(57) **CLAIM**

The ornamental design for a cylinder portion of a lever-type lockset, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the cylinder portion of a lever-type lockset in accordance with the present invention. FIG. 2 is a front elevational view of the present invention. FIG. 3 is a rear elevational view of the present invention. FIG. 4 is a bottom plan view of the present invention, it being understood that the top plan view is identical thereto; and, FIG. 5 is a left side elevational view of the present invention. The portions of the article not shown in the drawing or described in the specification form no part of the claimed design.
