(57) **CLAIM**

The ornamental design for a post element, as shown and described.

DESCRIPTION

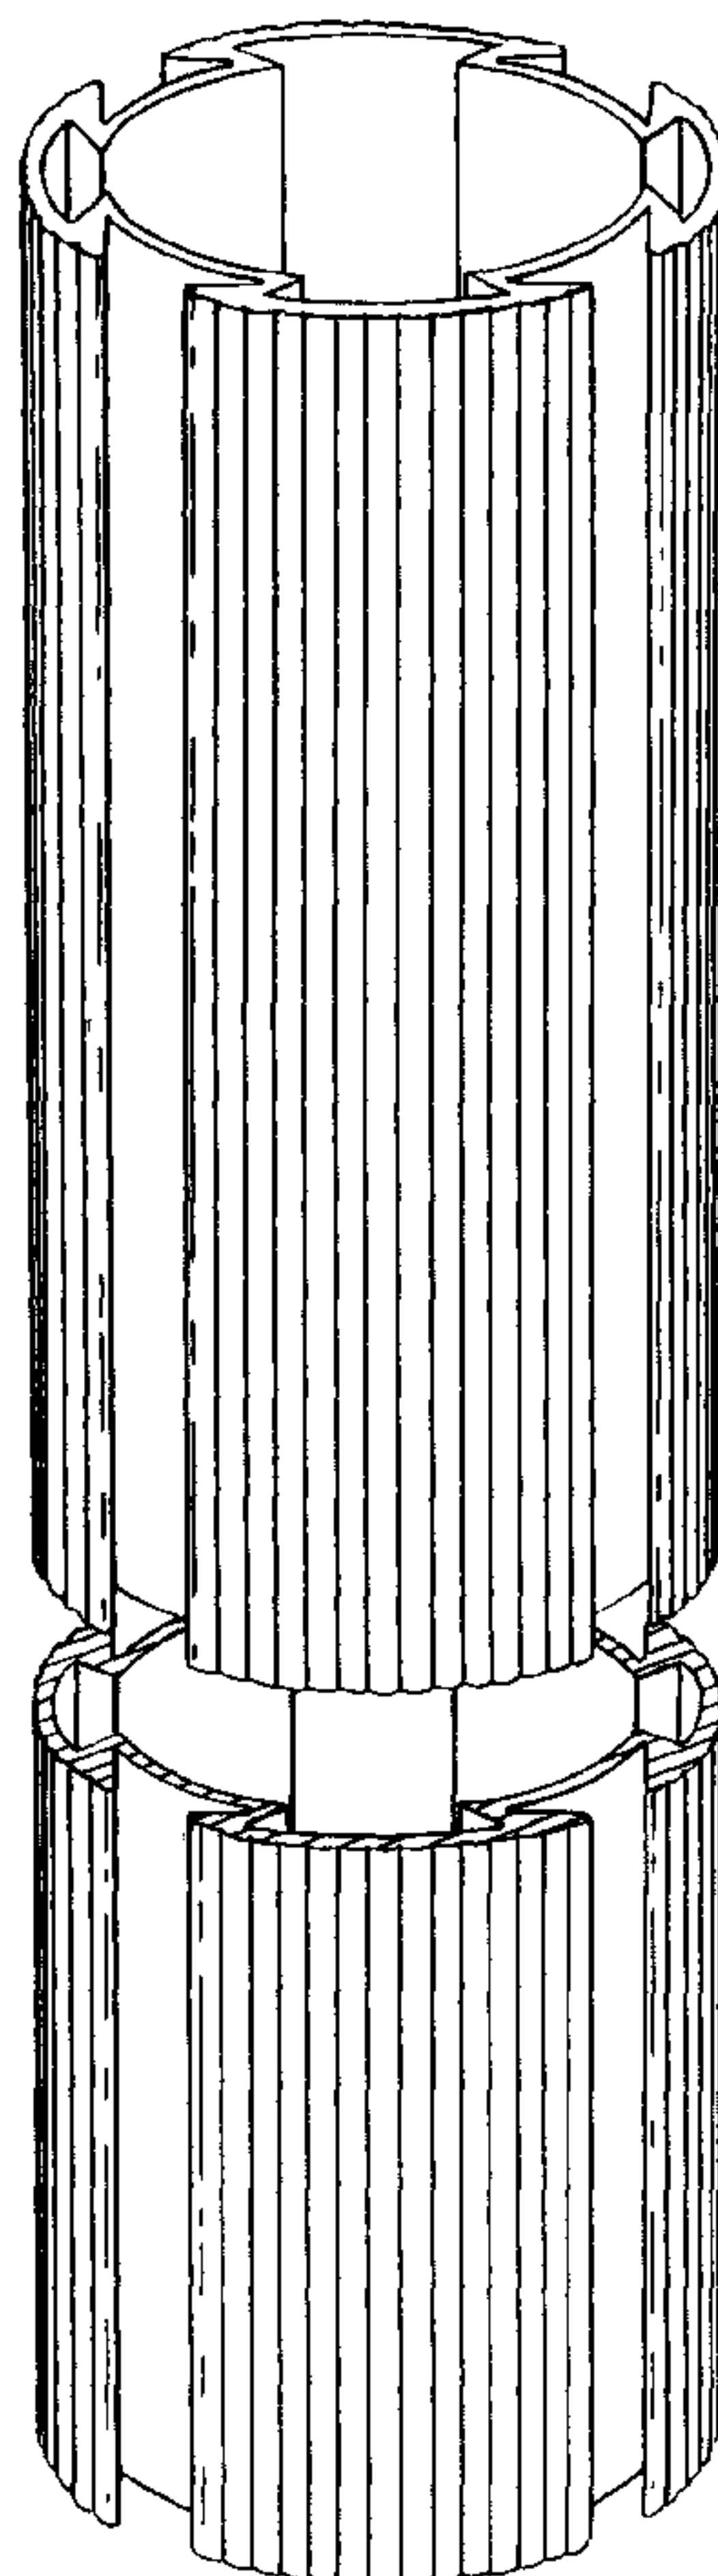

FIG. 1 is a perspective view of the post element showing my new design;

FIG. 2 is a top plan view of the post element, the opposite view being identical; and,

FIG. 3 is a front elevational view of the post element, the opposite rear elevational view and the right and left side views being identical.

The post element has been broken near the center indicating indefinite length.
