CLAIM (57)

The ornamental design for a surface configuration of a vehicle body and/or toy, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from the front left of a surface configuration of a vehicle body and/or toy according to my novel design, the perspective view from the front right being mirror symmetrical;

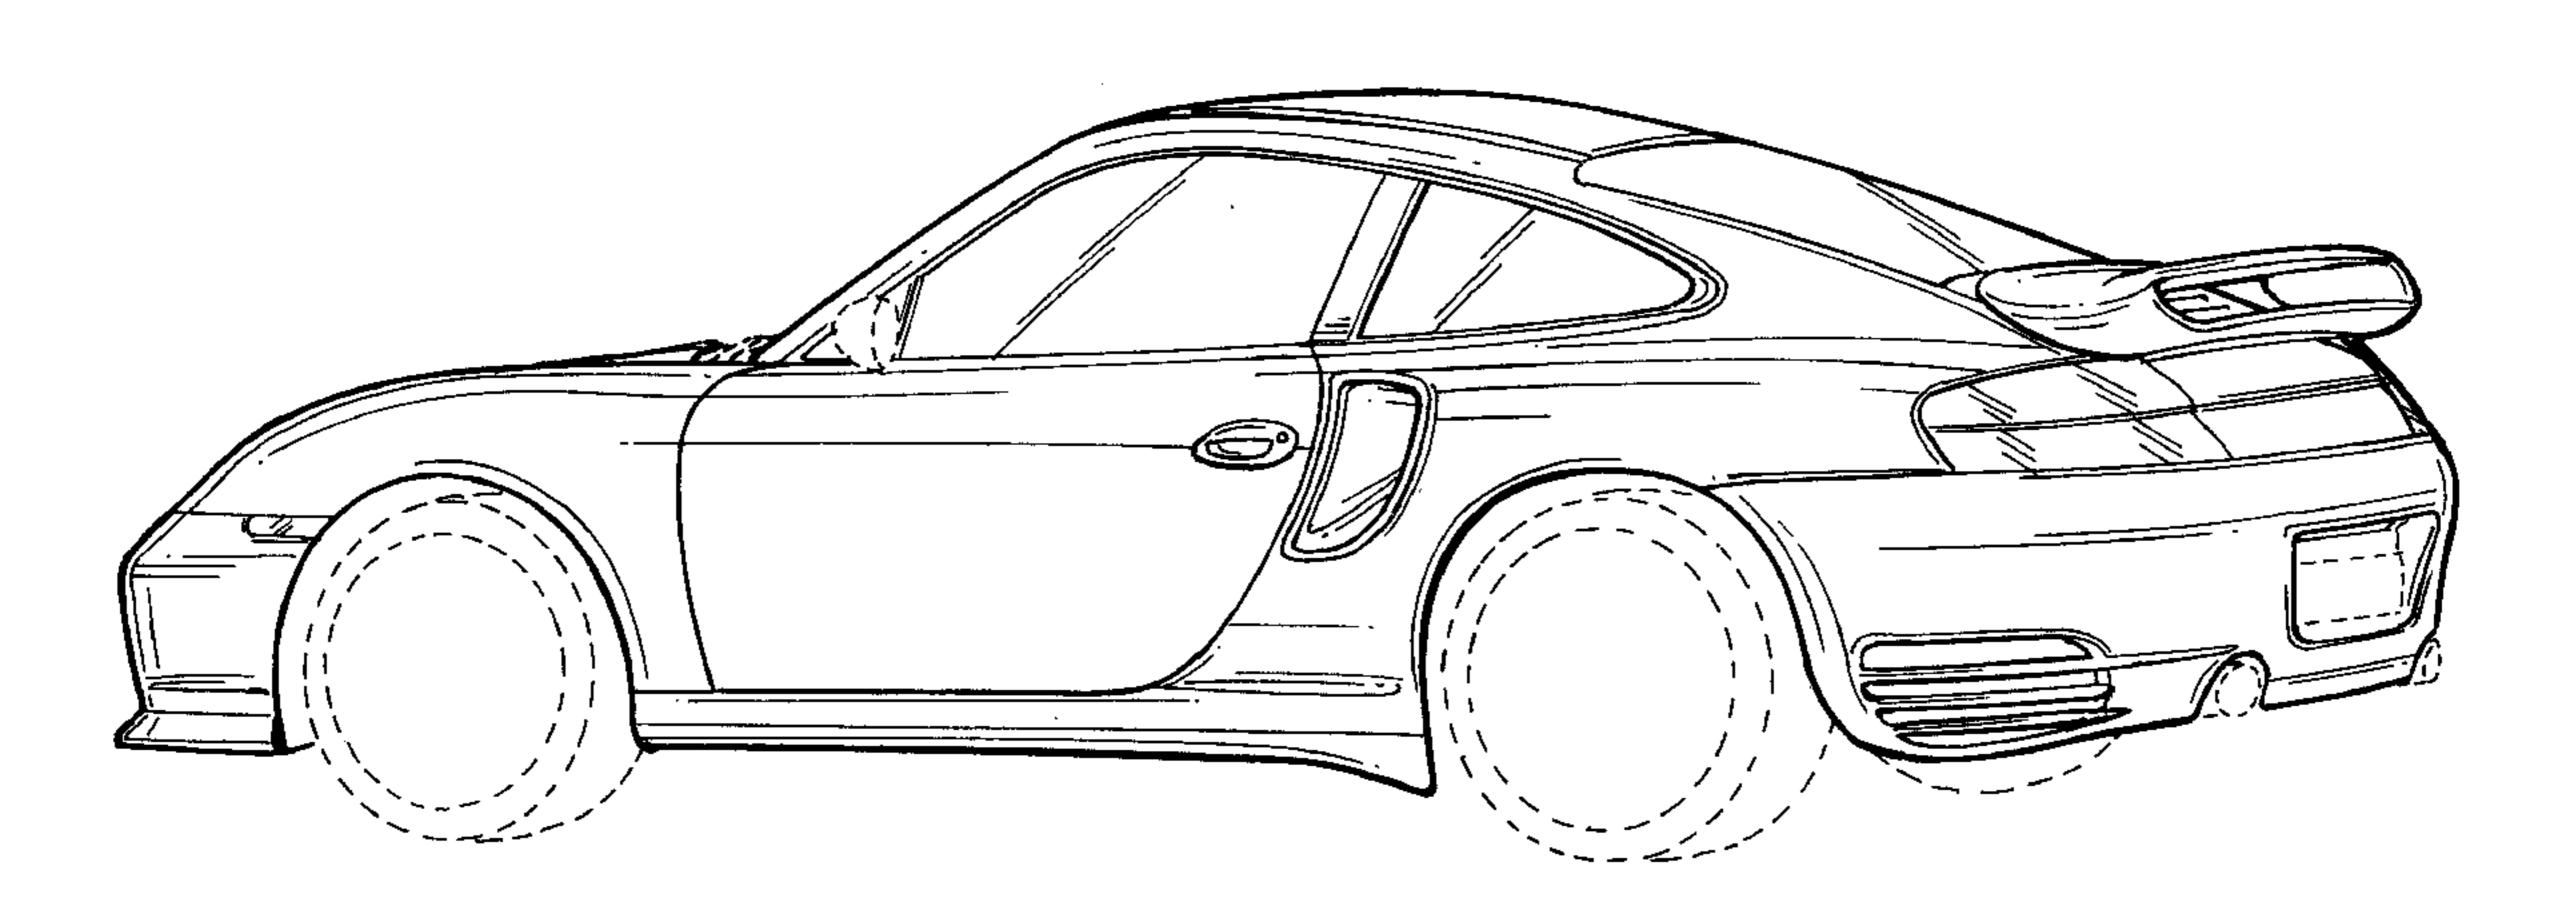

FIG. 2 is a perspective view from the rear