(57) **CLAIM**

The ornamental design for a enhanced visibility safety garment, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a enhanced visibility safety garment of my new design, in a closed position as worn, with snaps and a front closure zipper being shown in phantom lines for illustrative purposes and forming no part of the claimed design;

FIG. 2 is a rear perspective view thereof;

FIG. 3 is right side elevational view thereof, the left side being a mirror image of that shown;

FIG. 4 is a top plan view thereof, in a flat opened condition; and,

FIG. 5 is a bottom plan view thereof in the condition of FIG. 4.

The additional broken lines shown in FIG. 5 are understood to represent stitching. The fragmentary criss-cross pattern shown in the drawing is understood to represent fabric and is repeated uniformly throughout the areas shown.
