(57) **CLAIM**

The ornamental design for a tool for opening the film compartment of disposable cameras, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of a tool for opening the film compartment of disposable cameras embodying my new design; FIG. 2 is a front elevational view thereof, the rear elevational view being a mirror image thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a bottom plan view thereof; and FIG. 5 is an end elevational view thereof as seen from one end, the other end view being identical thereto; FIG. 6 is a front perspective view of a second embodiment of a tool for opening the film compartment of disposable cameras embodying my new design; FIG. 7 is a front elevational view thereof, the rear elevational view being a mirror image thereof; FIG. 8 is a top plan view thereof; FIG. 9 is a bottom plan view thereof; FIG. 10 is an end view of one end thereof; and, FIG. 11 is an end view of the other end thereof.
