(57) **CLAIM**

The ornamental design for a dishwasher split control console, as shown and described.

DESCRIPTION

FIG. 1 is a right perspective view of a dishwasher split control console having a control element on a front surface and a control panel on a top surface showing our new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a right side elevational view thereof, the left side elevational view being a mirror image thereof; FIG. 4 is a top plan view thereof; and, FIG. 5 is a bottom plan view thereof. The broken lines shown in FIG. 1 are for environment and form no part of the claimed design.
