(57) **CLAIM**

The ornamental design for a hooded power center, as shown and described.

DESCRIPTION

A portion of the disclosure of this design patent application

document contains material to which a claim for copyright is also made. The copyright owner has no objection to the facsimile reproduction of this design patent application by anyone as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever.

FIG. 1 is a perspective view of a first embodiment of the hooded power center, in accordance with the present invention.

FIG. 2 is a plan view of the first embodiment of the hooded power center, as depicted in FIG. 1.

FIG. 3 is a frontal view of the first embodiment of the hooded power center, in accordance with the present invention, as depicted in FIG. 1.

FIG. 4 is a frontal view of a second embodiment of the hooded power center, in accordance with the present invention, as depicted in FIG. 1.

FIG. 5 is a side view of the first embodiment of the hooded power center, in accordance with the present invention, as depicted in FIG. 1.

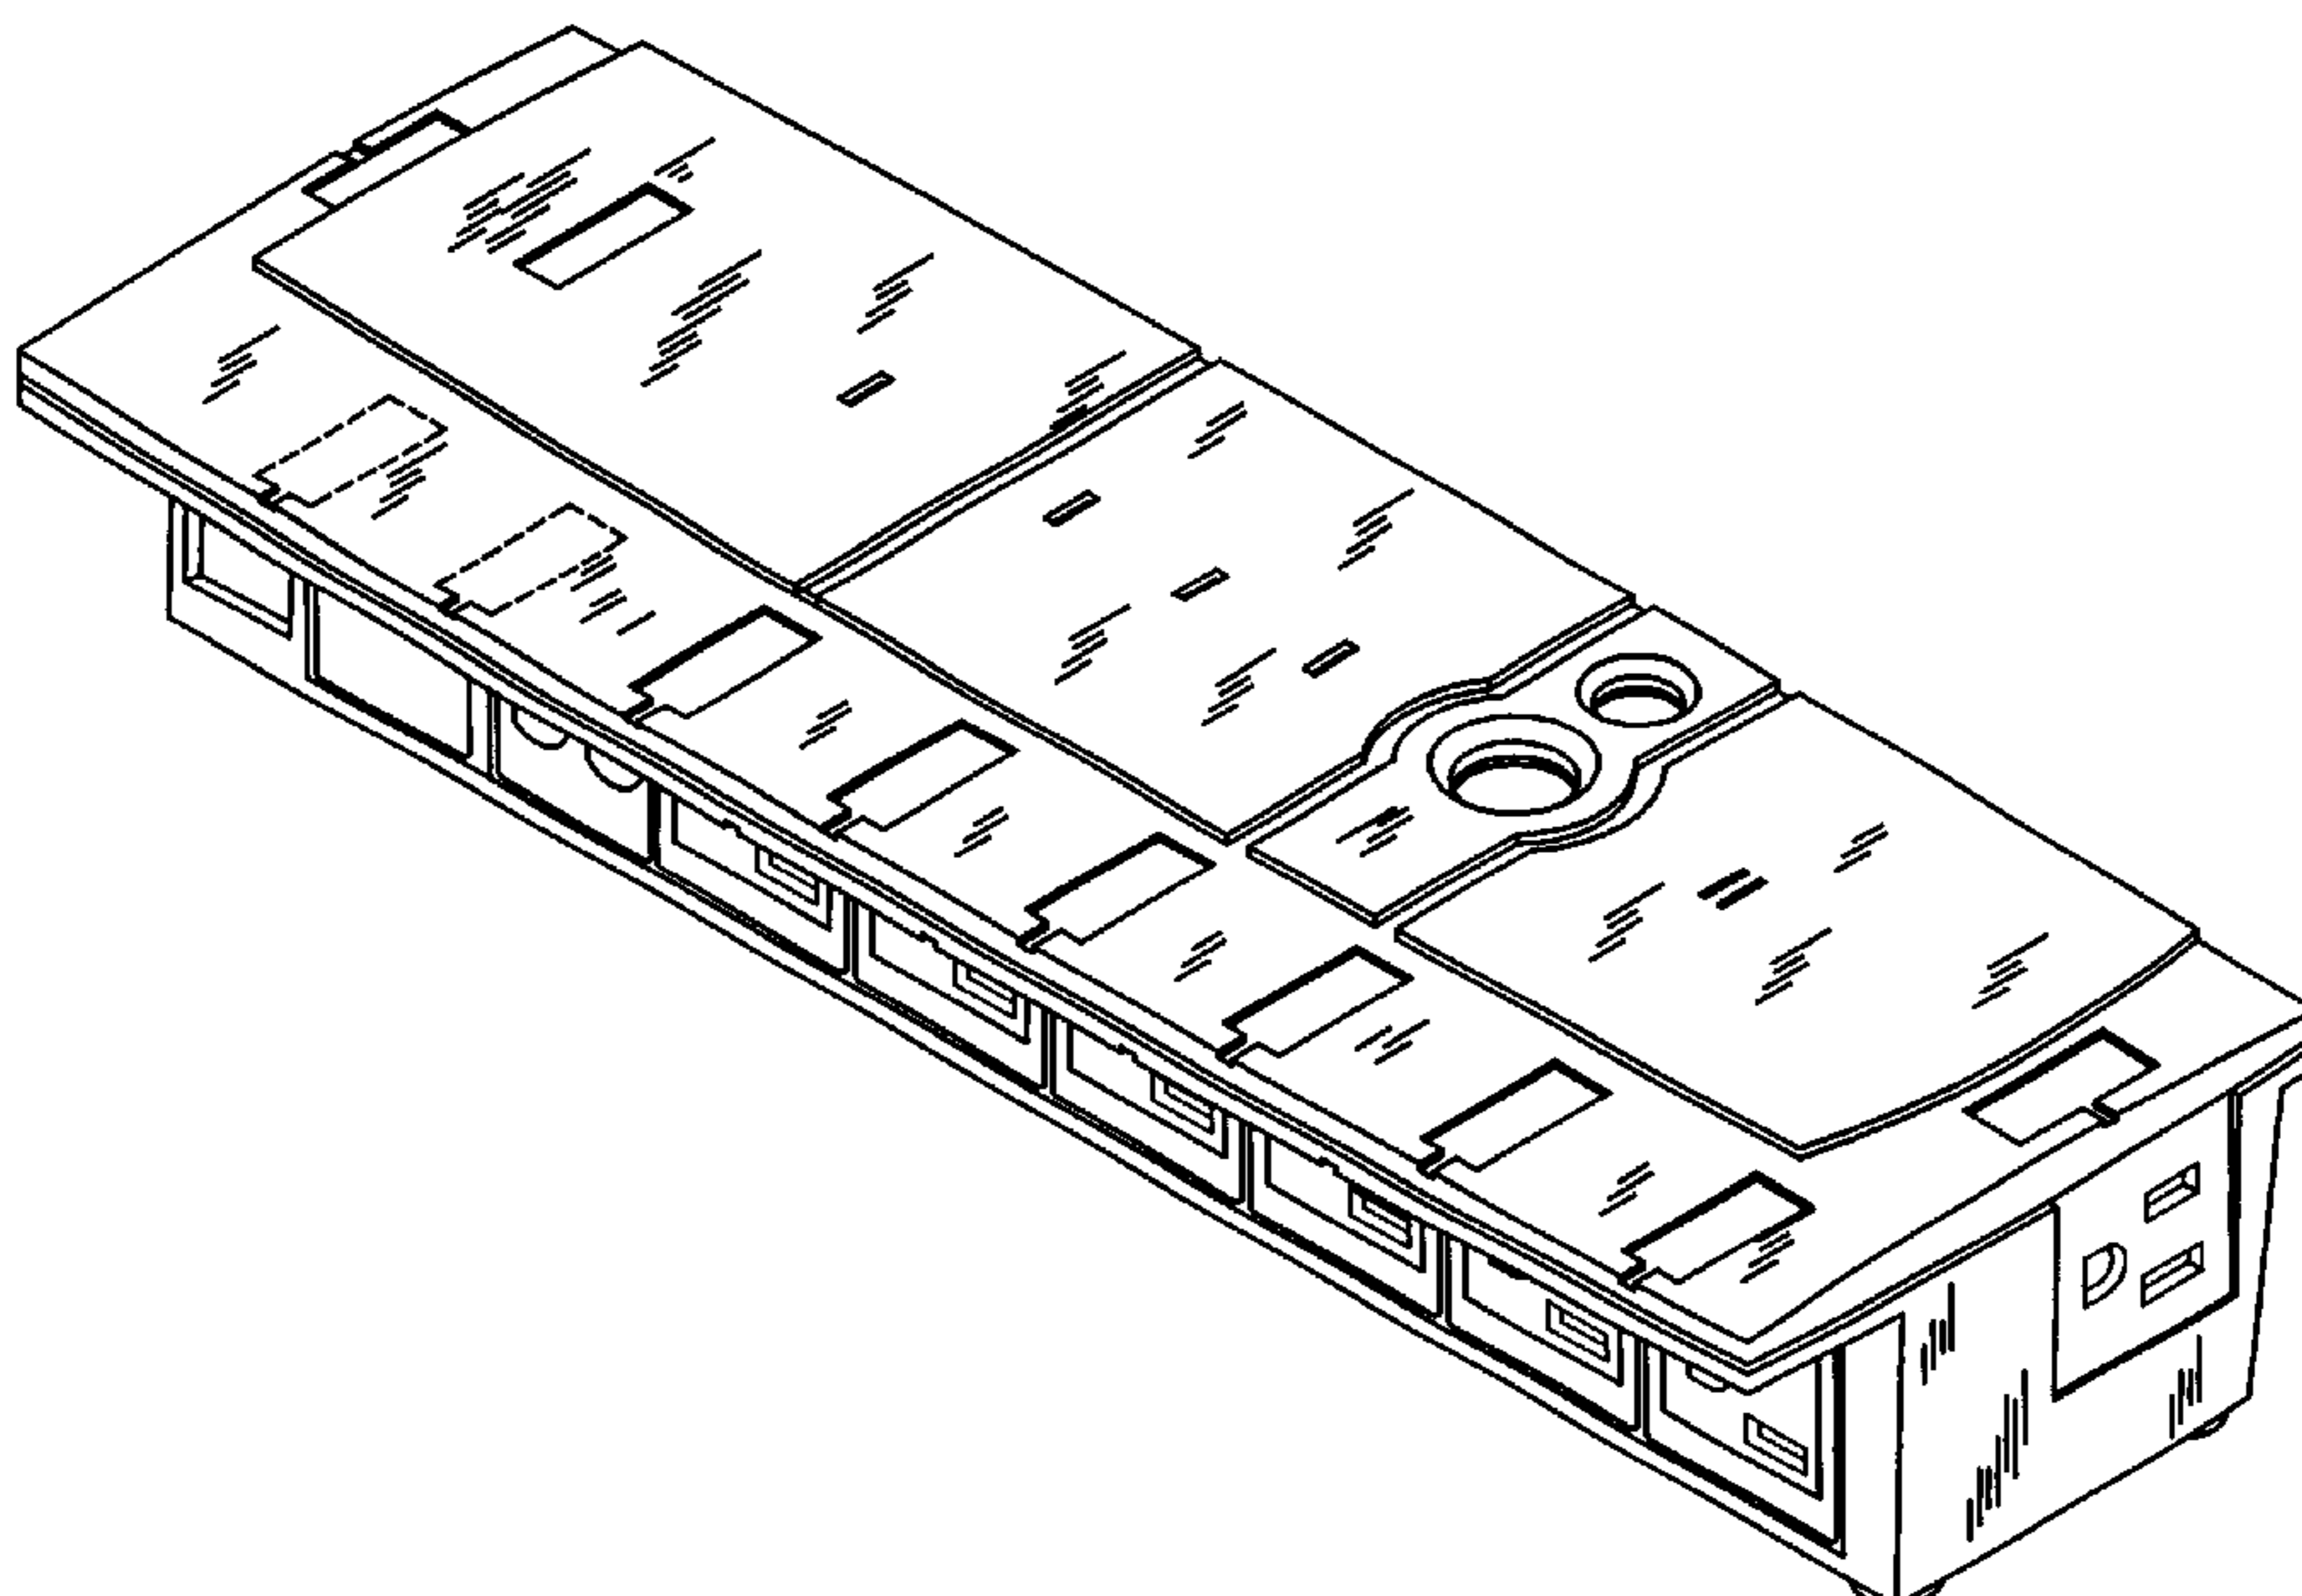

FIG. 6 is a rear view of the first embodiment of the hooded power center, in accordance with the present invention, as depicted in FIG. 1; and,

