(57) **CLAIM**

The ornamental design for a packing element, as shown and described.

DESCRIPTION

This invention relates to a design for a packing element for use in mass transfer applications.

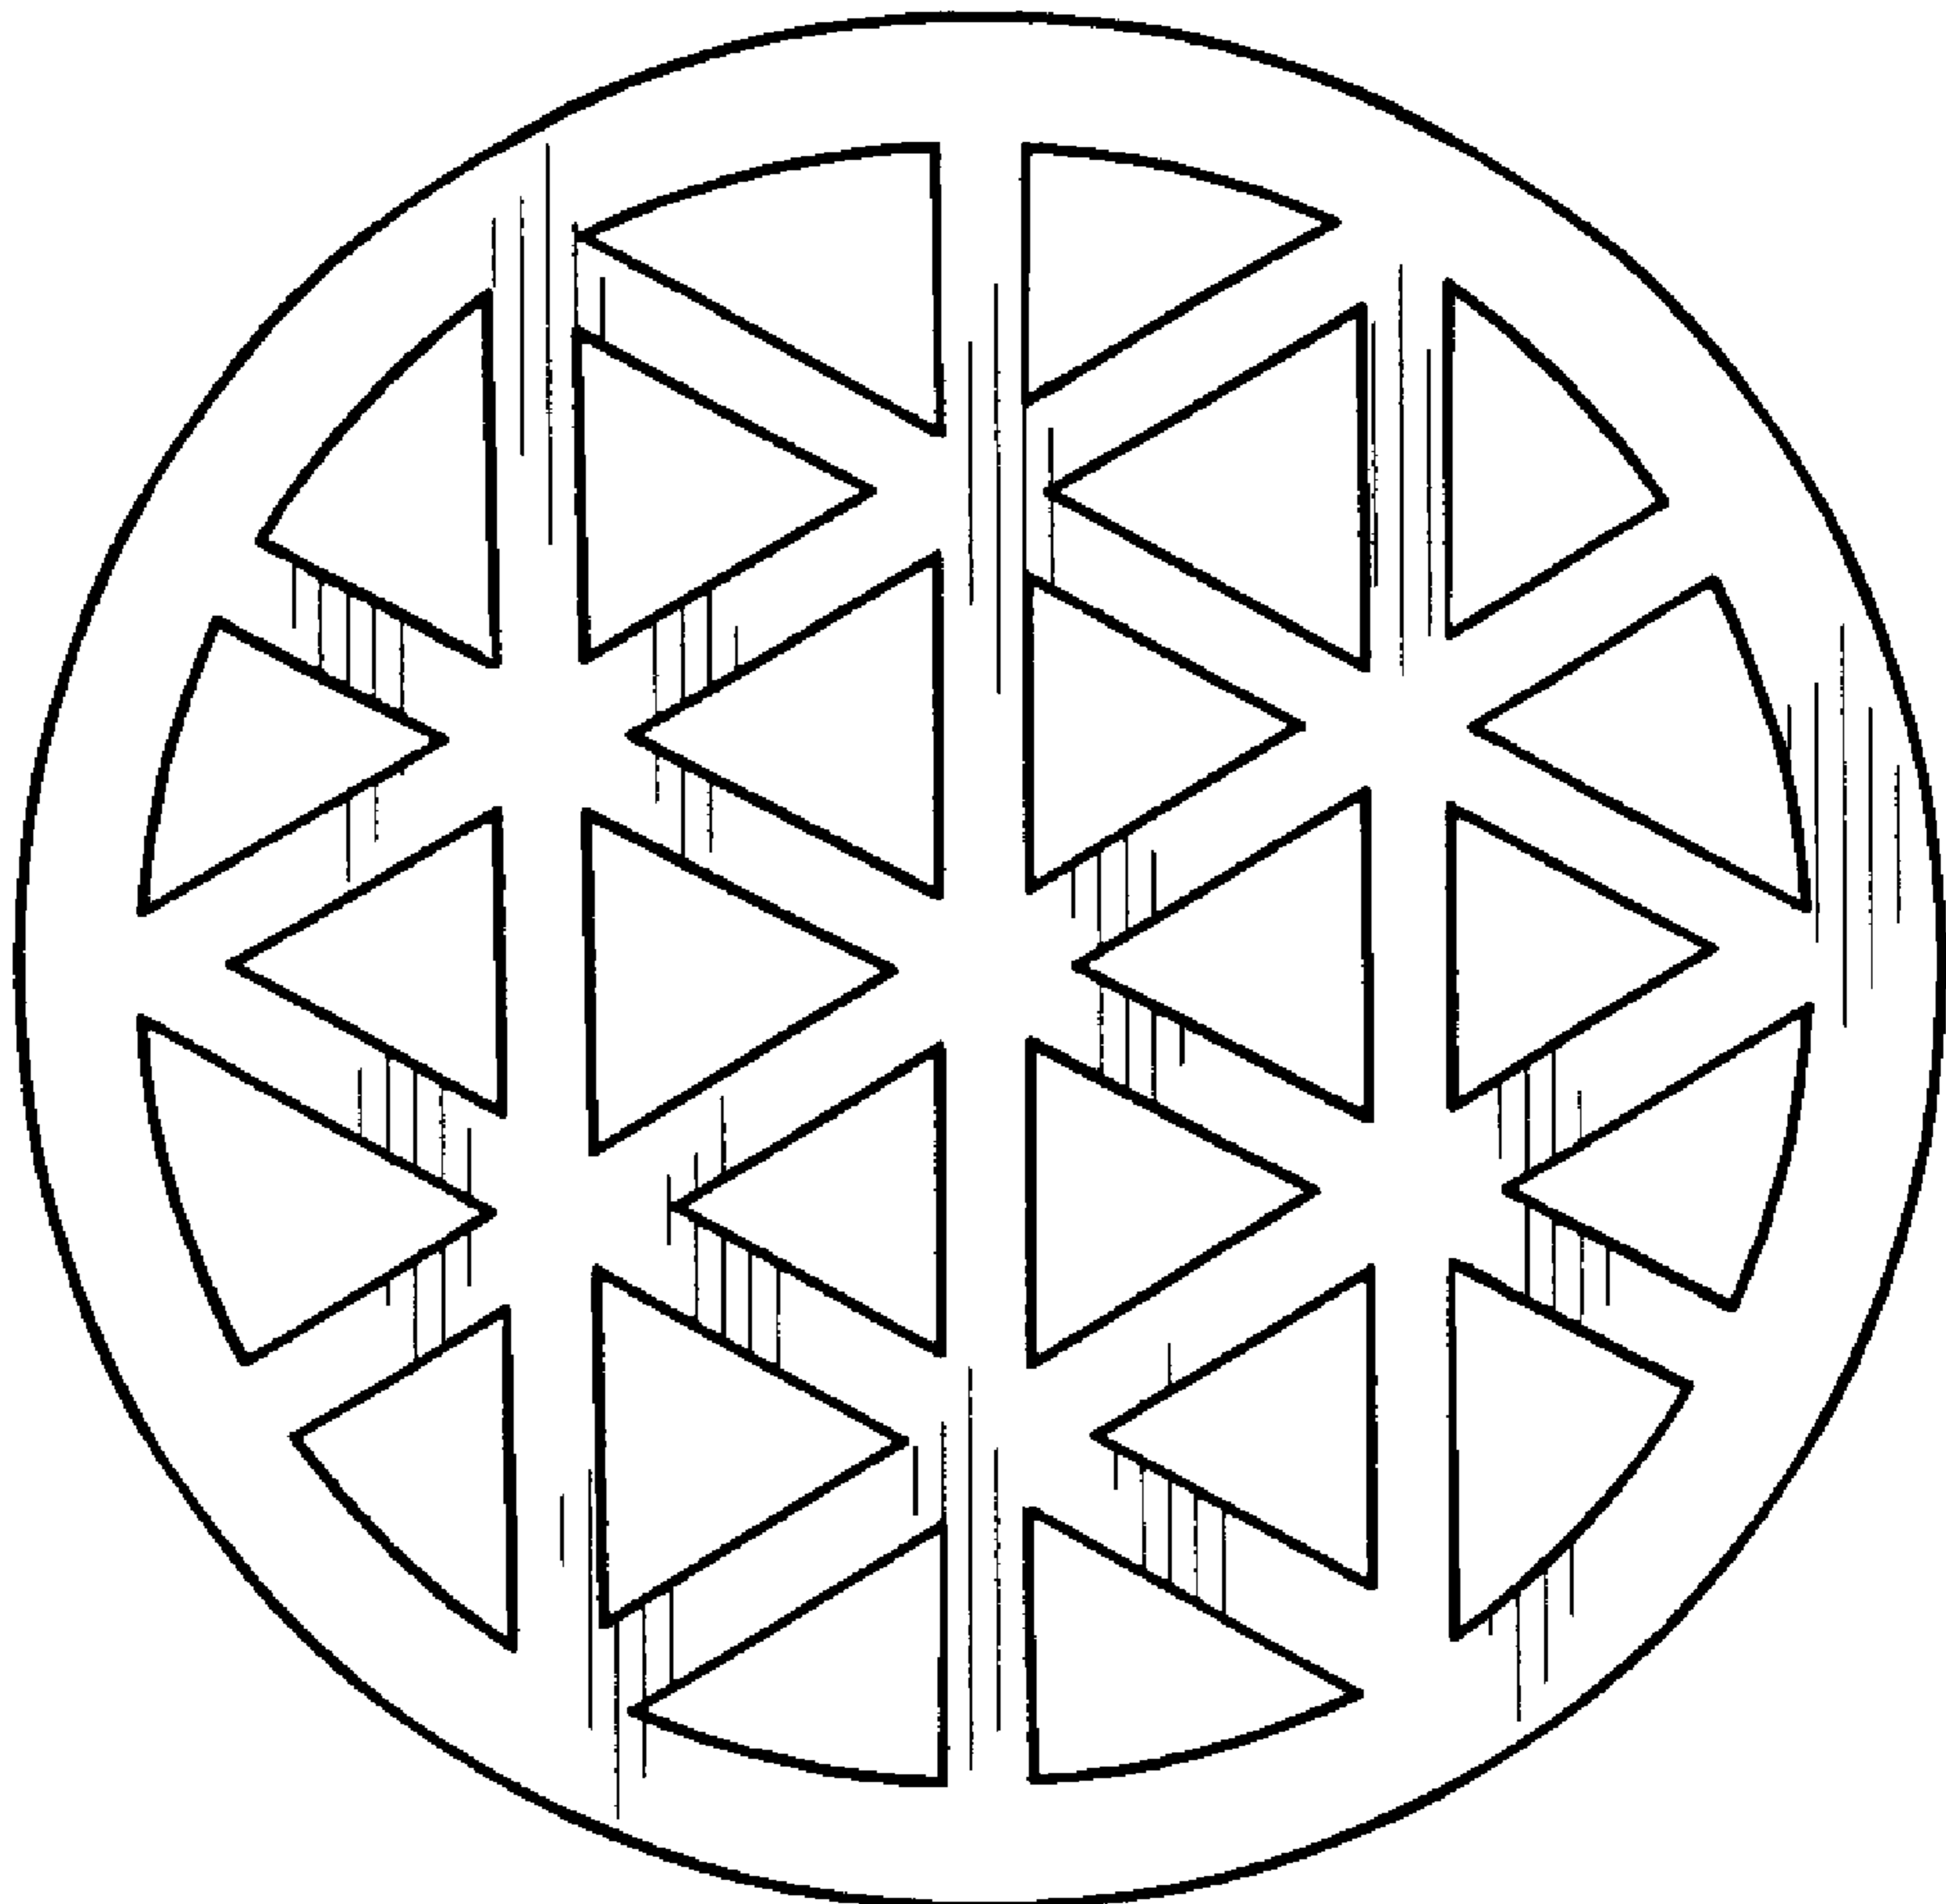

The invention was not conceived as a result of any federally sponsored research and development effort.

FIG. 1 is a top view of the packing element;

FIG. 2 is a bottom view of the packing element; and,

FIG. 3 is a side view of the packing element.

