(57) **CLAIM**

The ornamental design for a locking rod device, as shown
and described.

DESCRIPTION

FIG. 1 is an end perspective view of a locking rod device
showing the new design;
FIG. 2 is an opposite end perspective view thereof;
FIG. 3 is a front elevational view thereof, the rear elevational
view is a mirror image; and,
FIG. 4 is a front elevational view of the locking rod device
shown in an open position, with the locking rod device's
ring and keys shown in broken lines for illustrative purposes
only so that it forms no part of the claimed design, the rear
elevational view is a mirror image.
