The ornamental design for a safety harness for restraining a child in a car carrier, as shown and described.

**DESCRIPTION**

The claimed harness/restraint system for a child car carrier is used for protecting and transporting children and can be used in association with any vehicle.

FIG. 1 is a front elevation view of the preferred design of a safety harness for restraining a child in a car carrier showing my new design;

FIG. 2 is a rear elevation view thereof;

FIG. 3 is the left side elevation view thereof; and,

FIG. 4 is the right side elevation view thereof.

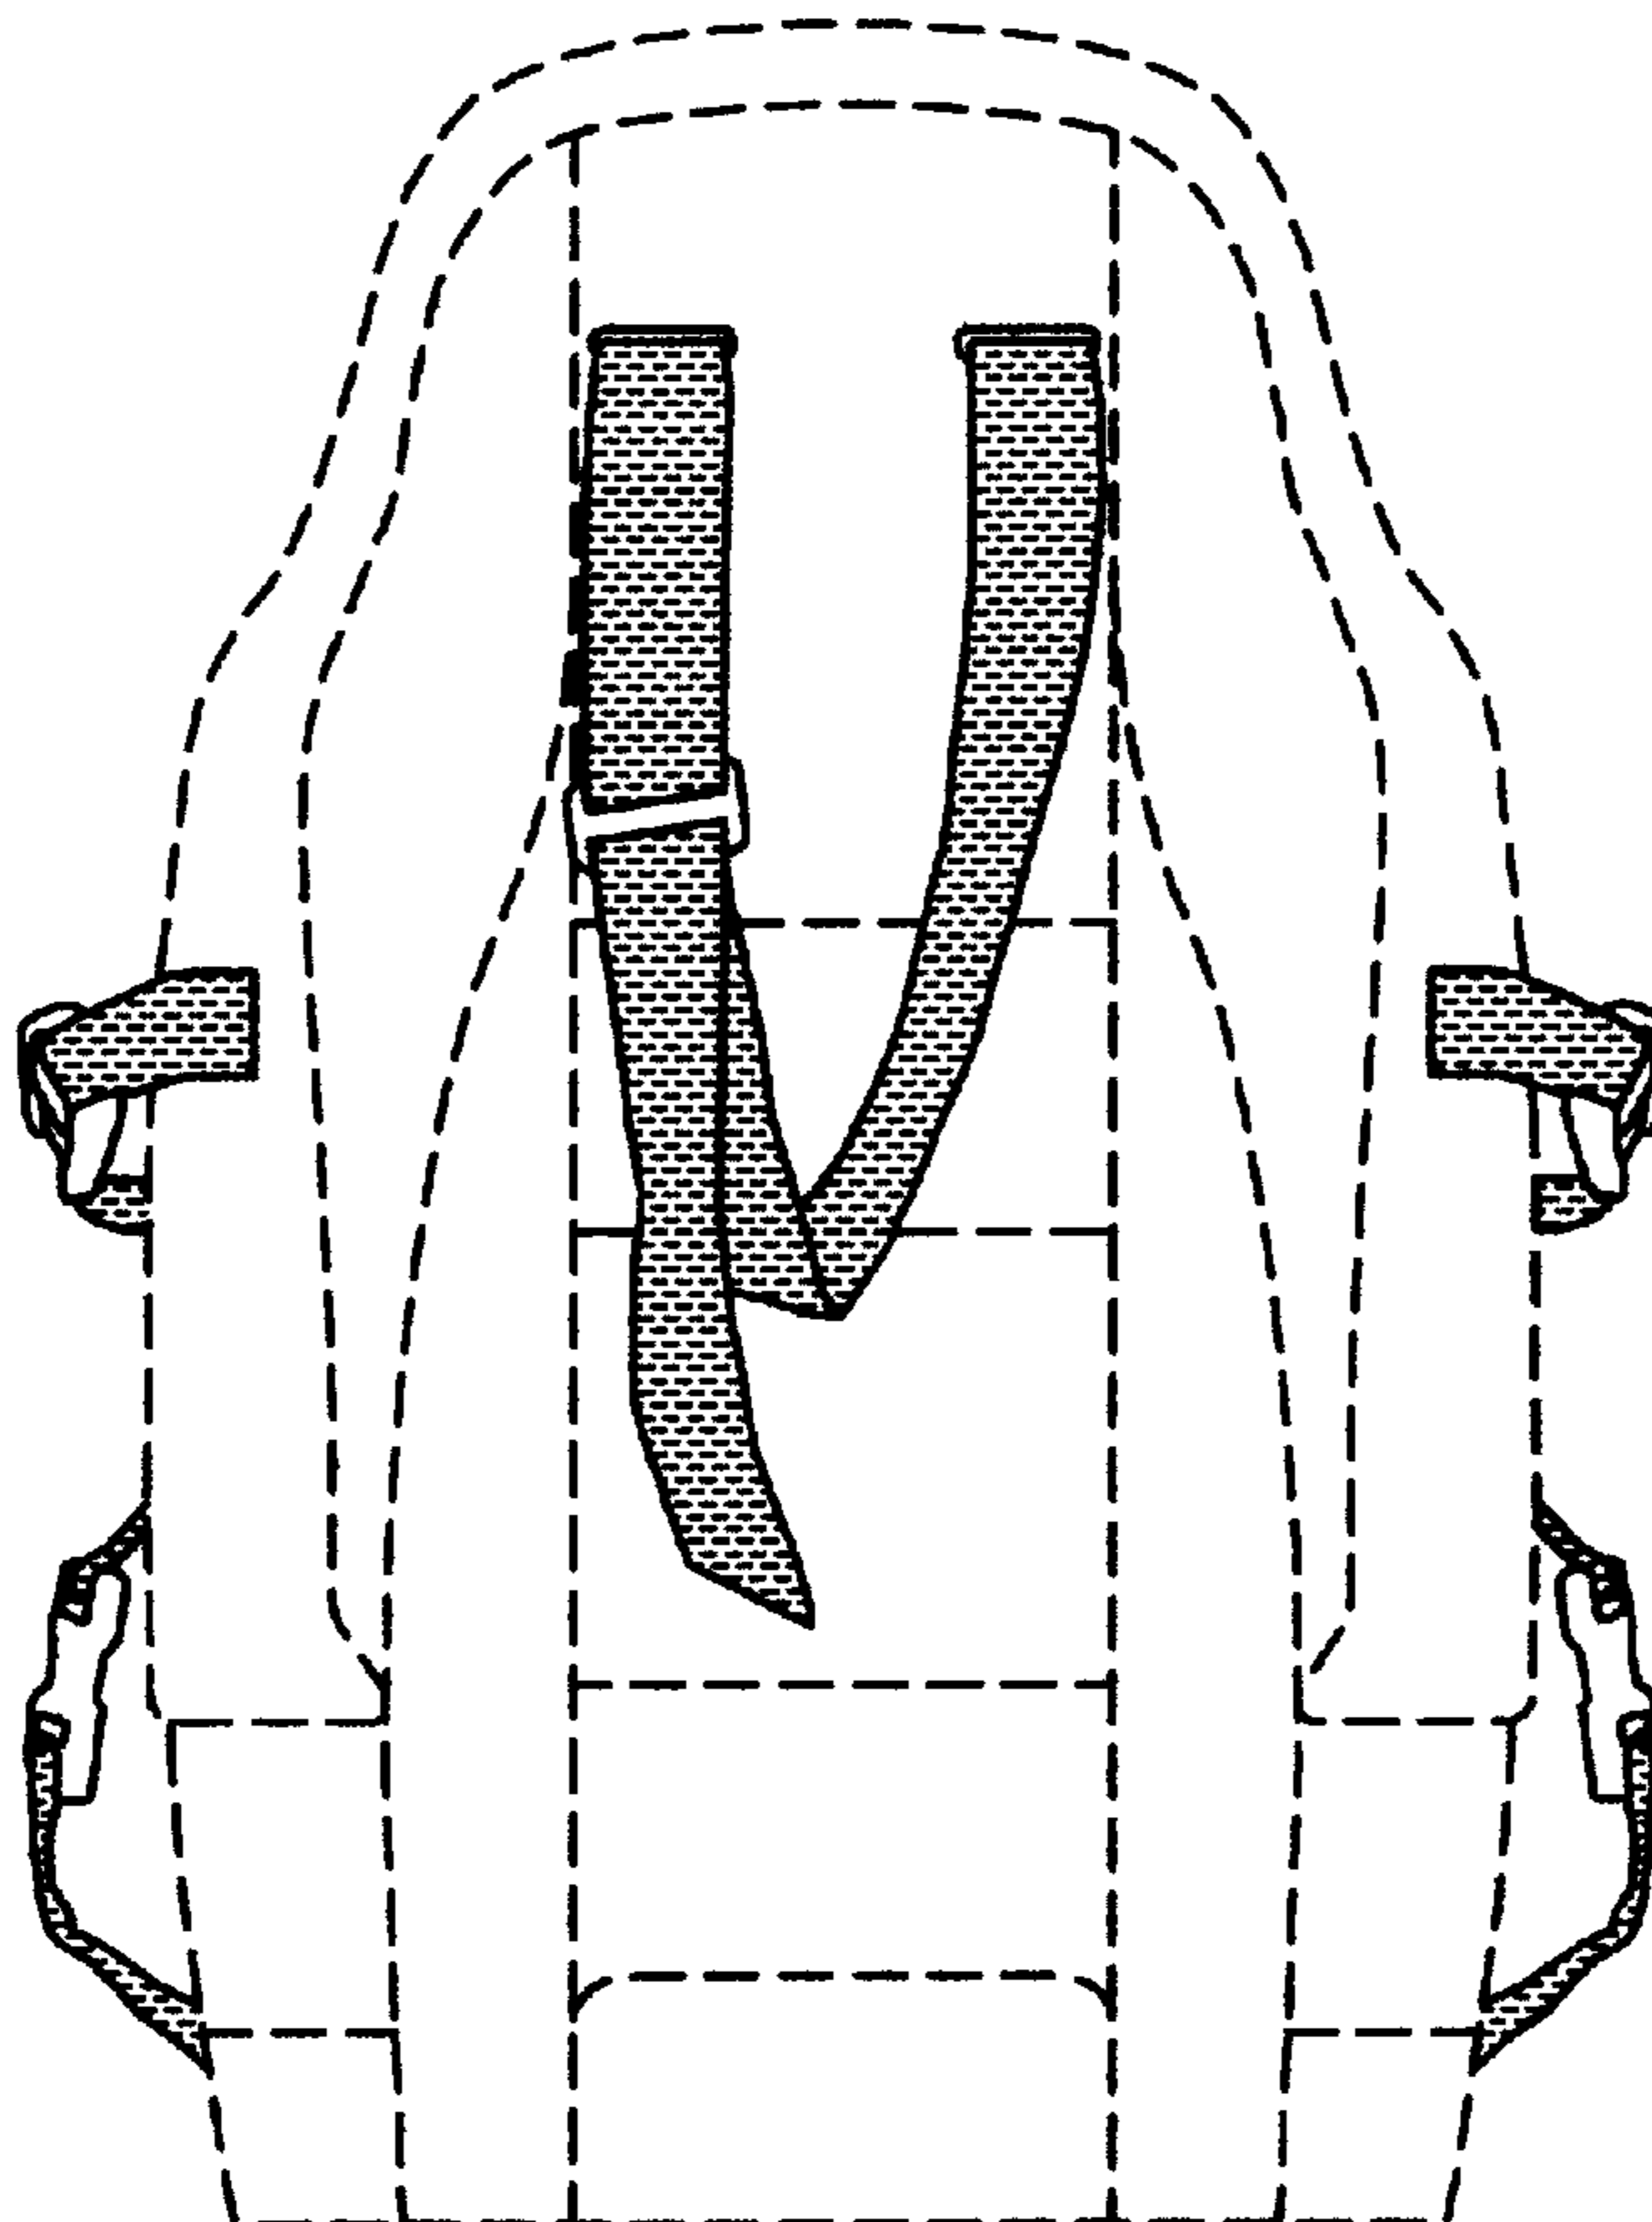

The broken line showing of a child car seat is for illustrative purposes only and forms no part of the claimed design.