1 Claim, 1 Drawing Sheet

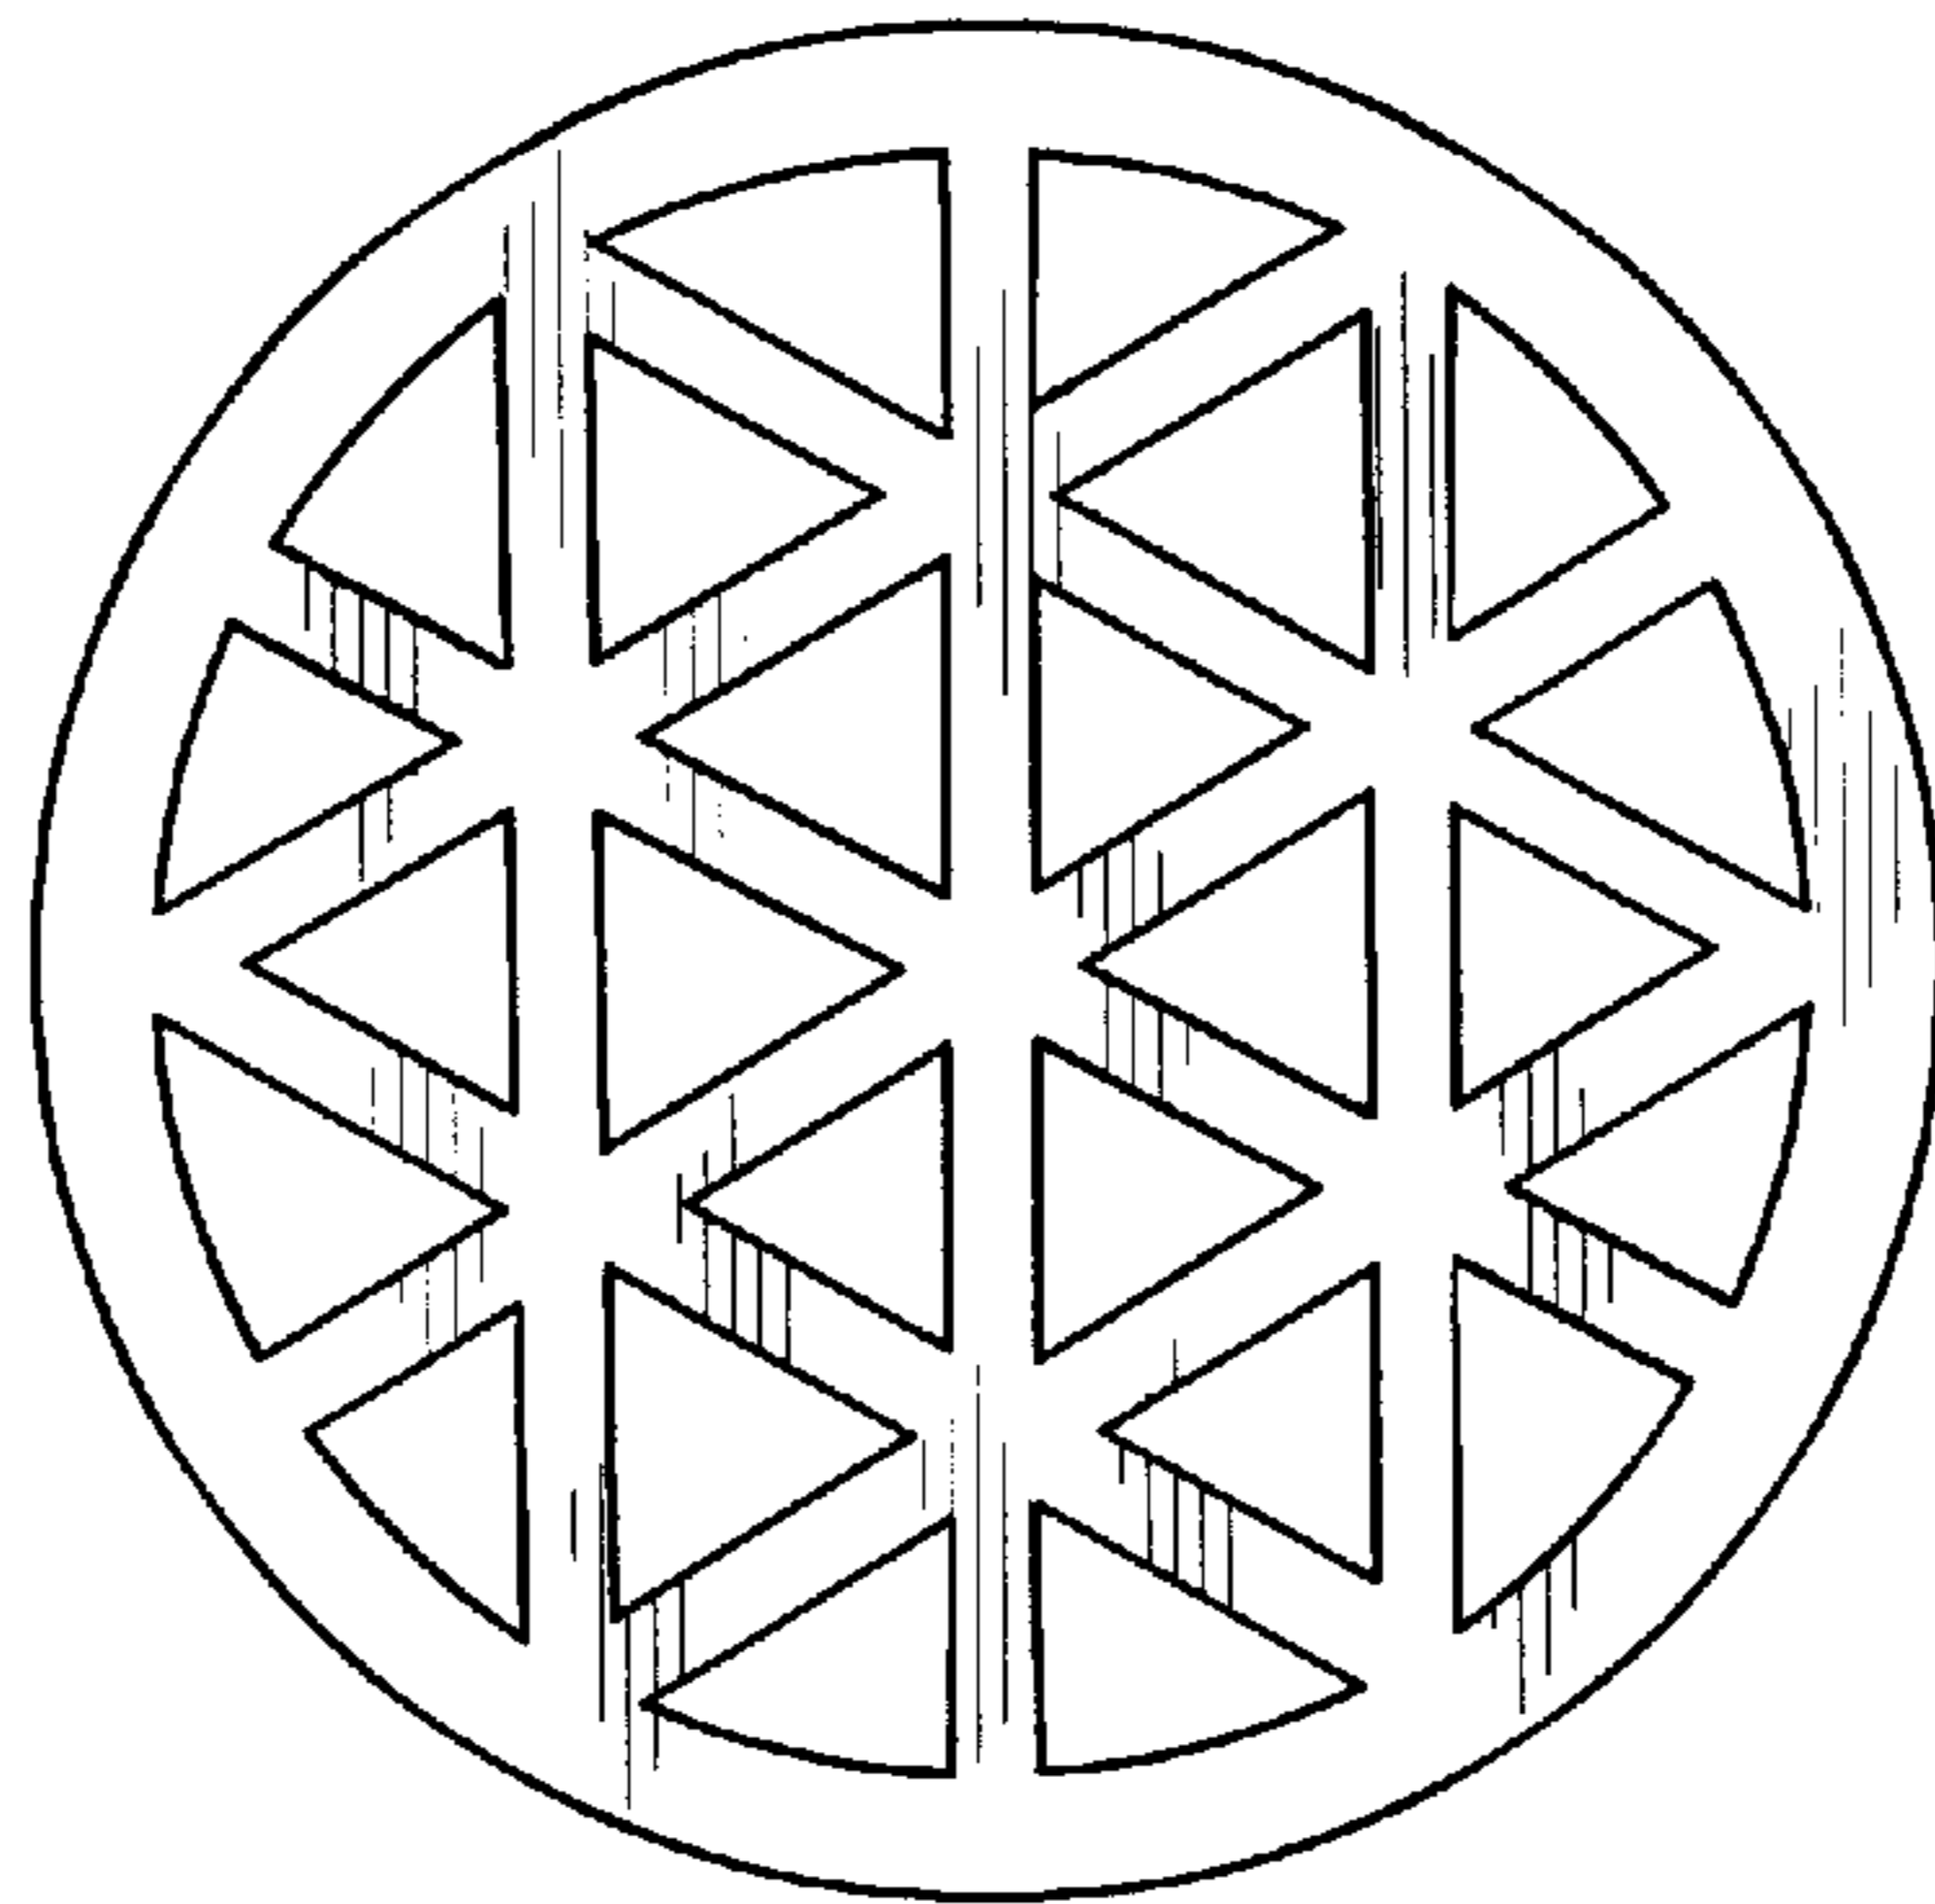

