(57) **CLAIM**

The ornamental design for the surface ornamentation for a pair of tool handles, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the surface ornamentation of a pair of tool handles showing my new design, the rear being a mirror image thereof.

FIG. 2 is an elevational view of the back of one of the tool handles of FIG. 1, the elevation view of the back of the other tool handle being the same.

FIG. 3 is a front view of a second embodiment of the surface ornamentation of a pair of tool handles, the rear being a mirror image thereof.

FIG. 4 is an elevational view of the back of one of the tool handles of FIG. 3, the elevation view of the back of the other tool handle being the same.

FIG. 5 is a front view of another embodiment of the surface ornamentation of a pair of tool handles, the rear being a mirror image thereof; and,

FIG. 6 is an elevational view of the back of one of the handles of FIG. 5, the elevational view of the back of the other handle being the same.

The broken line showing of the tool is for illustrative purposes only and forms no part of the claimed design.