left of the surface configuration of a vehicle body and/or toy according to my novel design, the perspective view from the rear right being mirror symmetrical;

FIG. 3 is a view from the left side of the surface configuration of a vehicle body and/or toy according to my novel design, the view from the right side being mirror symmetrical;

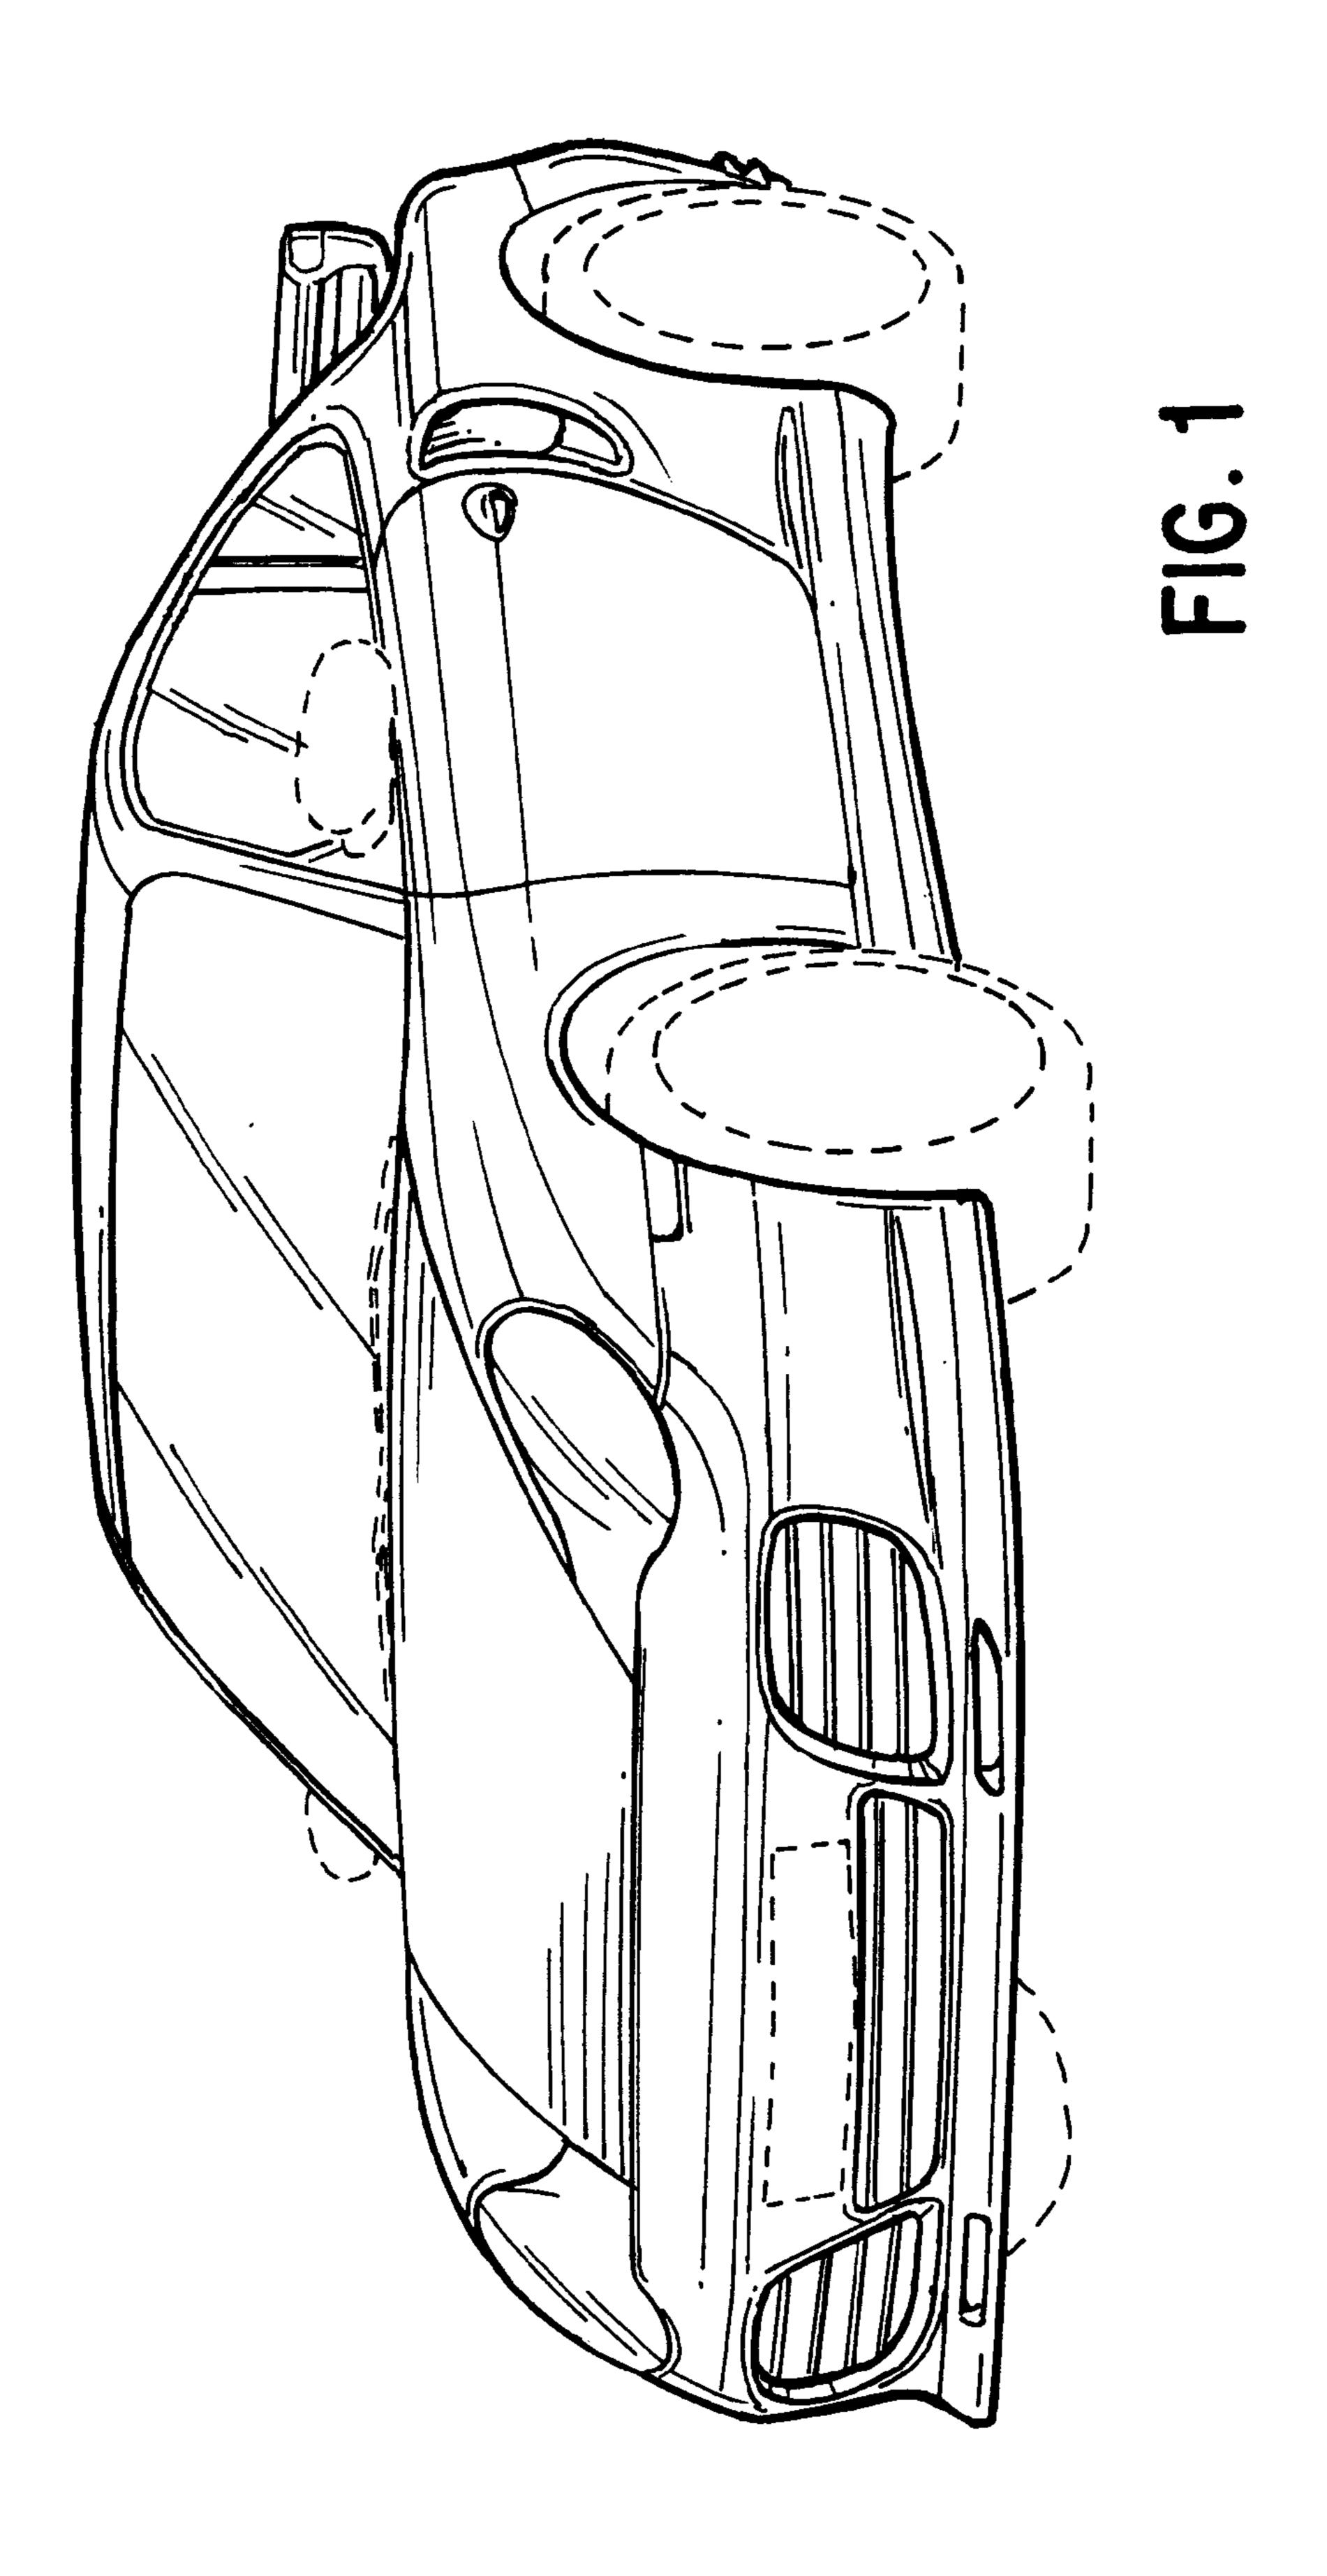

FIG. 4 is a front view of the surface configuration of a vehicle body and/or toy according to my novel design; and, FIG. 5 is a rear view of the surface configuration of a vehicle body and/or toy according to my novel design.