FIG. 1

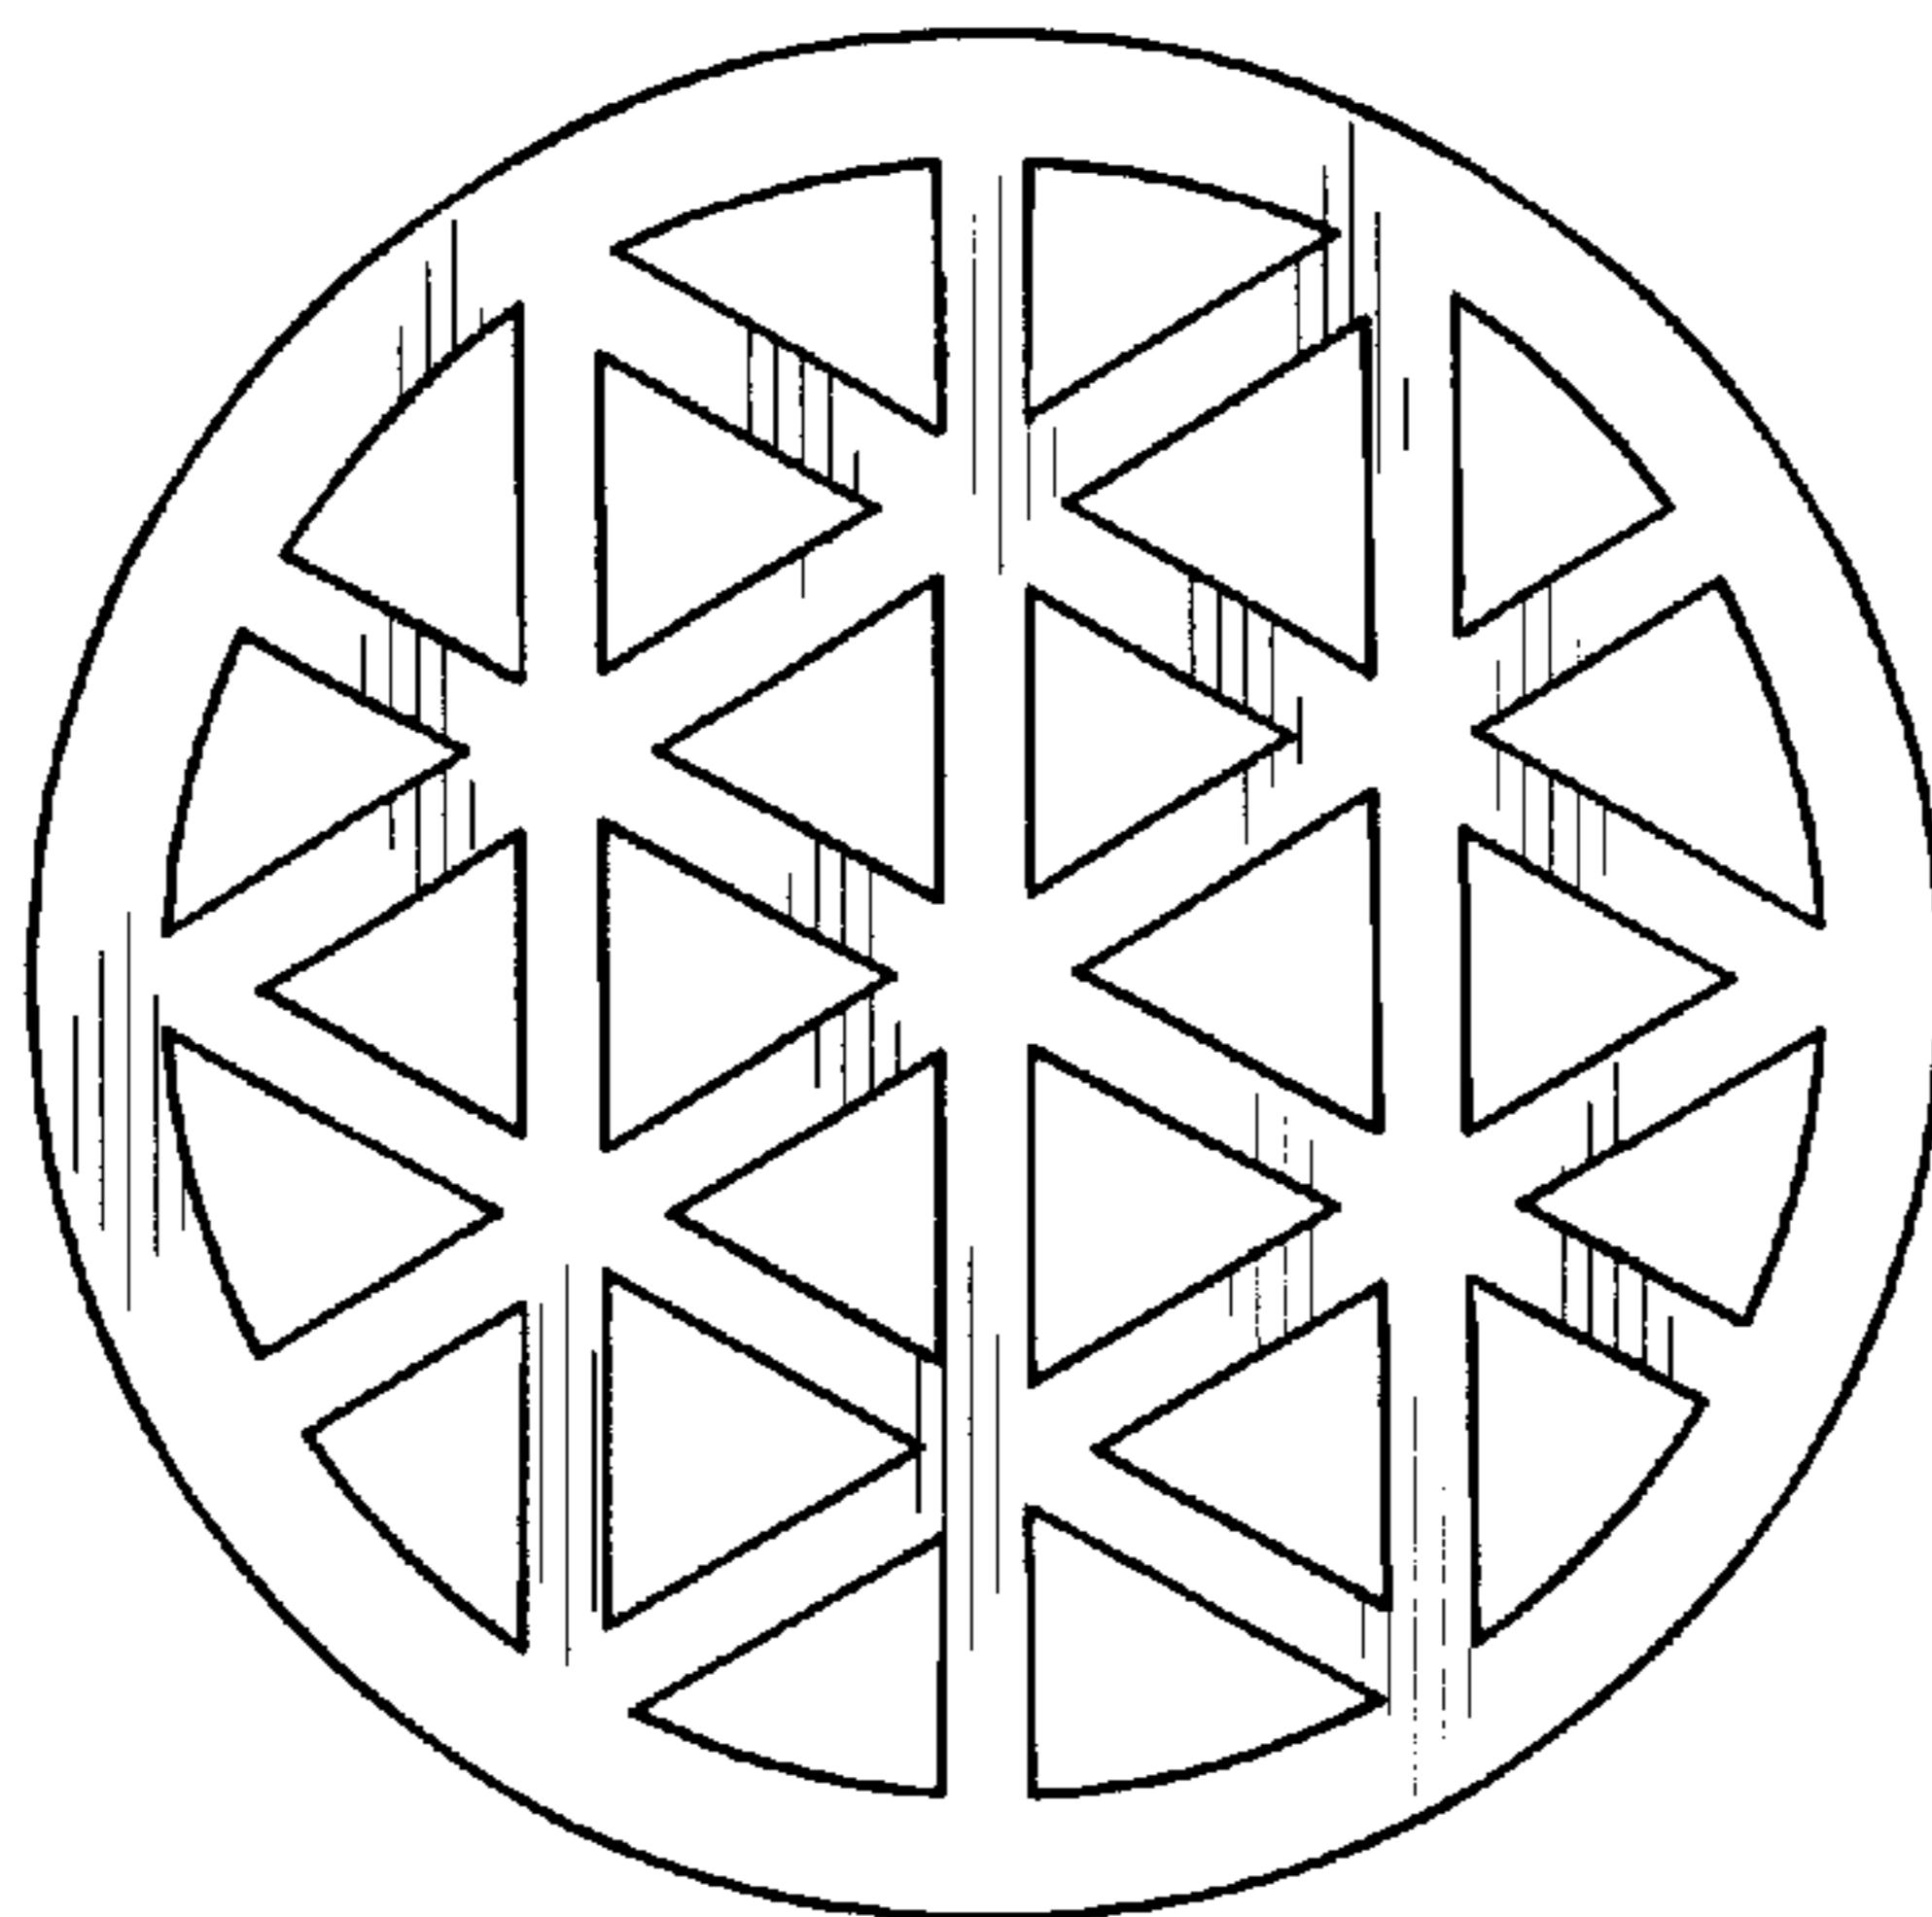

