(57) **CLAIM**

The ornamental design for a blind rivet setting tool, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a blind rivet setting tool of the present invention;  
 FIG. 2 is a left side elevational view of the blind rivet setting tool of the present invention;  
 FIG. 3 is a right side elevational view of the blind rivet setting tool of the present invention;  
 FIG. 4 is a bottom plan view of the blind rivet setting tool of the present invention;  
 FIG. 5 is a top plan view of the blind rivet setting tool of the present invention;  
 FIG. 6 is a front elevational view of the blind rivet setting tool of the present invention; and,  
 FIG. 7 is a rear elevational view of the blind rivet setting tool of the present invention.
