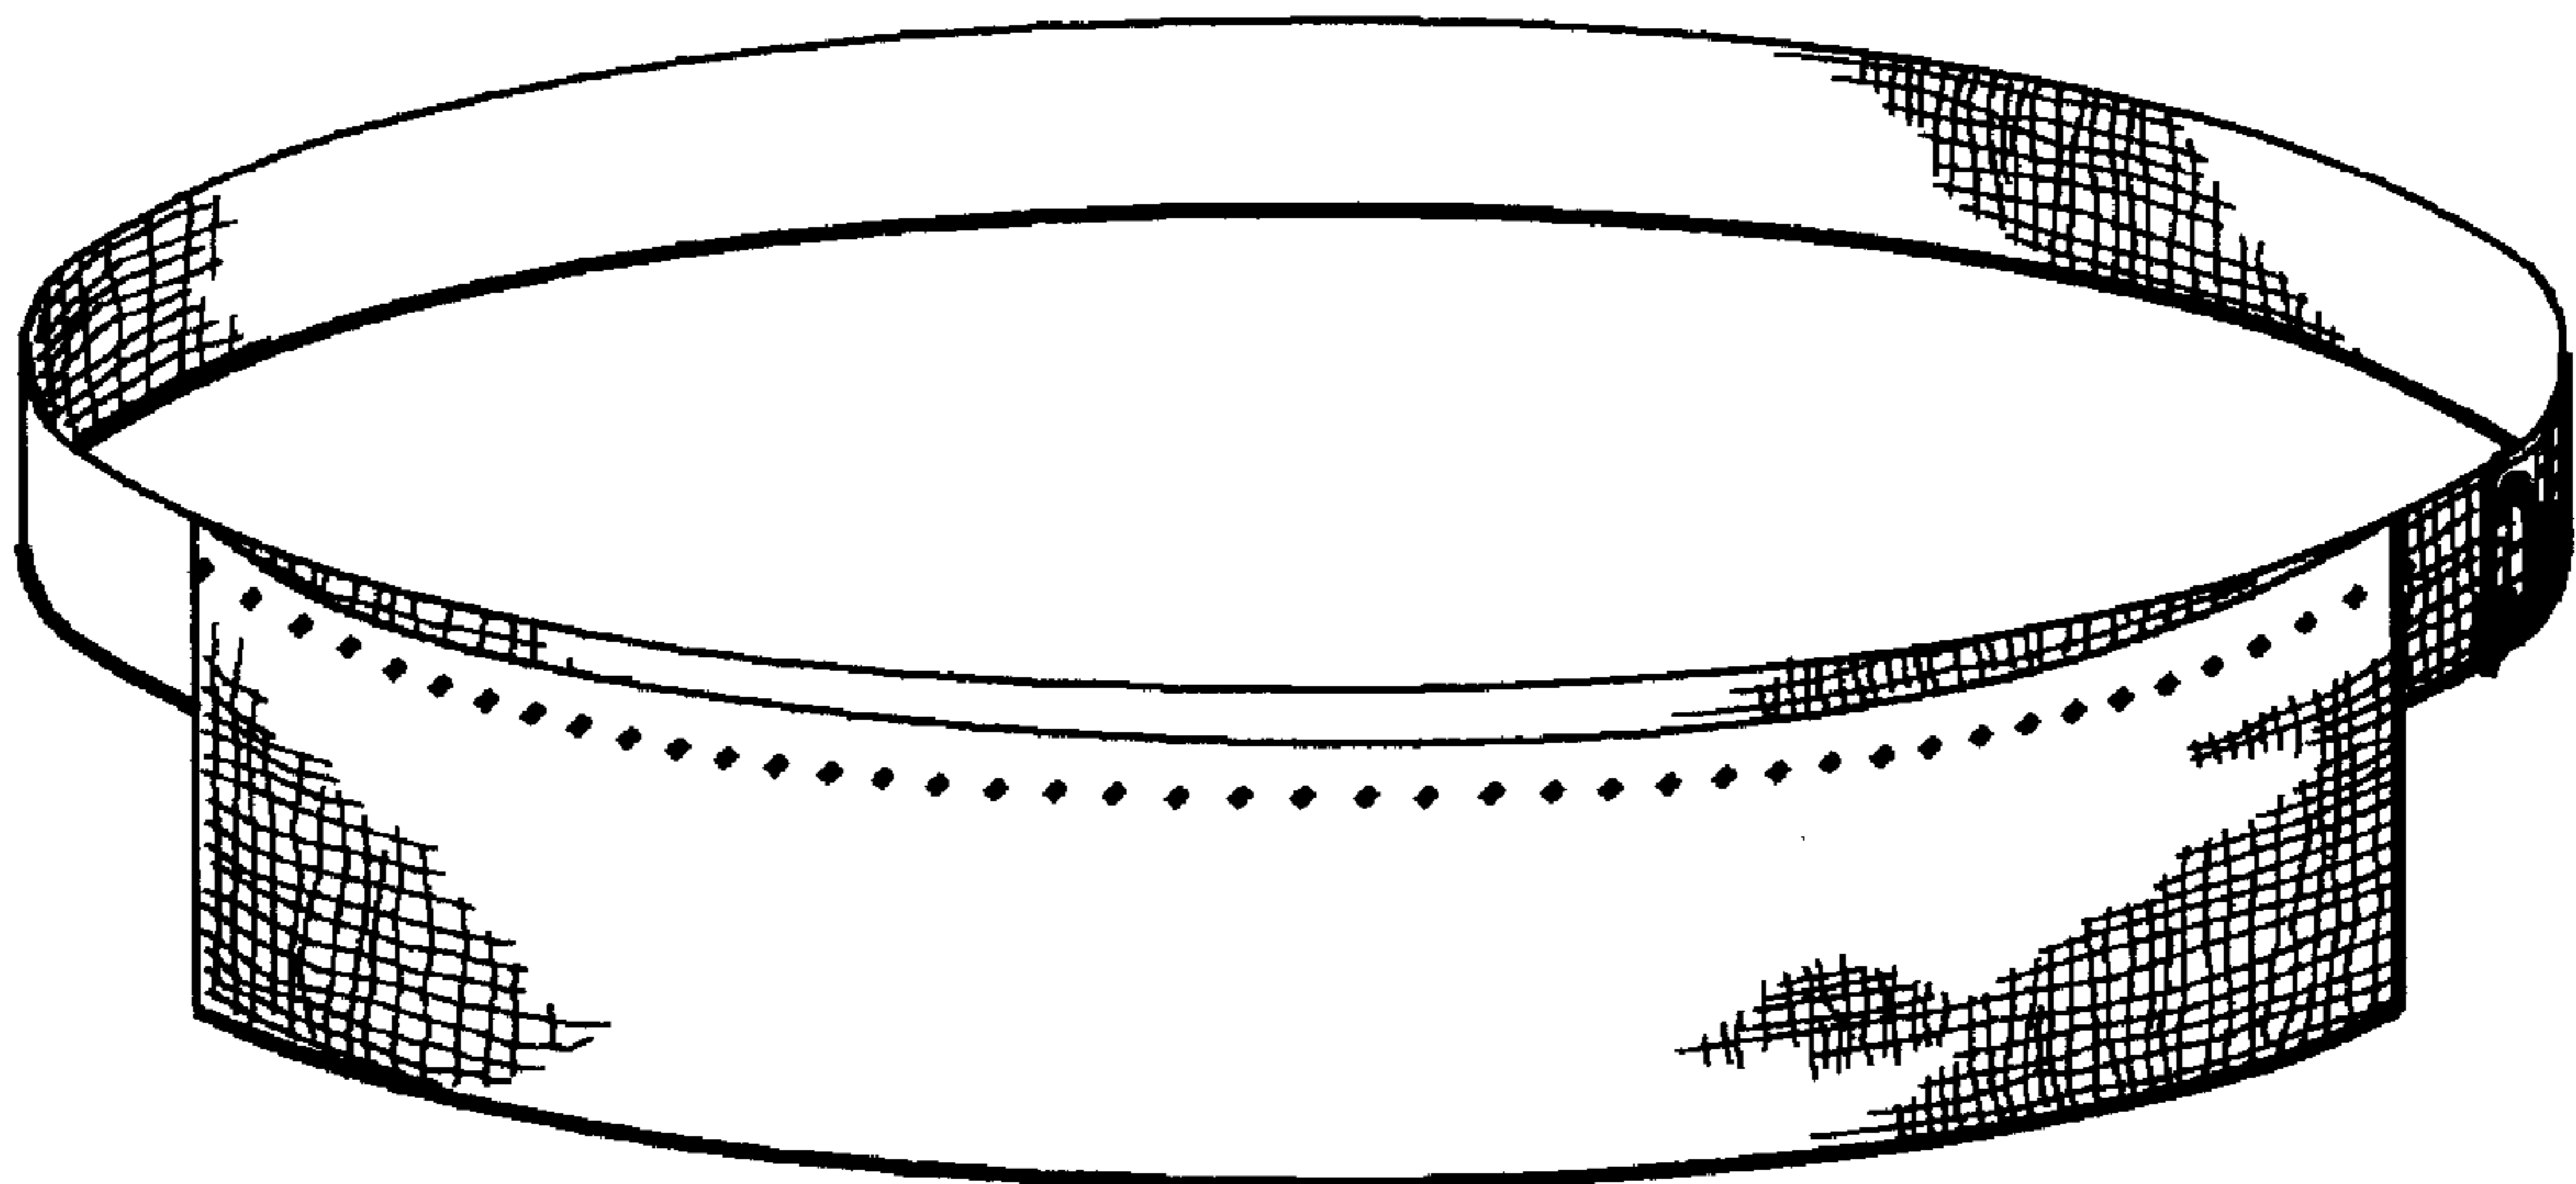

FIG. 4 is a bottom plan view of the integral pouch and attaching band;

FIG. 5 is a top plan view of the integral pouch and attaching band and illustrating the pouch as being open for receiving an object; and,

FIG. 6 is a perspective view looking at the integral pouch and attaching band and with the attaching band forming a loop and overly itself.

The broken line in the drawings indicate stitching.
