(57) **CLAIM**

The ornamental design for a universal emergency sign, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a universal emergency sign showing our new design, with the swivel mounting portion thereof in a position for mounting to a horizontal surface;

FIG. 2 is a left end elevational view thereof;

FIG. 3 is a right end elevational view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a rear elevational view thereof;

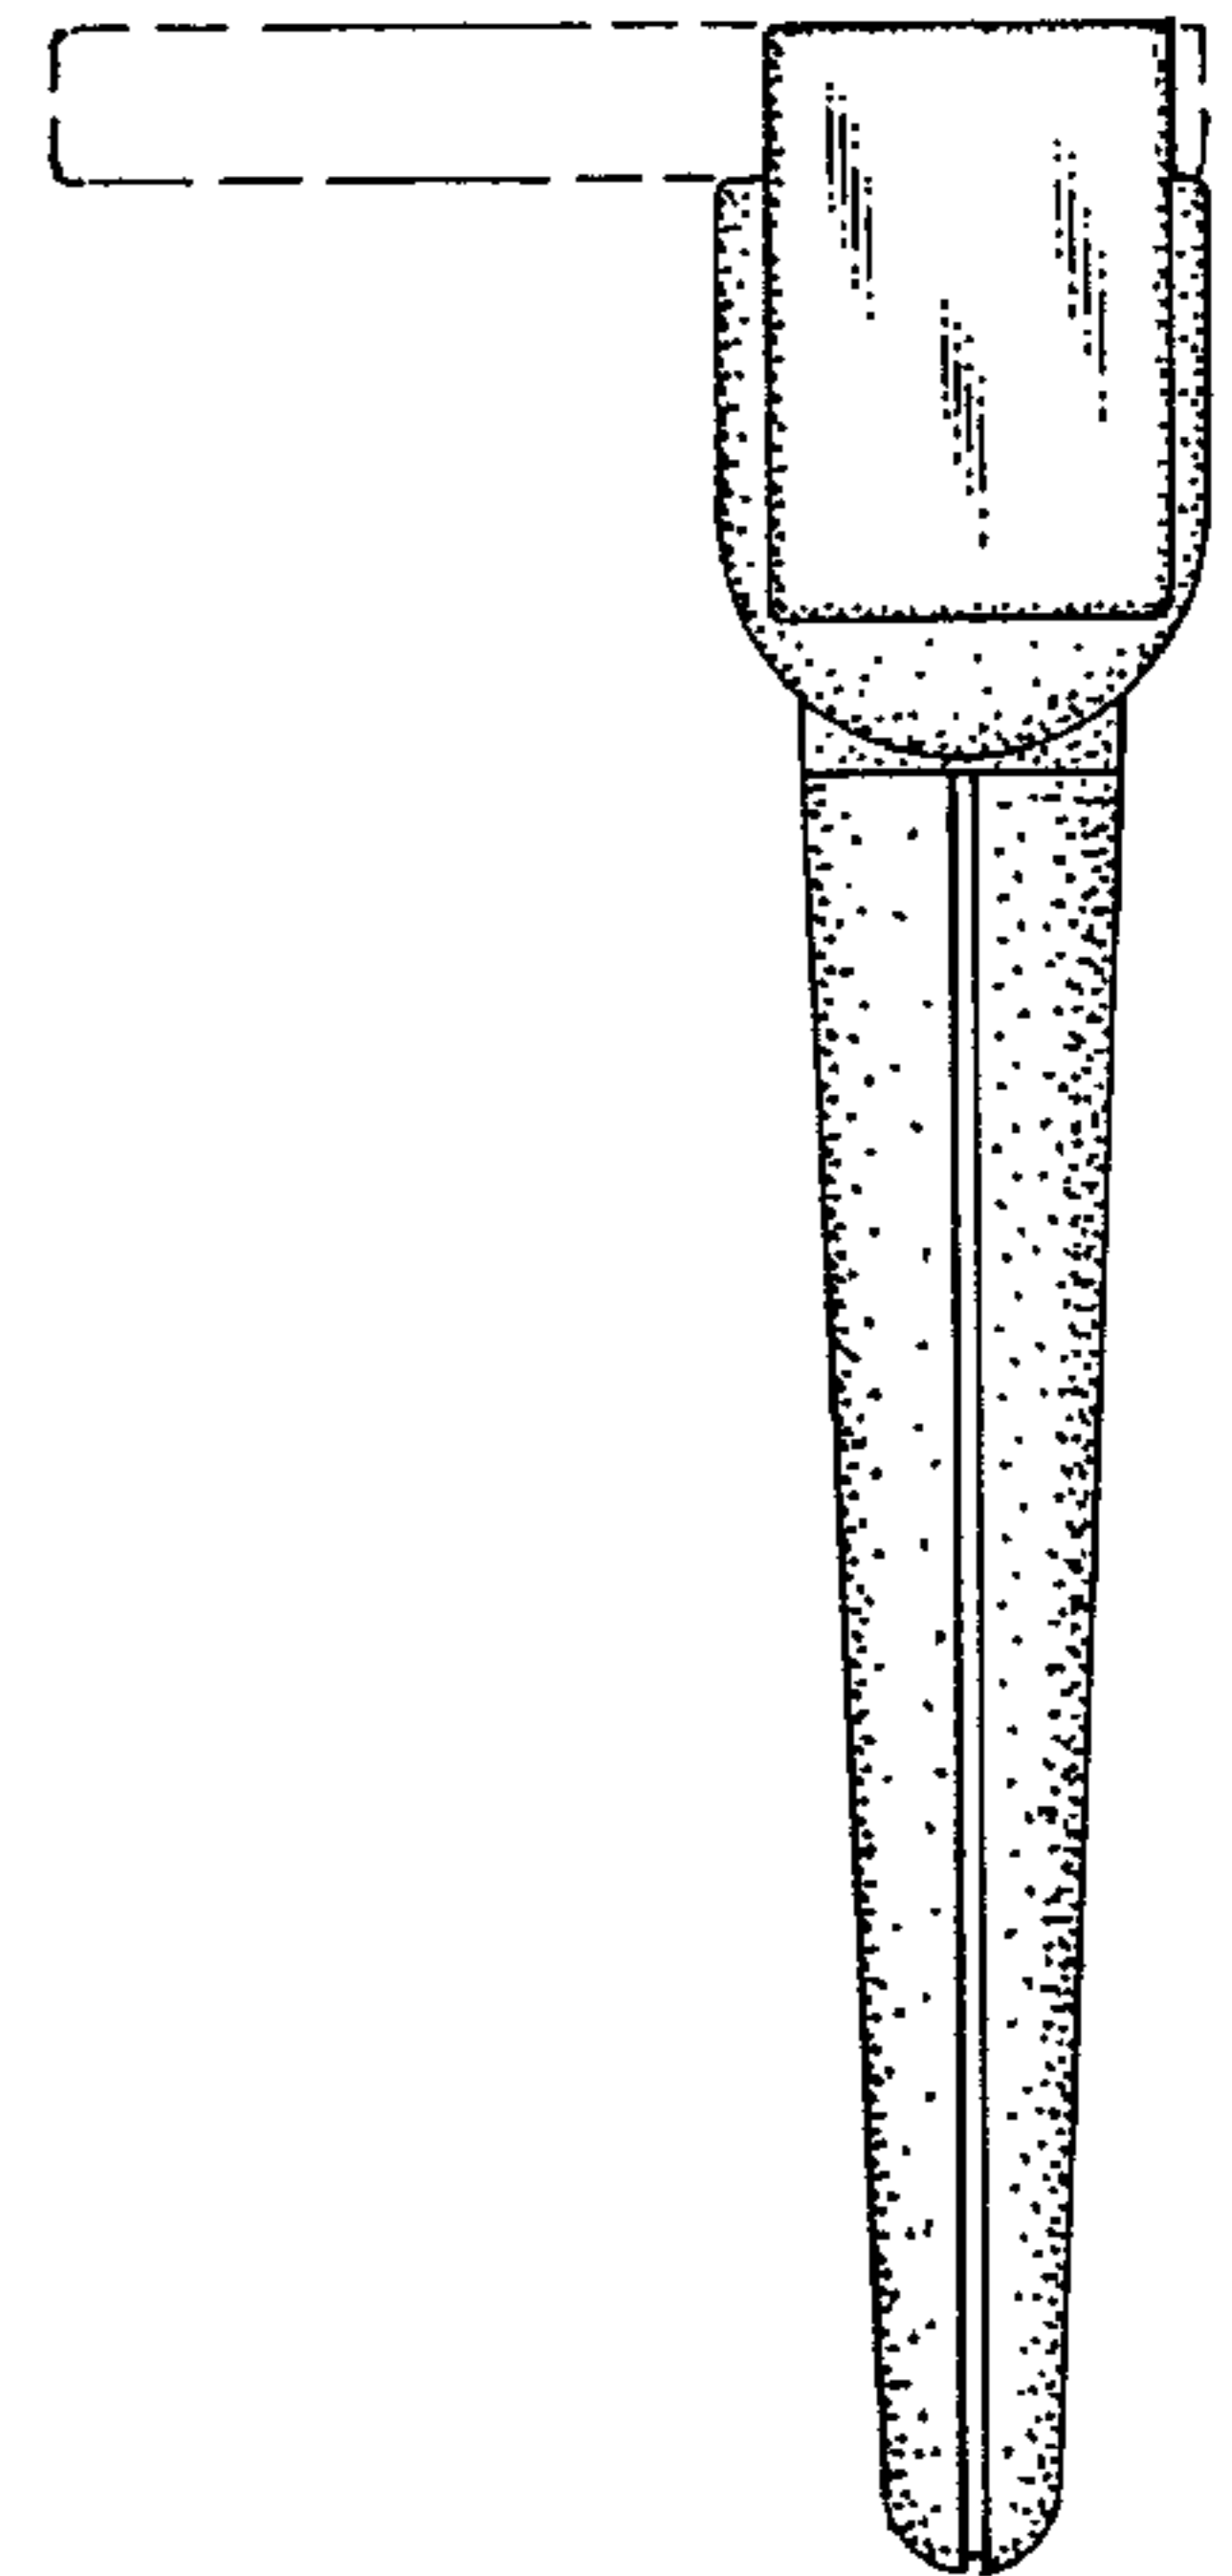

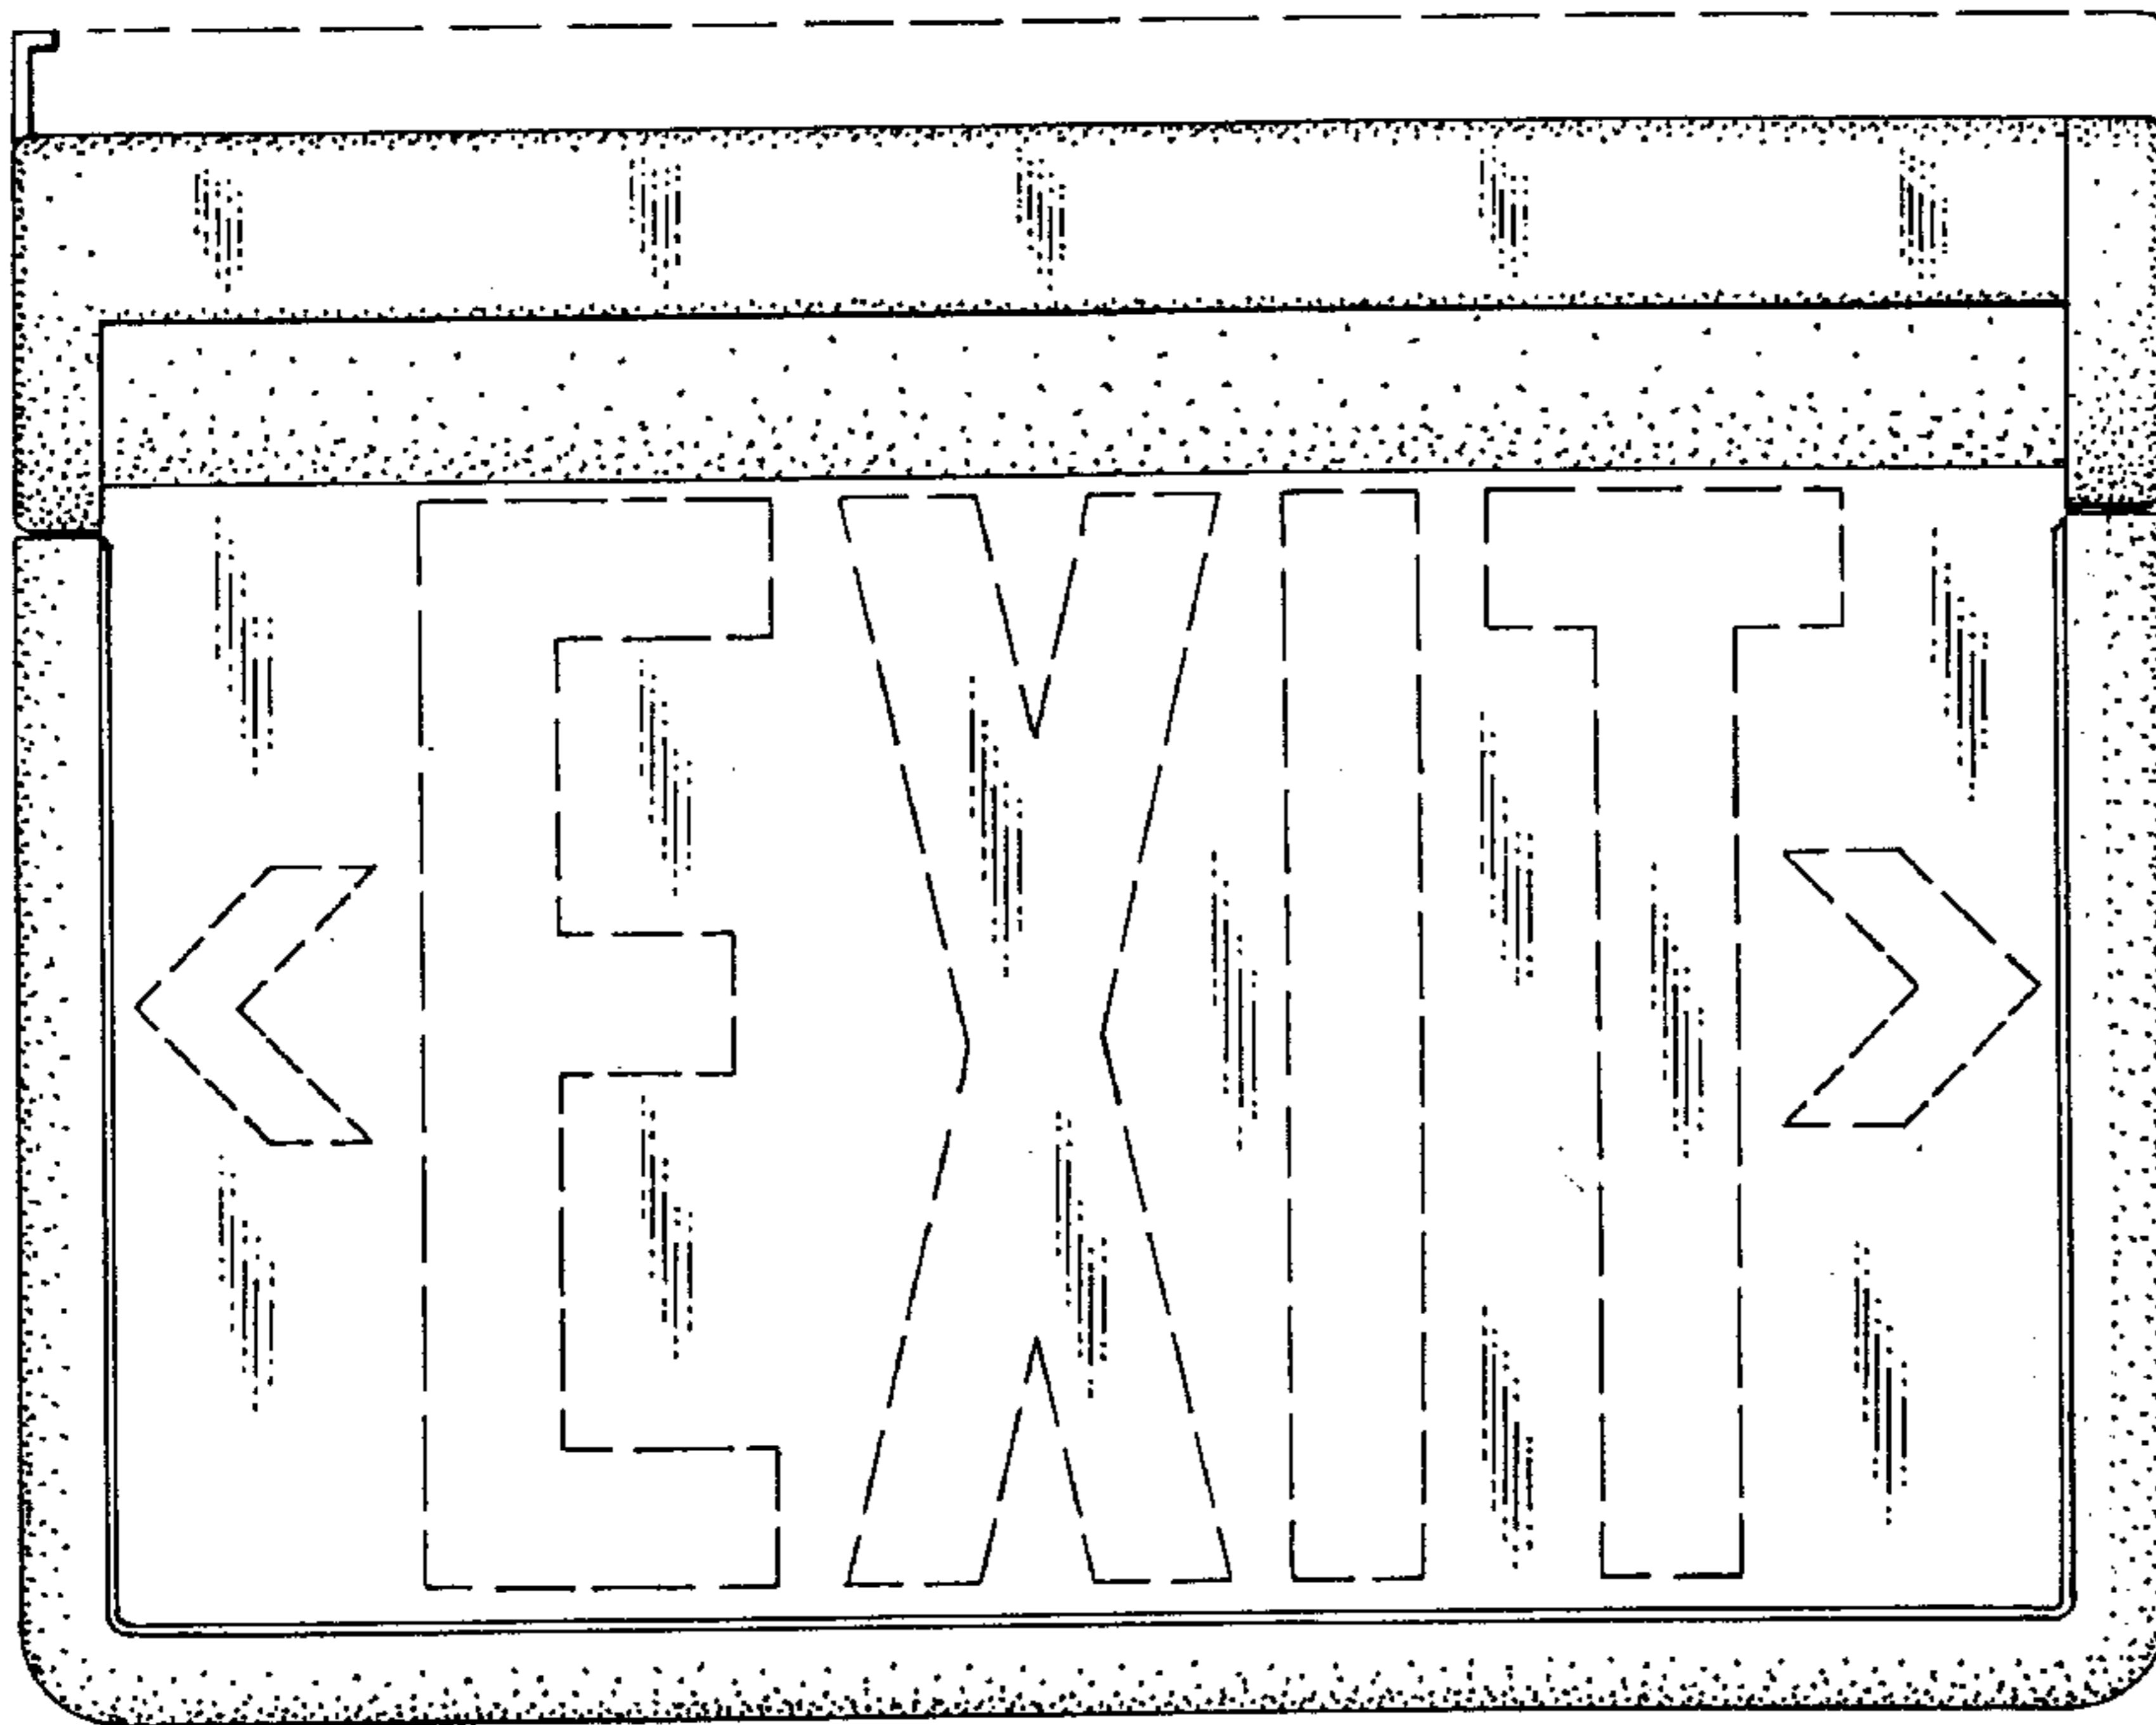

FIG. 7 is a right end elevational view of the universal emergency sign, illustrating the swivel mounting portion thereof in a position for mounting to an inclined surface;

FIG. 8 is a right end elevational view of the universal emergency sign, illustrating the swivel mounting portion thereof in a position for mounting to a vertical surface; and,

FIG. 9 is a perspective view of the universal emergency sign, illustrating the left end thereof mounted to a vertical surface.

The broken lines showing a mounting plate and indicia for an exit sign are for illustrative purposes only and form no part of the claimed design.
