(57) **CLAIM**

The ornamental design for a removable memory card for use with portable electronic devices, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a removable memory card for use with portable electronic devices that incorporates a first embodiment of the new design, showing the card's top, front side and left side;

FIG. 2 is a top plan view of the memory card first embodiment;

FIG. 3 is a left side elevational view of the memory card first embodiment;

FIG. 4 is a front side elevational view of the memory card first embodiment;

FIG. 5 is a bottom plan view of the memory card first embodiment;

FIG. 6 is a right side elevational view of the memory card first embodiment;

FIG. 7 is a rear side elevational view of the memory card first embodiment;

FIG. 8 is an isometric view of a removable memory card for use with portable electronic devices that incorporates a second embodiment of the new design, showing the card's top, front side and left side;

FIG. 9 is a bottom plan view of the memory card second embodiment;

FIG. 10 is a right side elevational view of the memory card second embodiment;

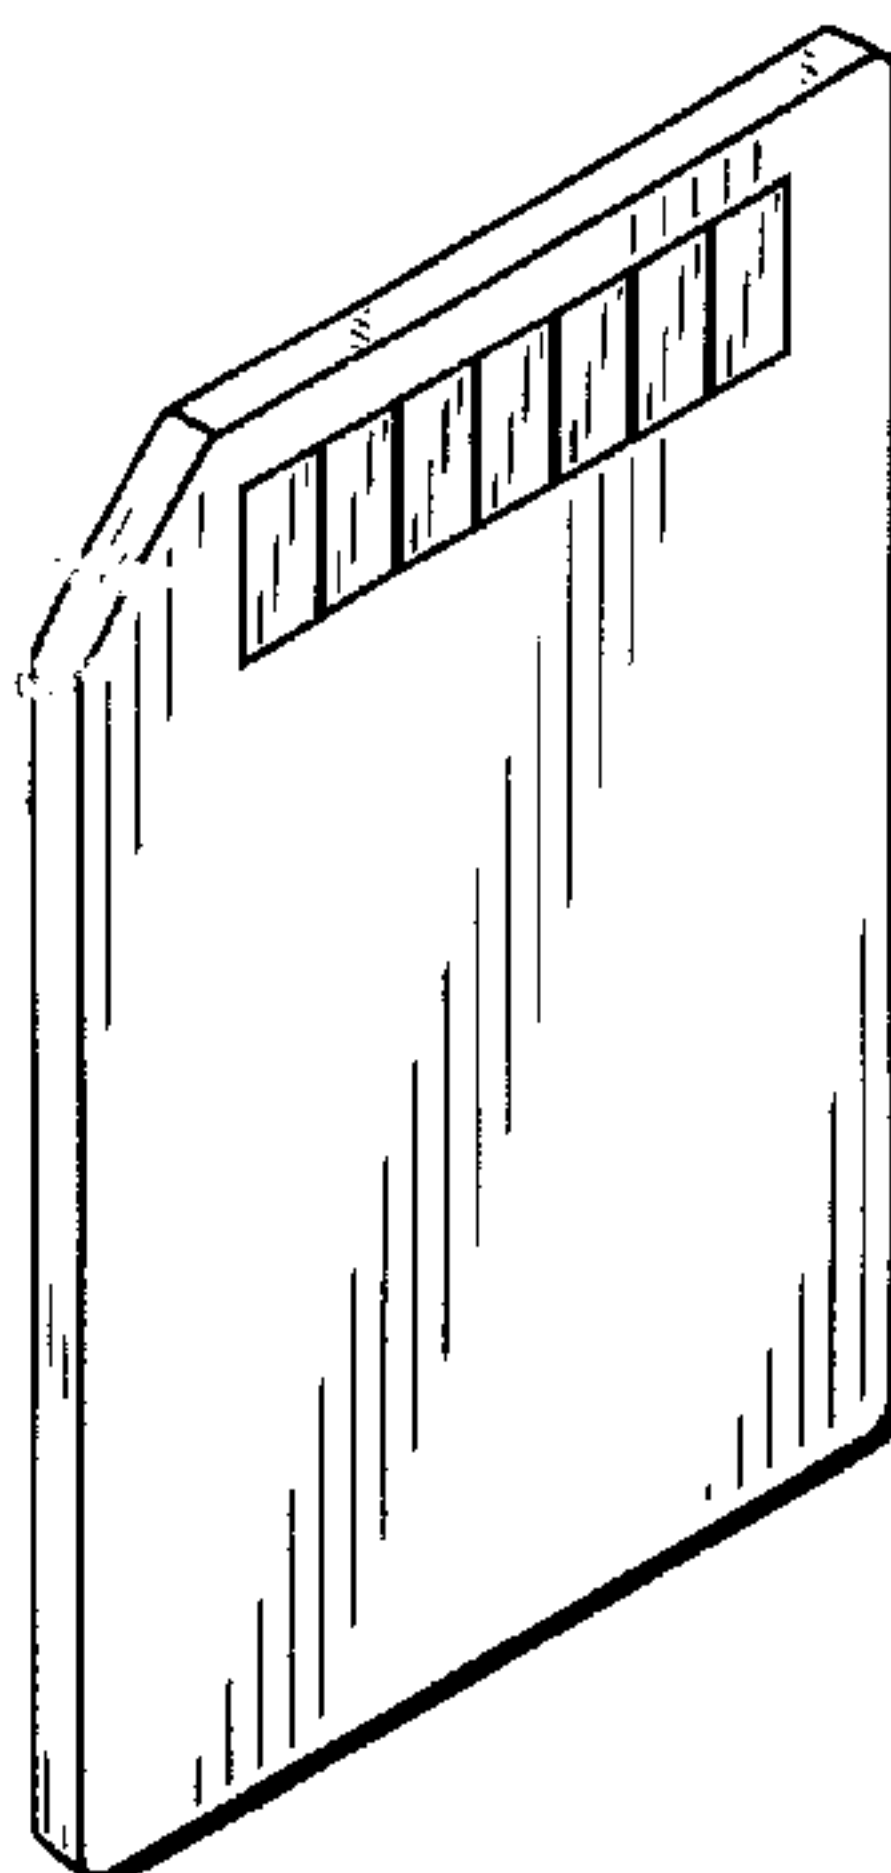

FIG. 11 is a front side elevational view of the memory card second embodiment;

FIG. 12 is a top plan view of the memory card second embodiment;

FIG. 13 is a left side elevational view of the memory card second embodiment; and,

FIG. 14 is a rear side elevational view of the memory card second embodiment.
