#### (57)**CLAIM**

The ornamental design for a pattern for embossed nonwoven wipe, as shown and described.

## **DESCRIPTION**

The sole FIGURE is a top plan view of a pattern for embossed nonwoven wipe showing our new design. At least one unit of repeat is shown within the broken lines which indicate the design repeats uniformly to the boundaries of the product on which it is applied. The broken lines furthermore depict the boundaries of the claimed pattern as well as those of the embossed wipe to which the pattern is applied and form no part of the claimed design.
