(57) **CLAIM**

The ornamental design for truss style trolley beam for a fall protection system, as shown and described.

DESCRIPTION

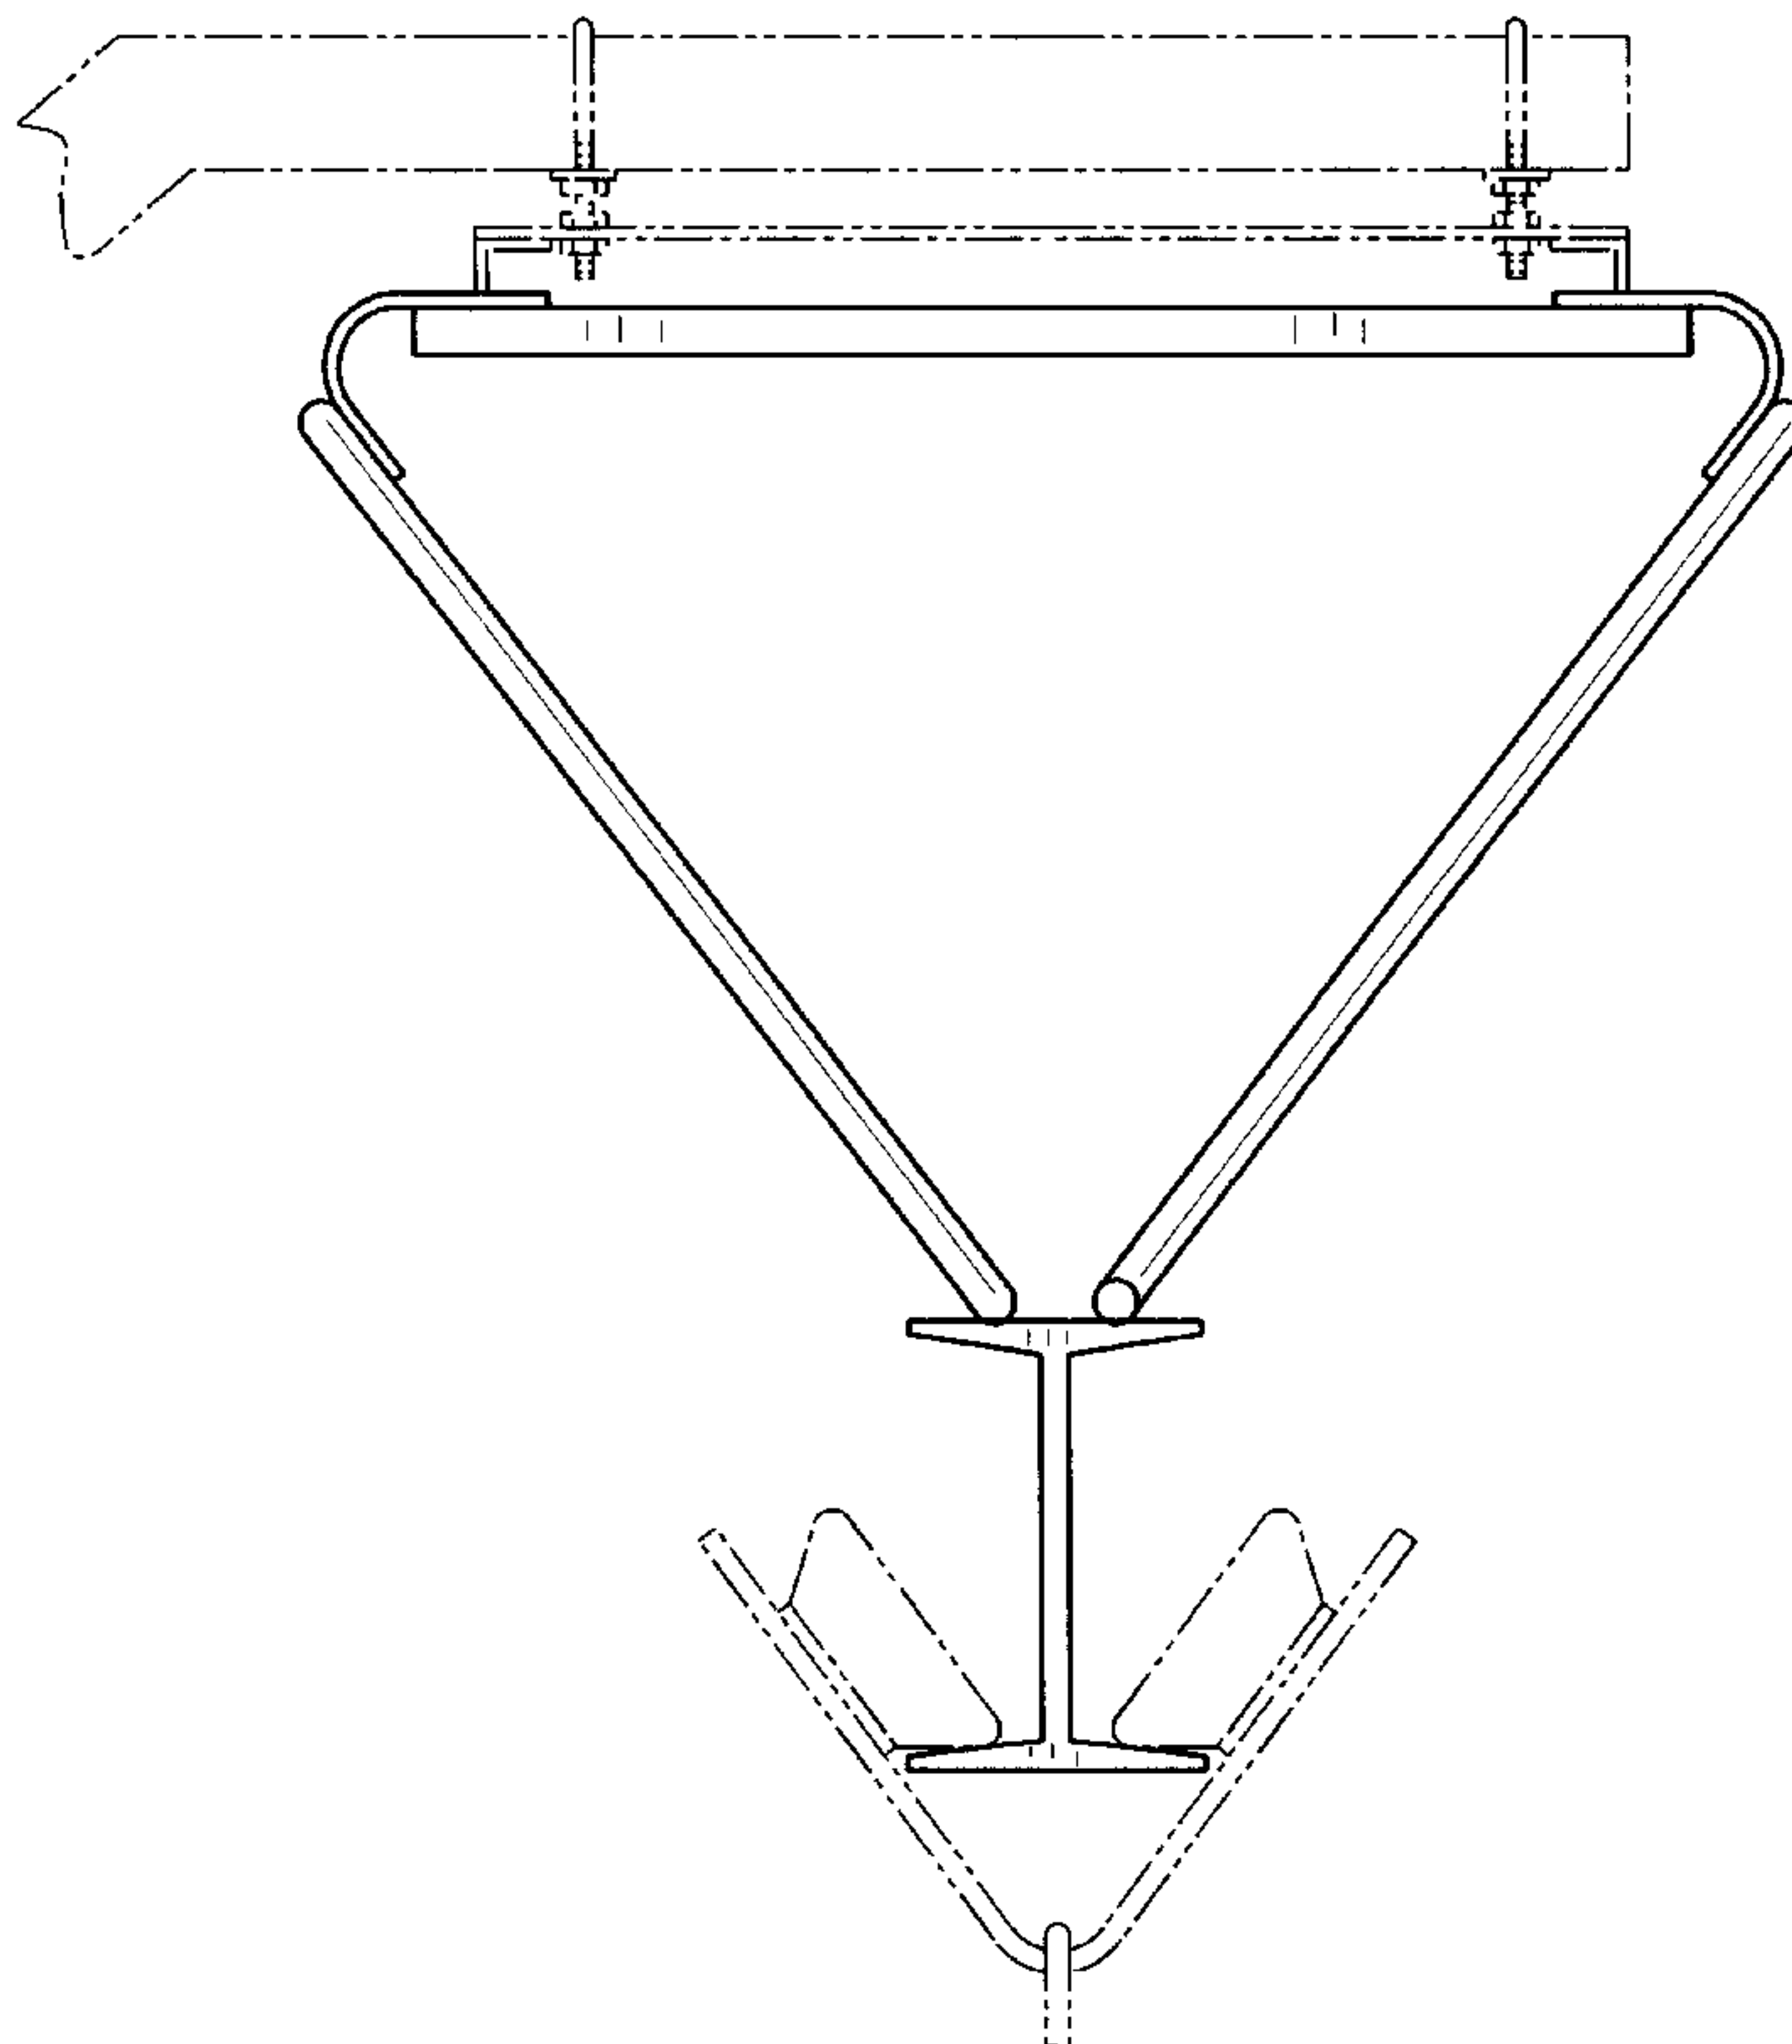

FIG. 1 is an end elevational view of the truss style trolley beam of the present invention, the end views being identical; FIG. 2 is a top plan view of a portion of the length of the truss style trolley beam;

FIG. 3 is a side elevational view of a portion of the length of the truss style trolley beam, the two side elevational views being identical; and,

FIG. 4 is a bottom plan view of a portion of the length of the truss style trolley beam.

The elements shown in broken line in FIGS. 1–4 are for illustrative only and form no part of the claimed design.
