(57) **CLAIM**

The ornamental design for a tire tread, as shown and  
described.

**DESCRIPTION**

FIG. 1 is a side perspective view of a tire tread showing my  
new design, it being understood that the tread pattern is  
repeated throughout the circumference of the tire tread, the  
opposite side being the same as that shown;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a side elevational view of the right side thereof;

FIG. 4 is a side elevational view of the left side thereof; and,

FIG. 5 is an enlarged fragmentary side perspective view  
thereof.

The broken lines defining the tire sidewall and inner bead  
and the peripheral boundary between the tire tread and  
sidewall are for illustrative purposes only and form no part  
of the claimed design.
