(57) **CLAIM**

The ornamental design for a lighting control panel, as shown and described.

DESCRIPTION

FIG. **1** is a top plan view of a first embodiment of a lighting control panel showing our new design;
FIG. **2** is a front elevational view thereof;
FIG. **3** is a bottom plan view thereof;
FIG. **4** is a left side elevational view thereof;
FIG. **5** is a right side elevational view thereof;
FIG. **6** is a bottom, front, and left side perspective view thereof;
FIG. **7** is an enlarged and inverted top, front, and right side perspective view of the pair of buttons of the first embodiment, with the remaining elements omitted for clarity of illustration;
FIG. **8** is an enlarged bottom, front, and left side perspective view of the pair of buttons of the first embodiment;
FIG. **9** is a top plan view of a second embodiment of a lighting control panel showing our new design;
FIG. **10** is a front elevational view thereof;
FIG. **11** is a bottom plan view thereof;
FIG. **12** is a left side elevational view thereof;
FIG. **13** is a right side elevational view thereof;
FIG. **14** is a bottom, front, and left side perspective view thereof;
FIG. **15** is an enlarged and inverted top, front, and right side perspective view of the pair of buttons of the second embodiment, with the remaining elements omitted for clarity of illustration;
FIG. **16** is an enlarged bottom, front, and left side perspective view of the pair of buttons of the second embodiment;
FIG. **17** is a further enlarged front elevational view of the lower of the two buttons common to both embodiments, with the remaining elements omitted for clarity of illustration;
FIG. **18** is a further enlarged left side elevational view of the lower of the two buttons common to both embodiments;
FIG. **19** is a further enlarged right side elevational view of the lower of the two buttons common to both embodiments; and,
FIG. **20** is a further enlarged vertical cross-sectional view of the lower of the two buttons common to both embodiments, taken along the line **20—20** of FIG. **17**.
The broken-line disclosure of various elements in the views is for illustrative purposes only and forms no part of the claimed design.