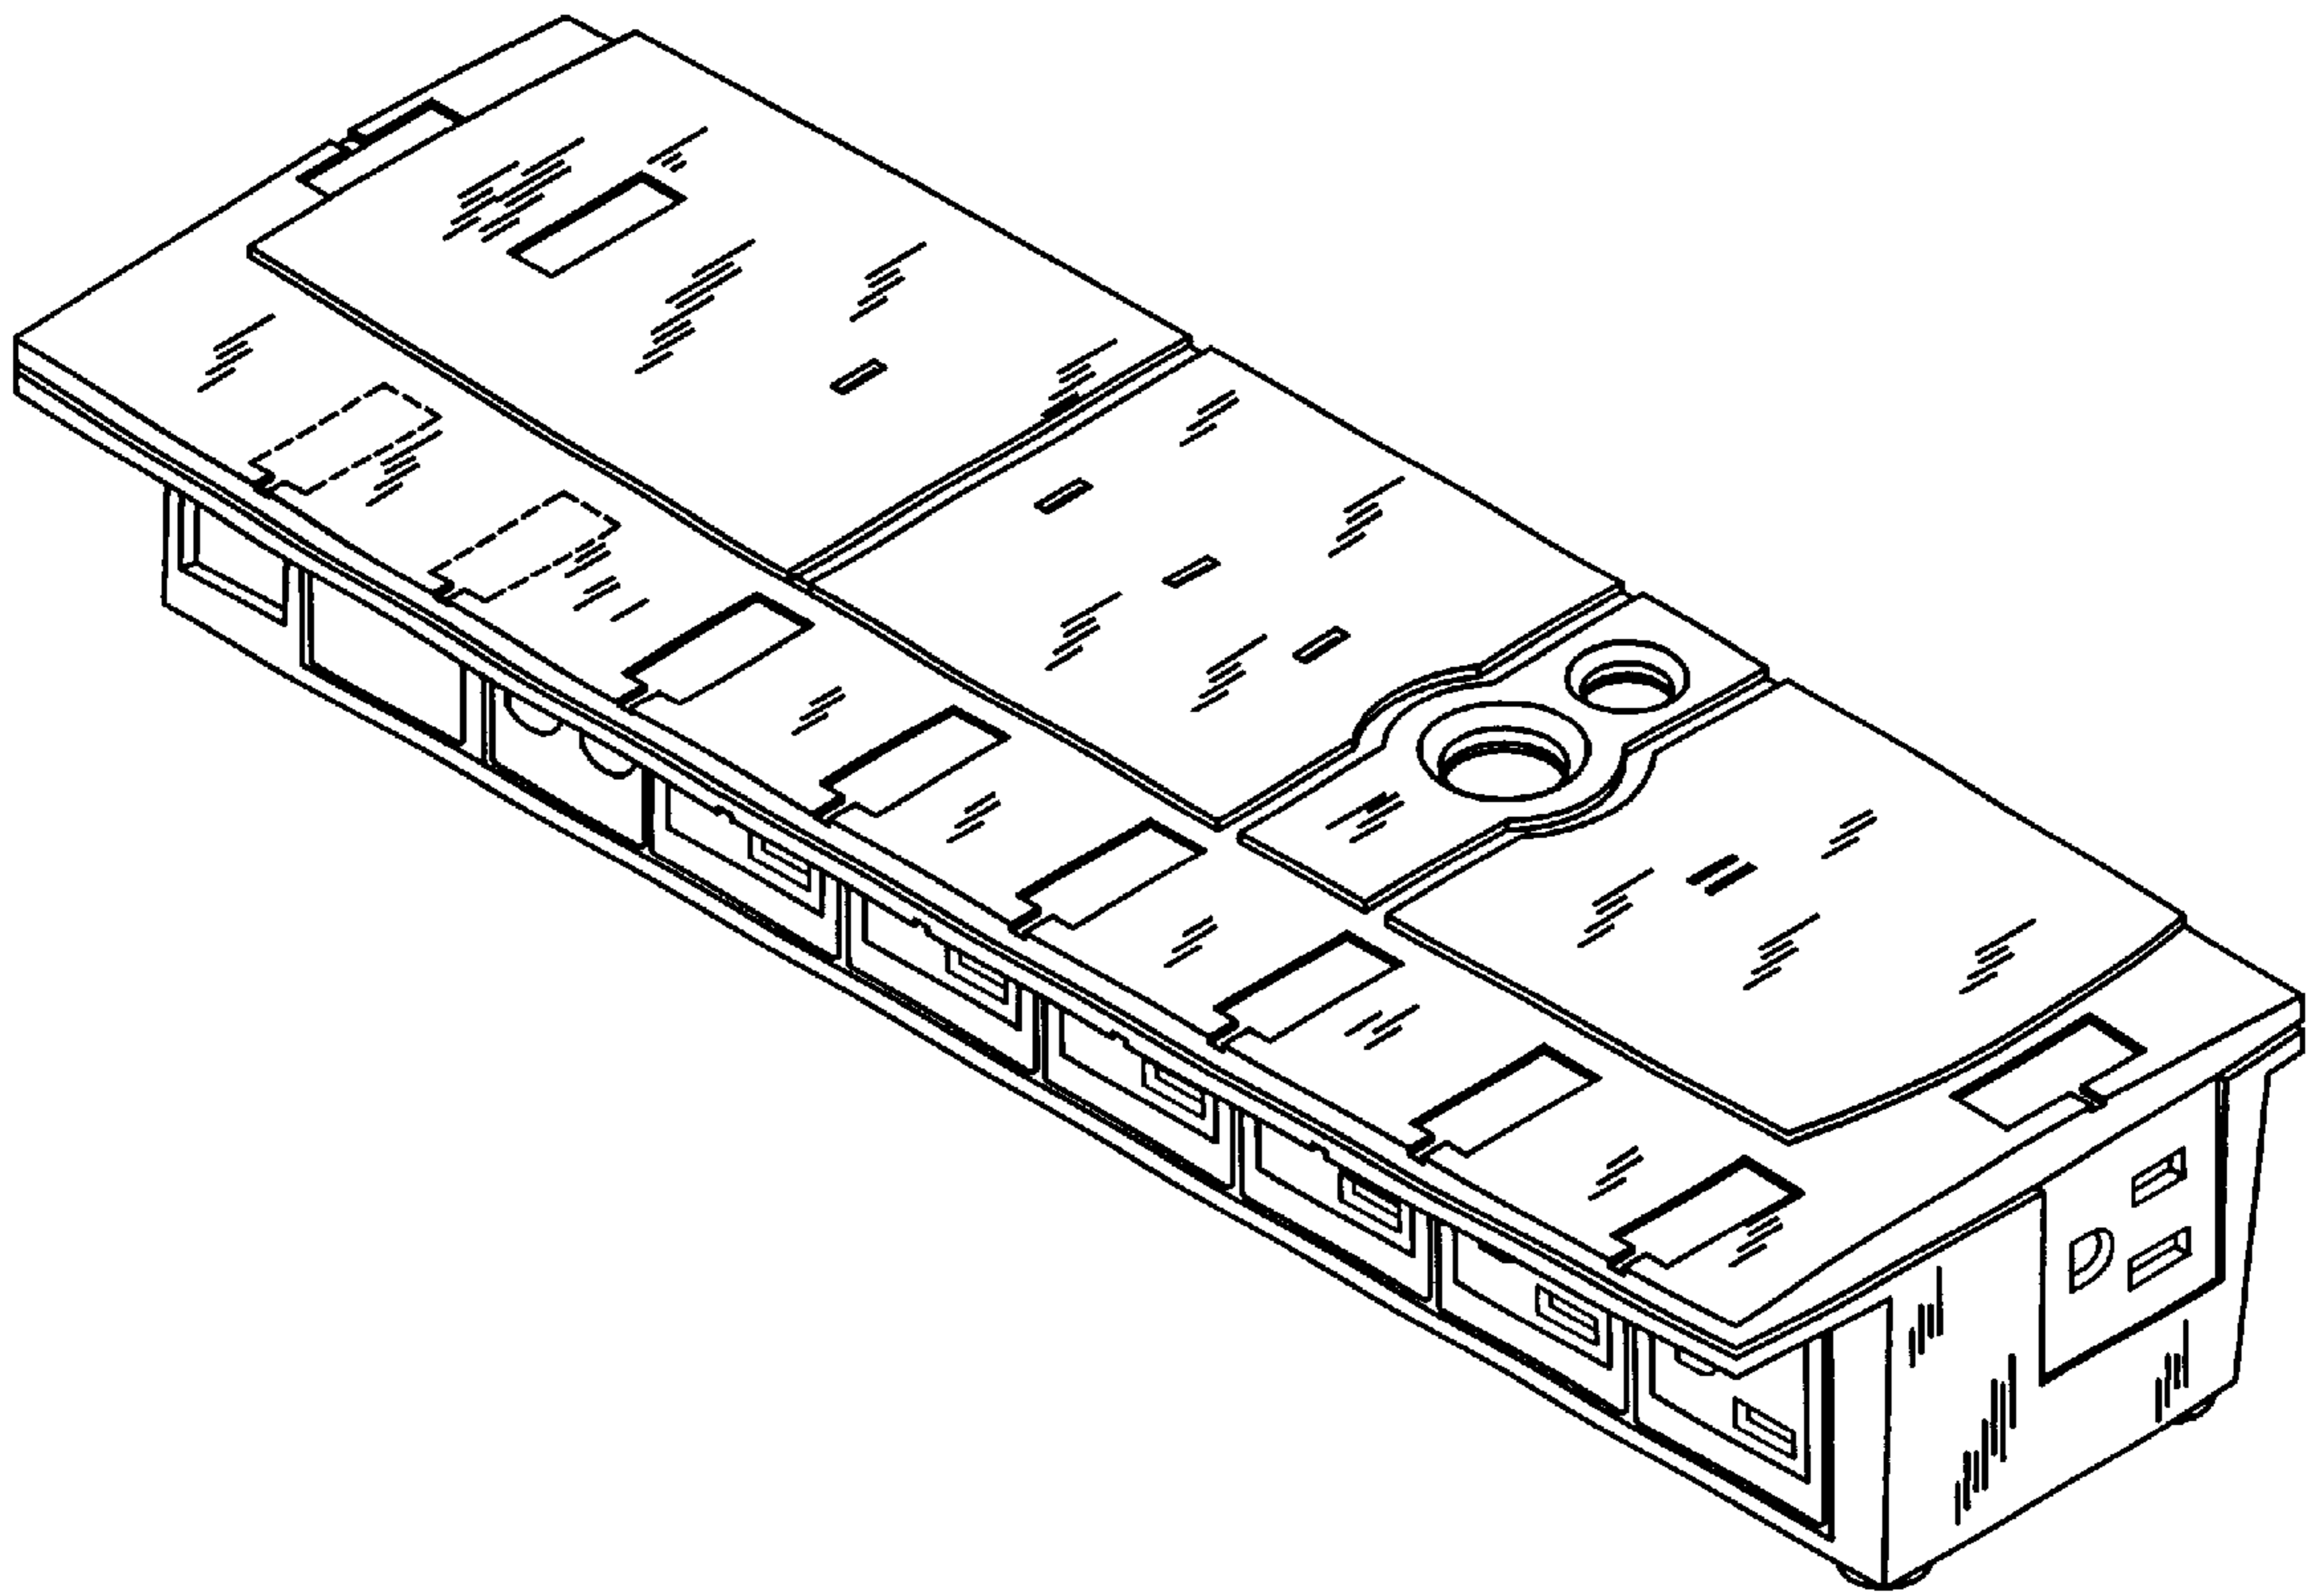

FIG. 7 is a corresponding side view of the first embodiment of the hooded power center, in accordance with the present invention, as depicted in FIG. 1.

The plan, sides, and rear views of the second embodiment are identical to the first embodiment.

The broken lines are shown for illustrative purposes only and form no part of the claimed design.
