(57) **CLAIM**

The ornamental design for an equipment console, as shown and described.

DESCRIPTION

FIG. 1 is a perspective of an equipment console of the present invention;
FIG. 2 is a front elevation of the console;
FIG. 3 is a left side elevation of the console, the right side elevation being a mirror image of the left side elevation;
FIG. 4 is a top plan of the console;
FIG. 5 is a rear elevation of the console; and,
FIG. 6 is a bottom plan of the console.
The broken lines shown in the drawings indicate environmental structure and portions of the console which form no part of the design.
