(57) **CLAIM**

The ornamental design of a tubular packaging for door hardware, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tubular packaging in accordance with the present invention;

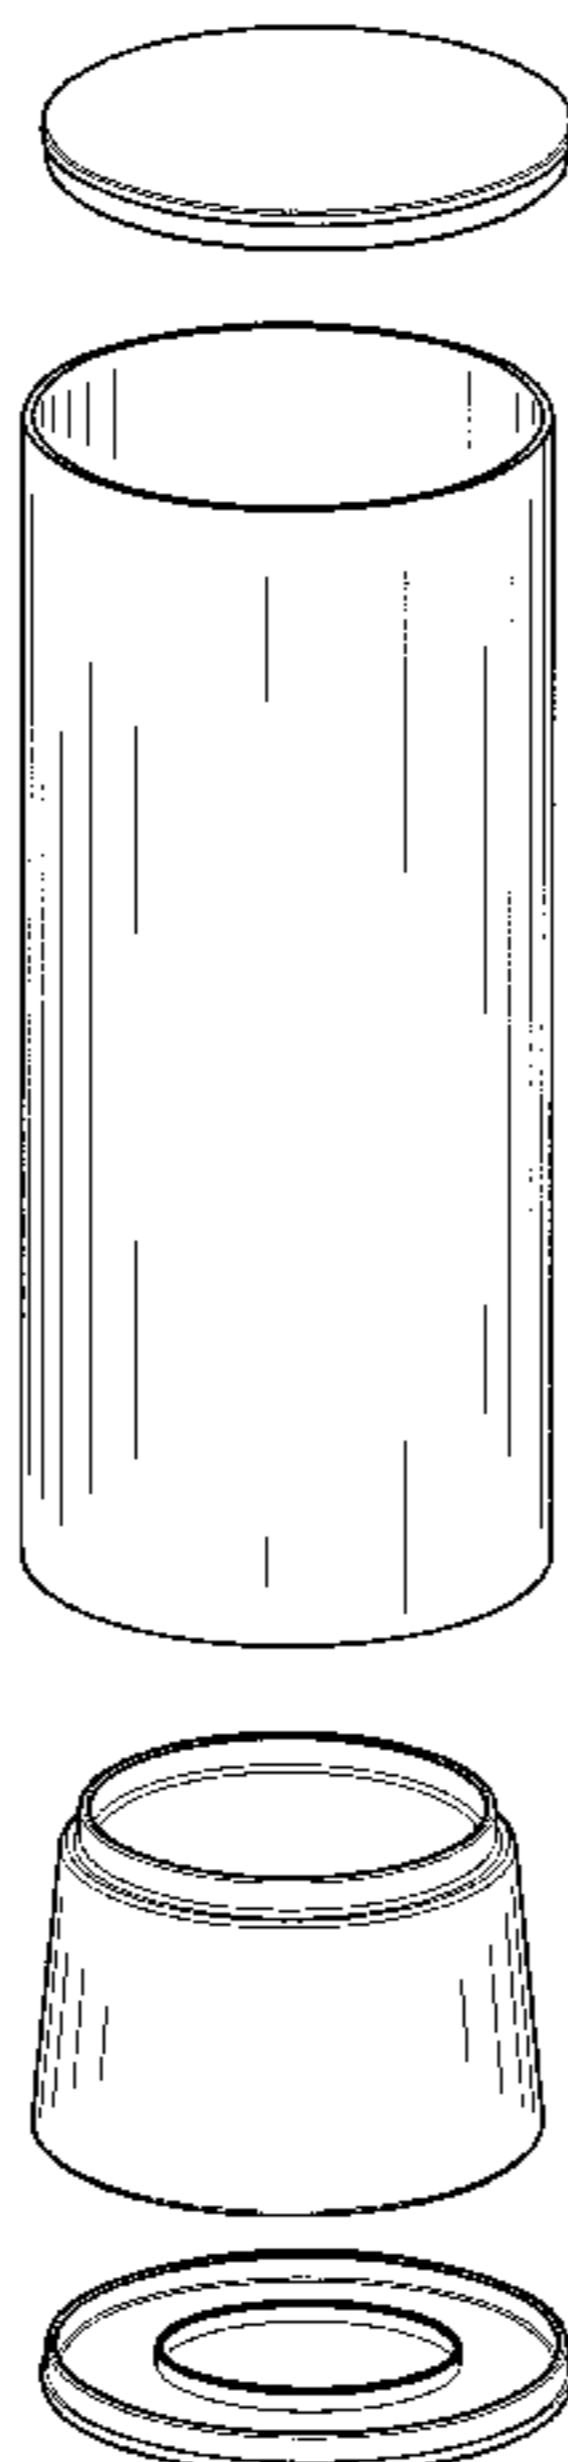

FIG. 2 is an exploded perspective view illustrating the components of the tubular packaging of the present invention shown in FIG. 1;

FIG. 3 is a front elevational view of the present invention shown in FIG. 1, it being understood that the rear elevational view, left side elevational view and right side elevational view are identical thereto; and,

FIG. 4 is a top plan view of the present invention shown in FIG. 1, it being understood that the bottom plan view is identical thereto.

Various components of the door hardware is shown in phantom but does not form any part of the ornamental design.
