(57) **CLAIM**

The ornamental design for a surface configuration of a vehicle body and/or toy, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view from the front left of a surface configuration of a vehicle body and/or toy according to our novel design, the perspective view from the front right being mirror symmetrical;

FIG. 2 is a front view of the surface configuration of a vehicle body and/or toy according to our novel design;

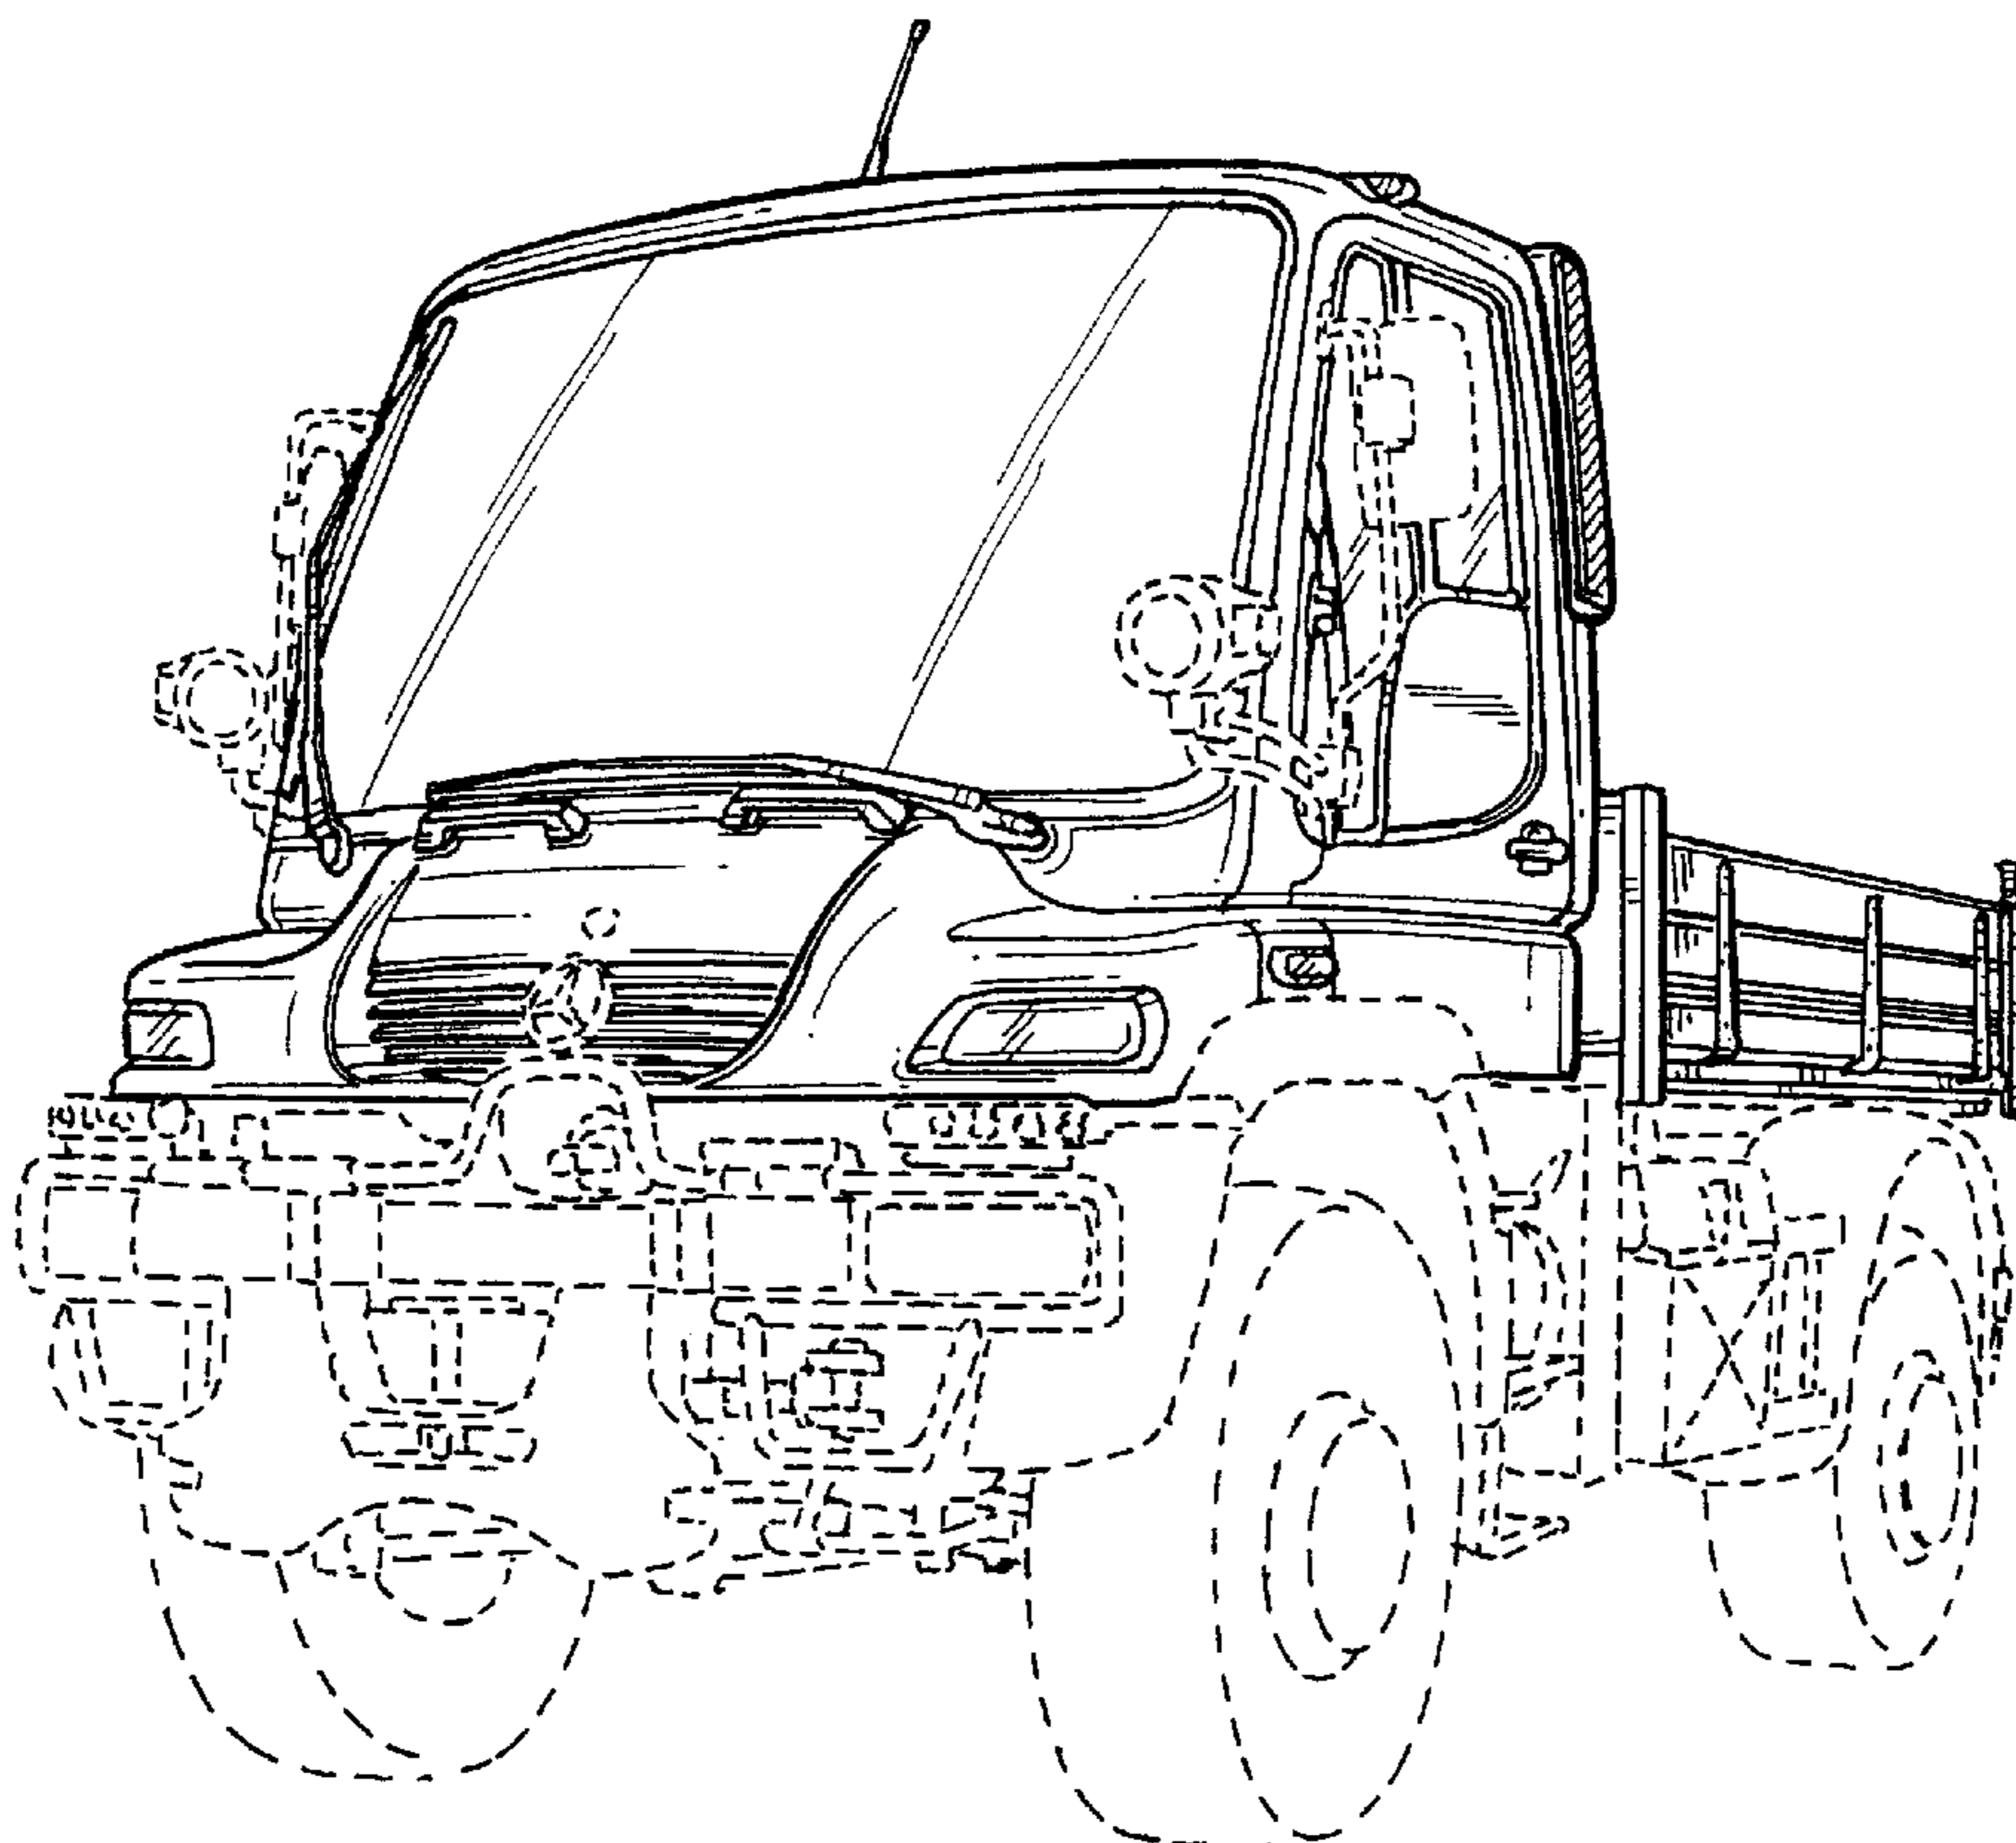

FIG. 3 is a view from the left side of the surface configuration of a vehicle body and/or toy according to our novel design, the view from the right side being mirror symmetrical;

FIG. 4 is a rear view of the surface configuration of a vehicle body and/or toy according to our novel design; and,

FIG. 5 is a perspective view from the rear left of the surface configuration of a vehicle body and/or toy according to our novel design, the perspective view from the rear right being mirror symmetrical.

The broken lines included depict environment and are not part of the claimed design.
