(57) **CLAIM**

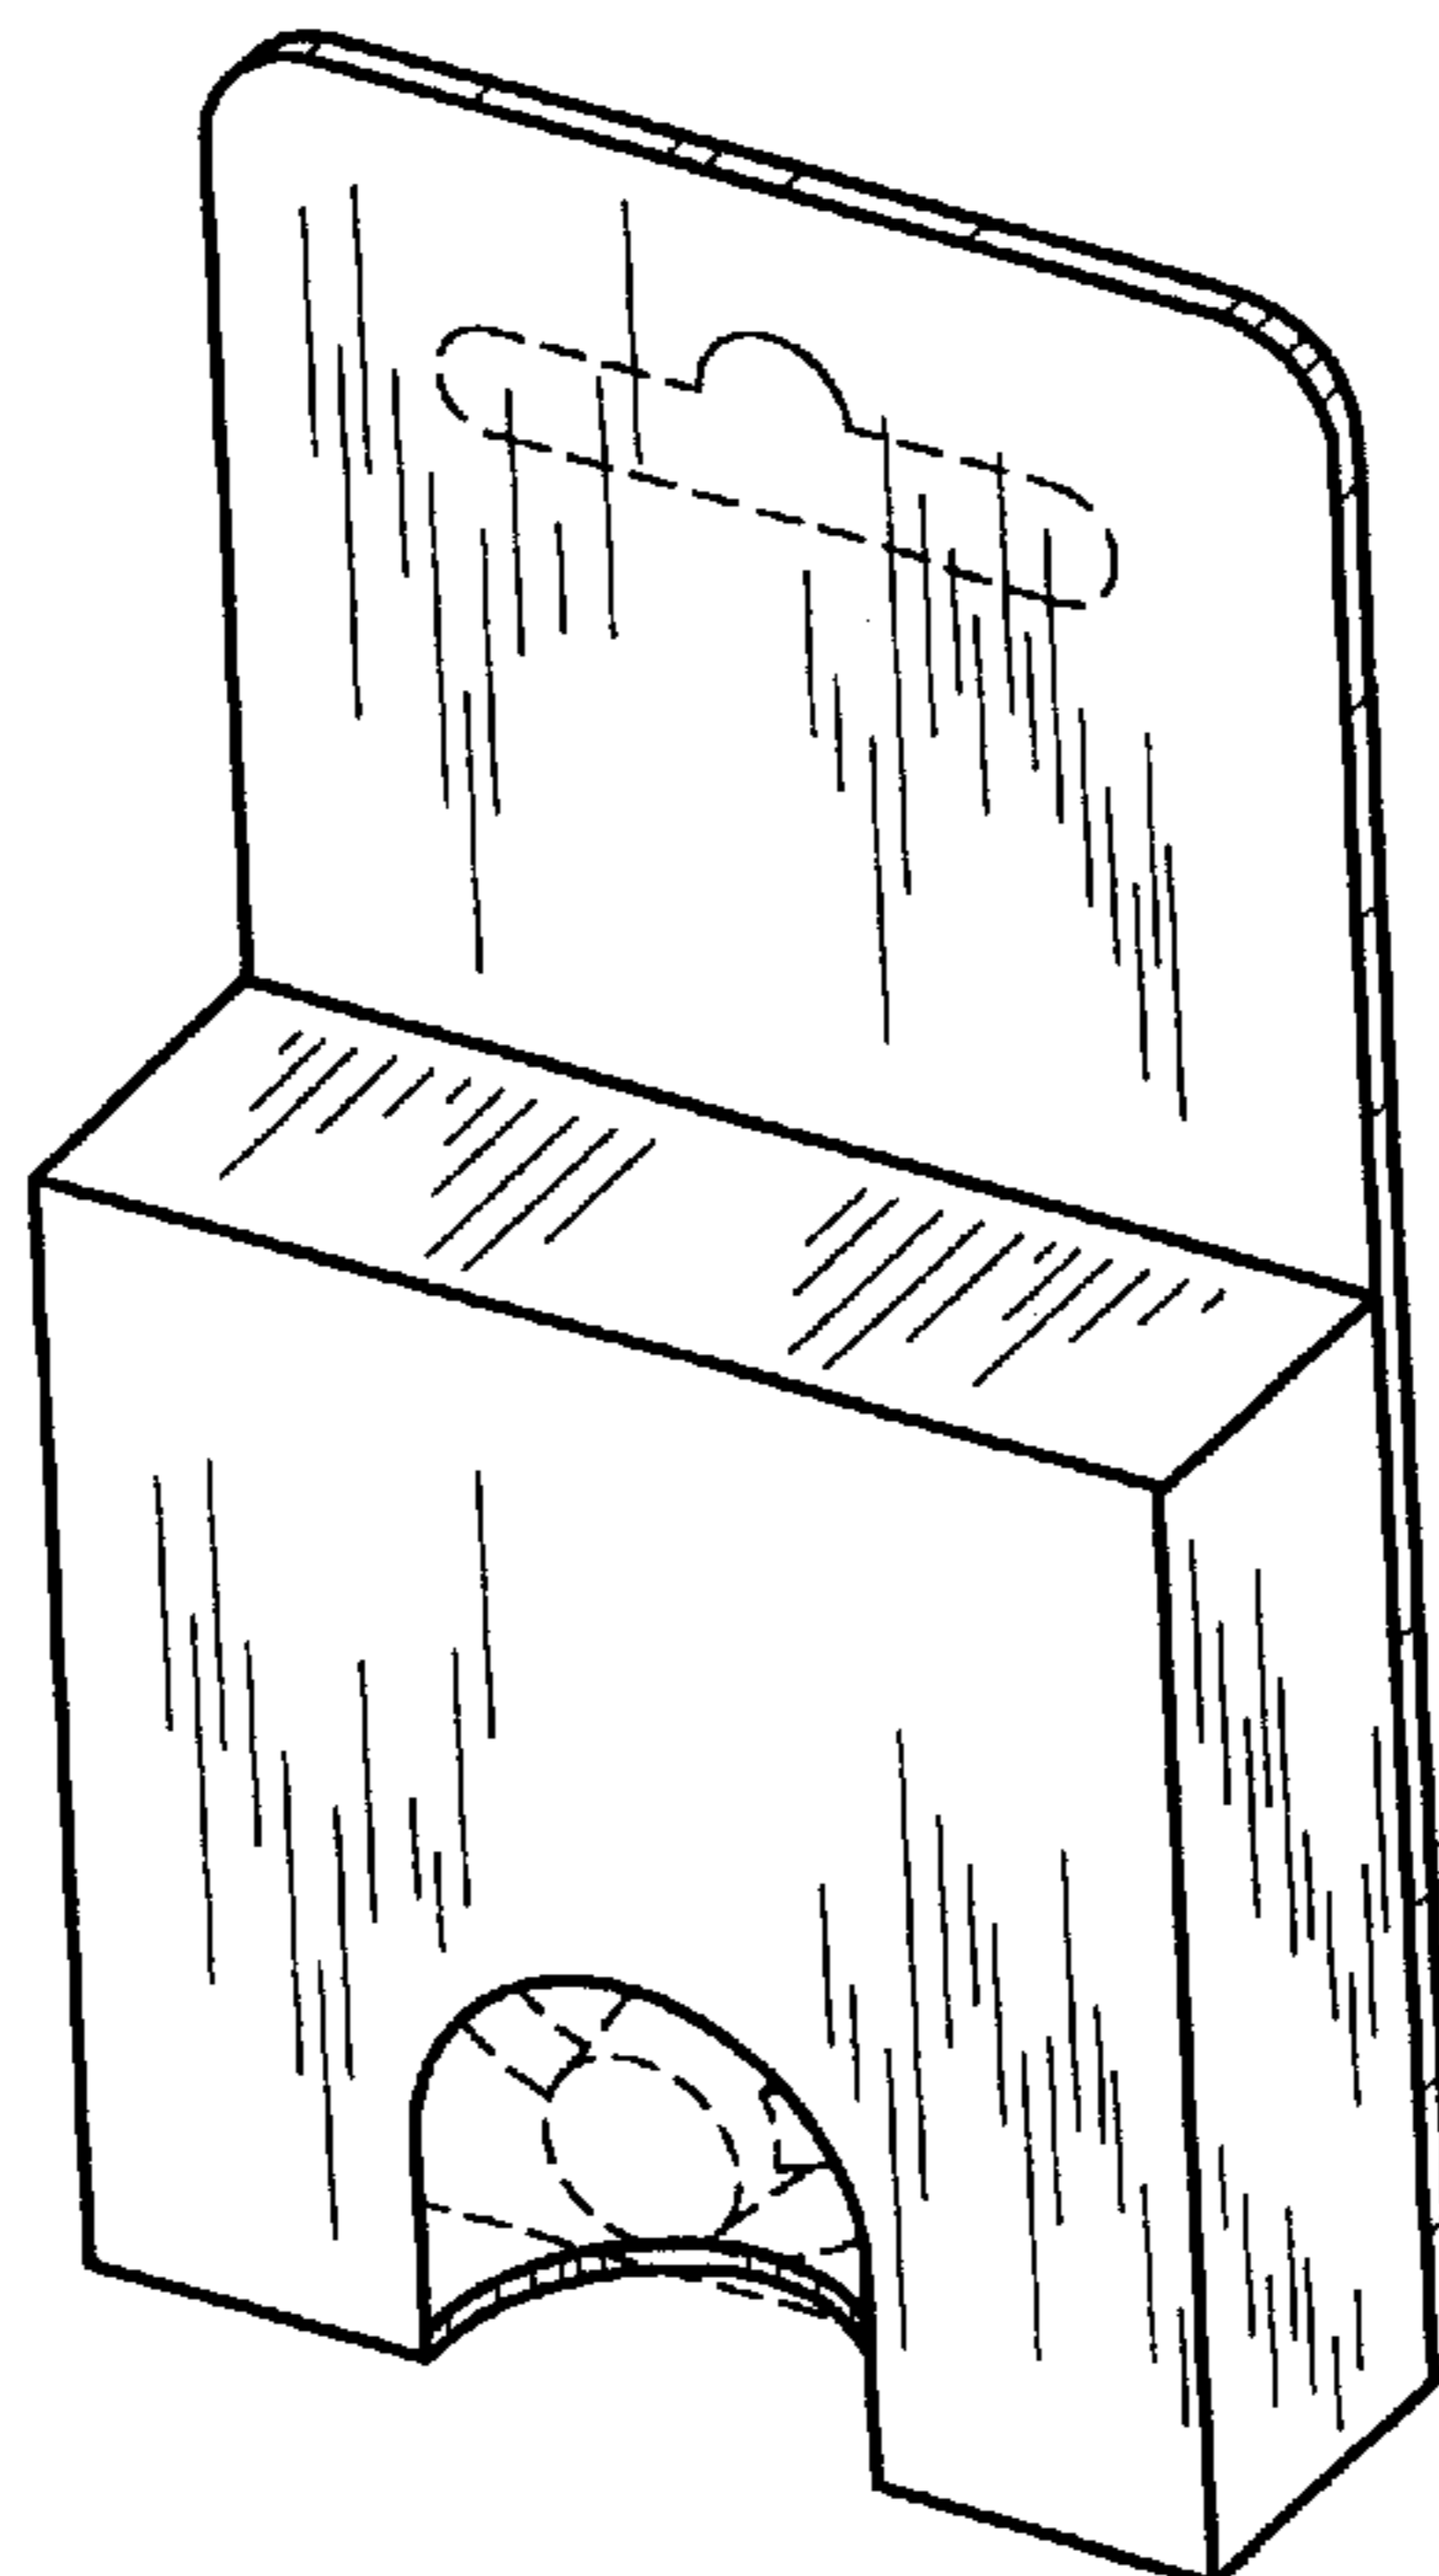

We claim the ornamental design for a battery package, as shown.

**DESCRIPTION**

FIG. 1 is a perspective view showing the front, top, and the right side of the battery package of the present invention; FIG. 2 is an elevational view of the front of the battery package of the present invention; FIG. 3 is an elevational view of the right side of the battery package of the present invention; FIG. 4 is an elevational view of the back of the battery package of the present invention; FIG. 5 is an elevational view of the top of the battery package of the present invention; and, FIG. 6 is an elevational view of the bottom of the battery package of the present invention.

The right side elevational view in FIG. 3 is a mirror image of the left side of the battery package of the present invention. Those elements that are shown in the above drawings in phantom lines do not form a part of the design.