FIG. 2

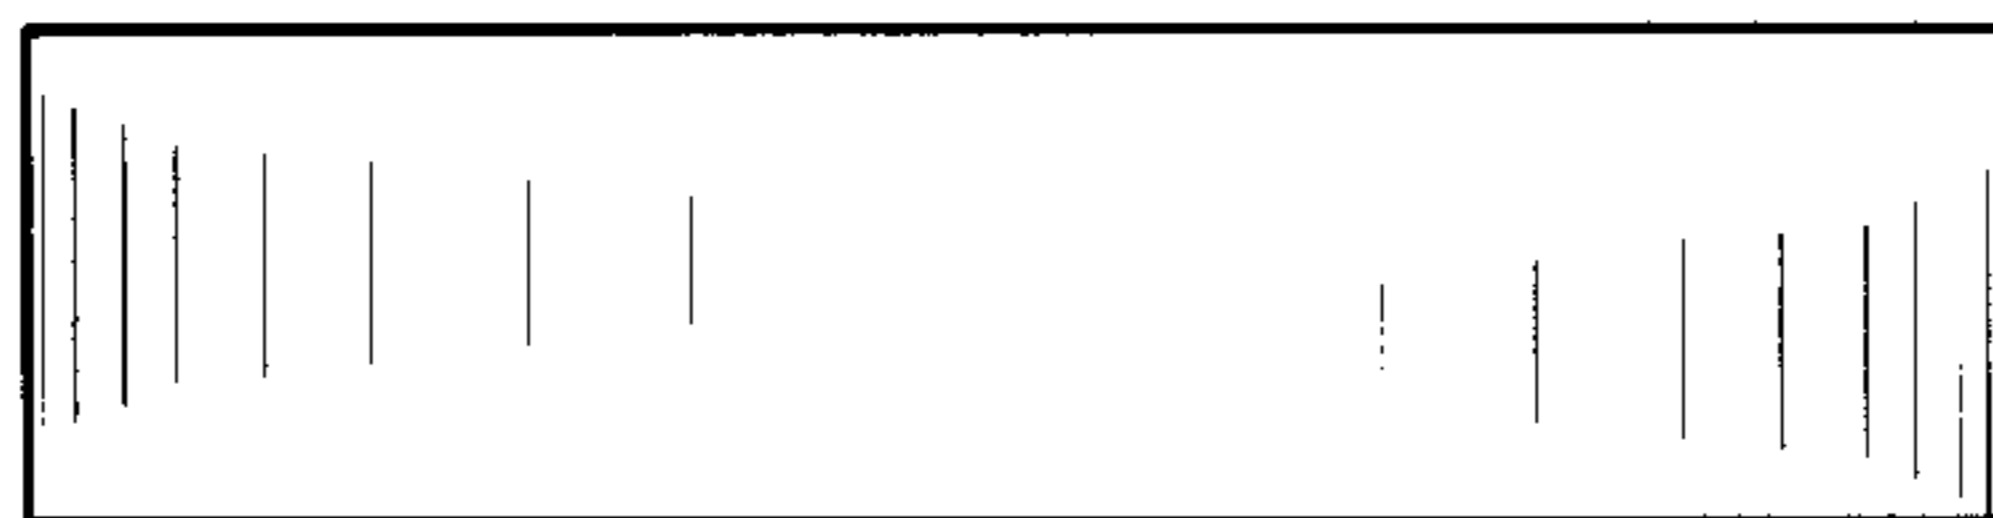

FIG. 3
