CLAIM

The ornamental design for a combined storage and automatic retrieval apparatus for recorded media, as shown and described.

DESCRIPTION

The nature and intended use of the article being an ornamental design for a storage tower for recorded media which has automated search and retrieval system.

FIG. 1 is a front elevational view of the combined storage and automatic retrieval apparatus for recorded media of the present invention;

FIG. 2 is a rear elevational view of the combined storage and automatic retrieval apparatus for recorded media of FIG. 1;

FIG. 3 is a left side elevational view of the combined storage and automatic retrieval apparatus for recorded media of FIG. 1;

FIG. 4 is a right side elevational view of the combined storage and automatic retrieval apparatus for recorded media of FIG. 1;

FIG. 5 is a top plan view of the combined storage and automatic retrieval apparatus for recorded media of FIG. 1; and,

FIG. 6 is a bottom plan view of the combined storage and automatic retrieval apparatus for recorded media of FIG. 1.