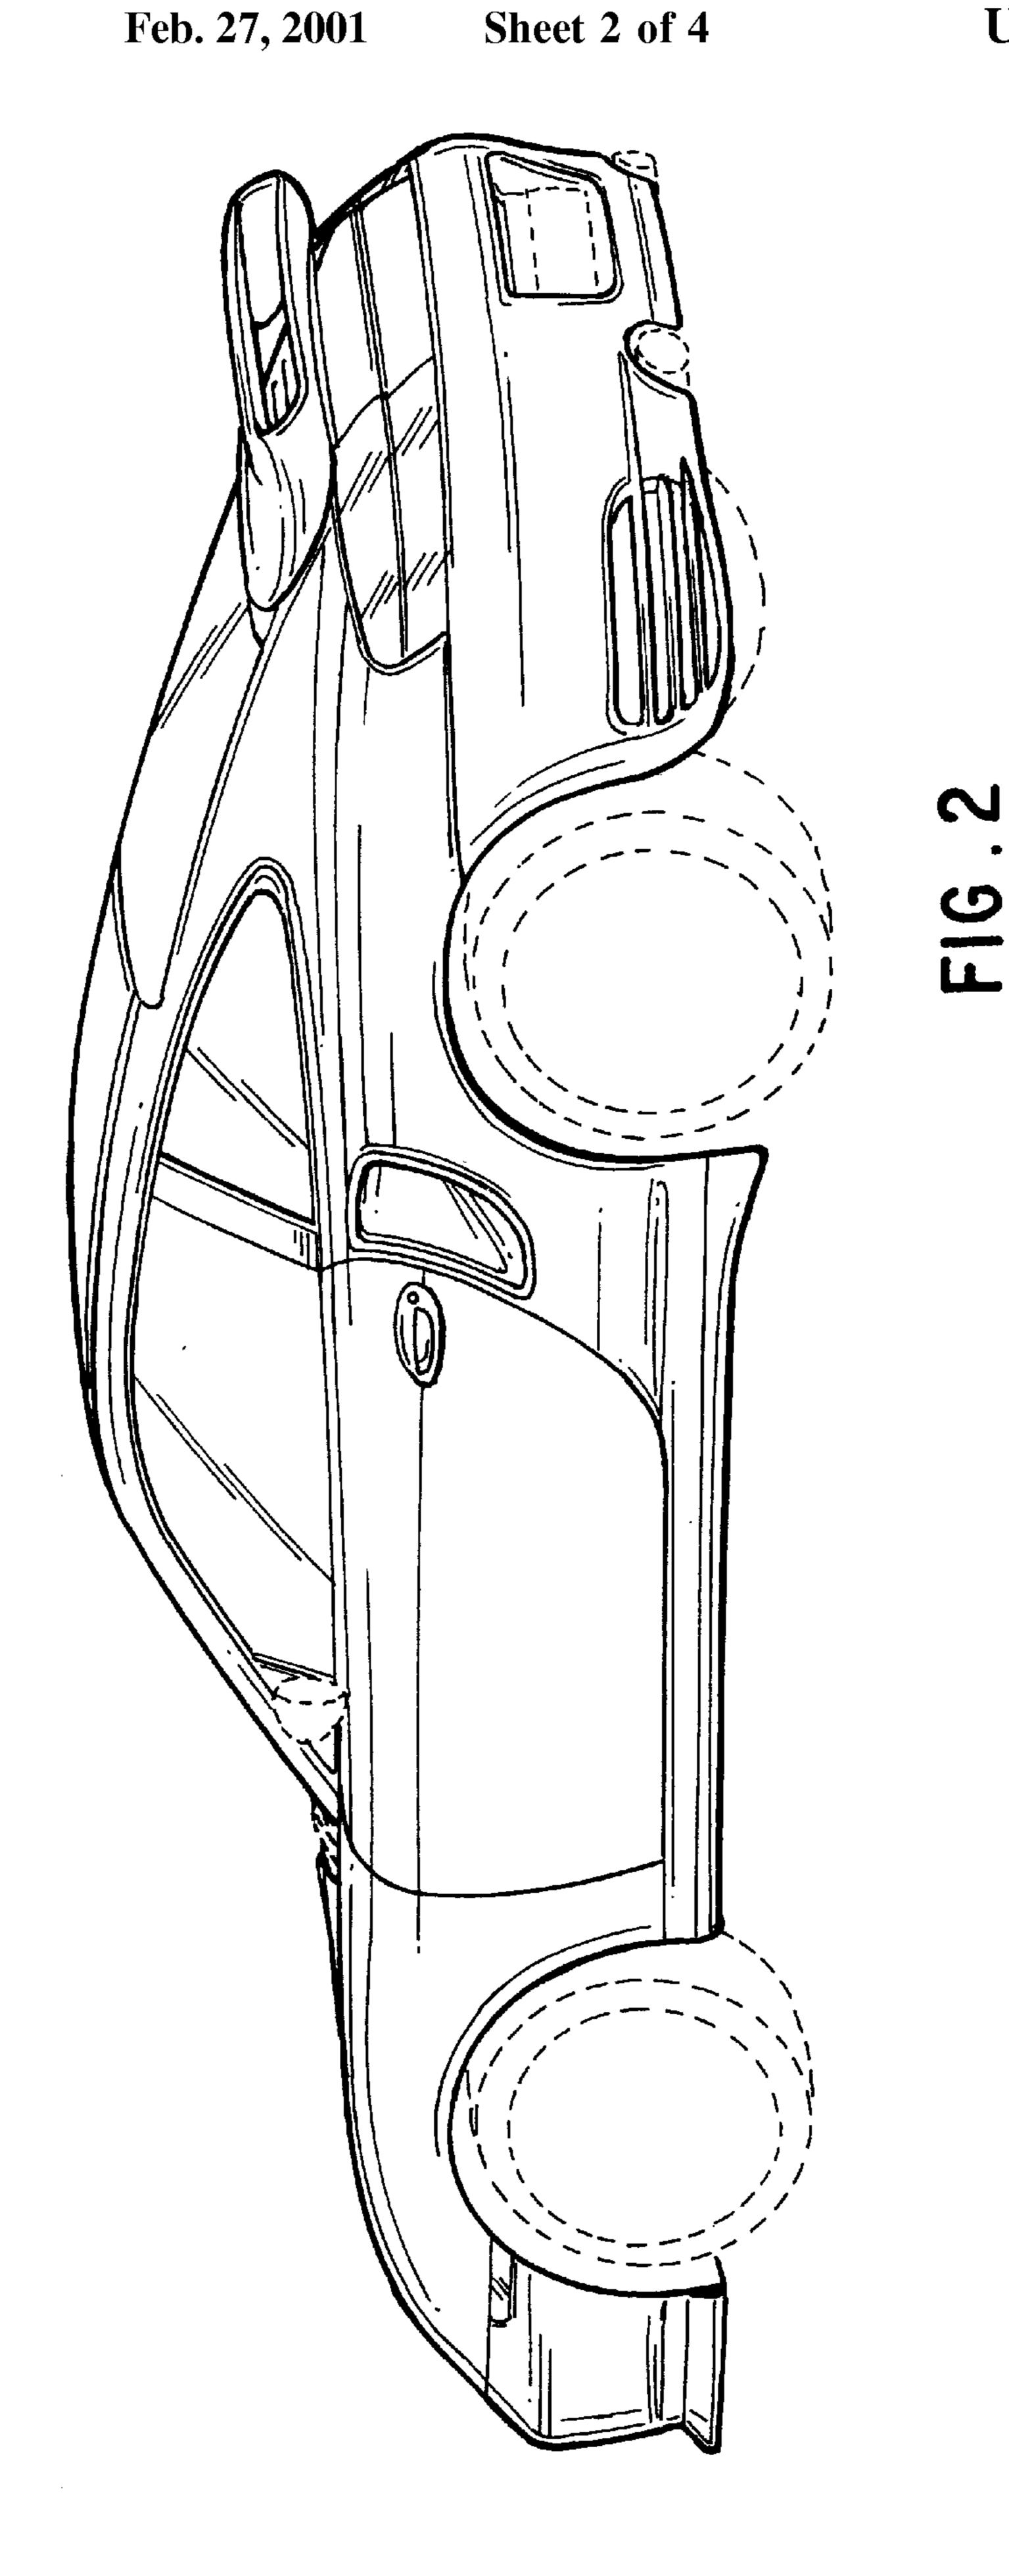

The broken lines included depict environment and are not part of the claimed design.
