(57) **CLAIM**

The ornamental design for an abutment for temporary dental prosthesis, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from below of the first embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 2 is a bottom plan view of the first embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 3 is a side view of the first embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 4 is a top plan view of the first embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 5 is a perspective view from below of a second embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 6 is a bottom plan view of the second embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 7 is a side view of the second embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 8 is a top plan view of the second embodiment of an abutment for a temporary dental prosthesis according to the present invention.

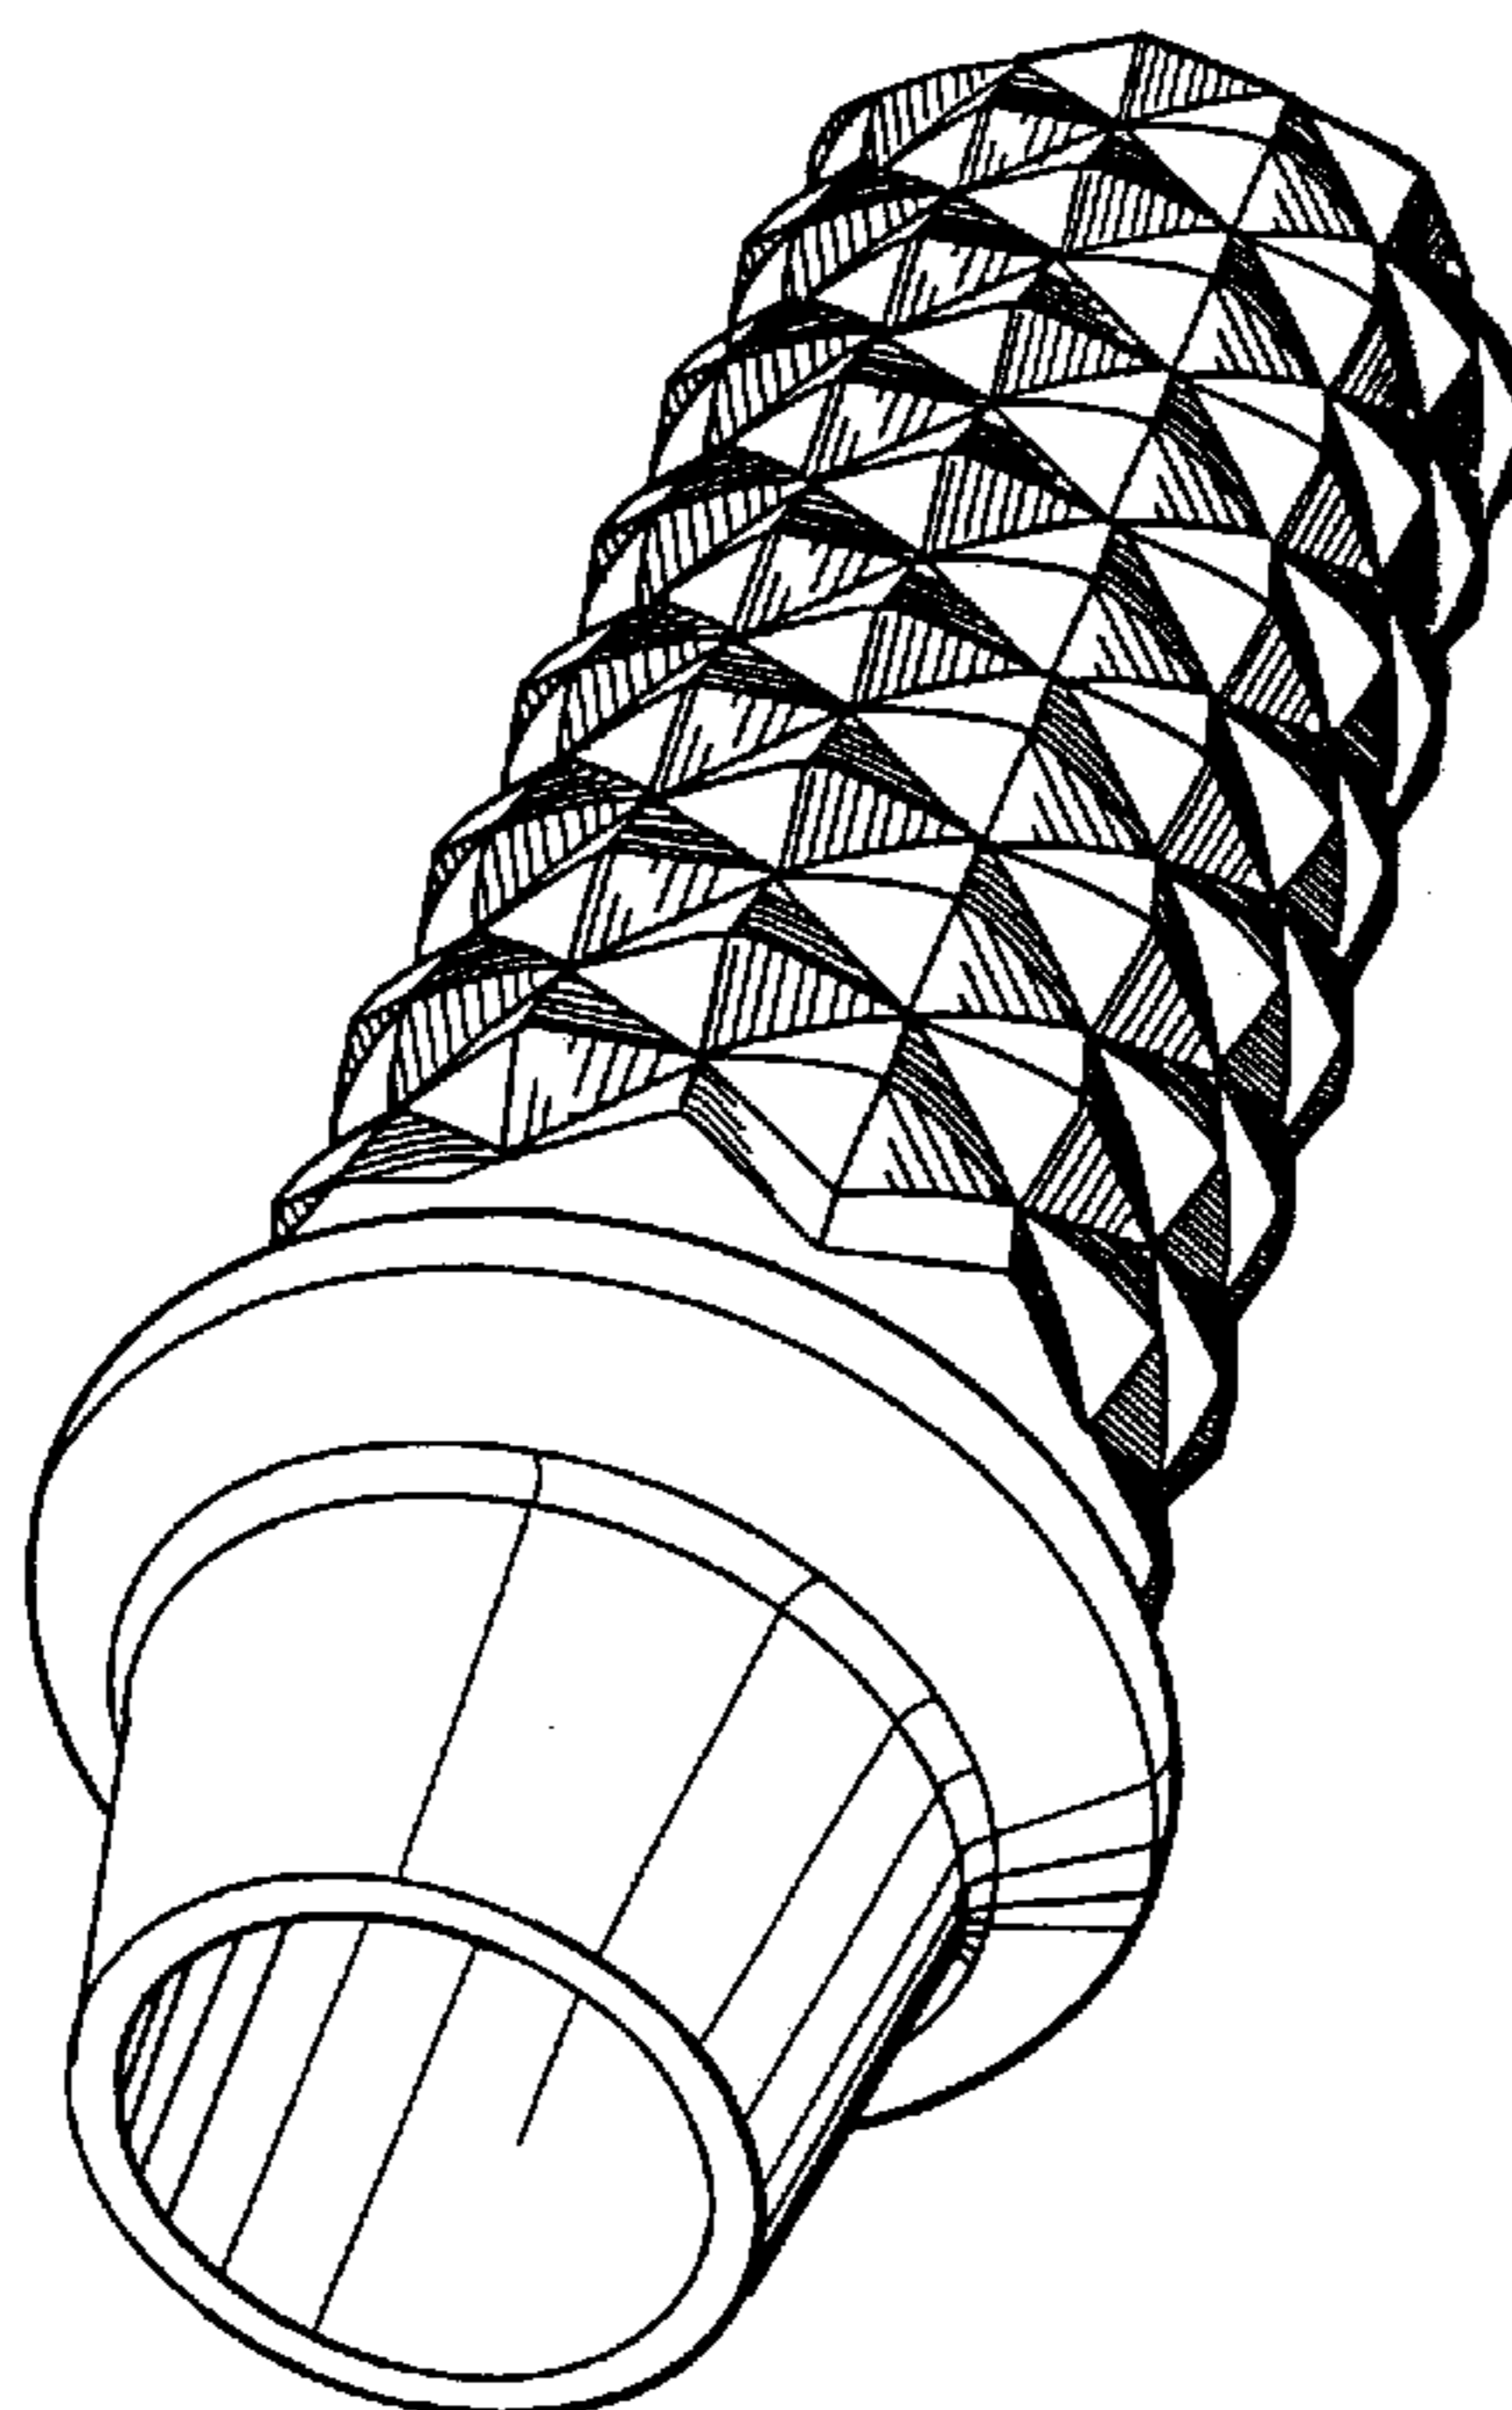

FIG. 9 is a perspective view from below of a third embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 10 is a bottom plan view of the third embodiment of an abutment for a temporary dental prosthesis according to the present invention.

FIG. 11 is a side view of the third embodiment of an abutment for a temporary dental prosthesis according to the present invention; and,

FIG. 12 is a top plan view of the third embodiment of an abutment for a temporary dental prosthesis according to the present invention.
