(57) **CLAIM**

The ornamental design for a toggle switch stop, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the toggle switch stop in accordance with the present new design;

FIG. 2 is a rear perspective view of the toggle switch stop in accordance with the present new design;

FIG. 3 is a top view of the toggle switch stop in accordance with the present new design, the bottom being a mirror image;

FIG. 4 is a first end view of the toggle switch stop in accordance with the present new design;

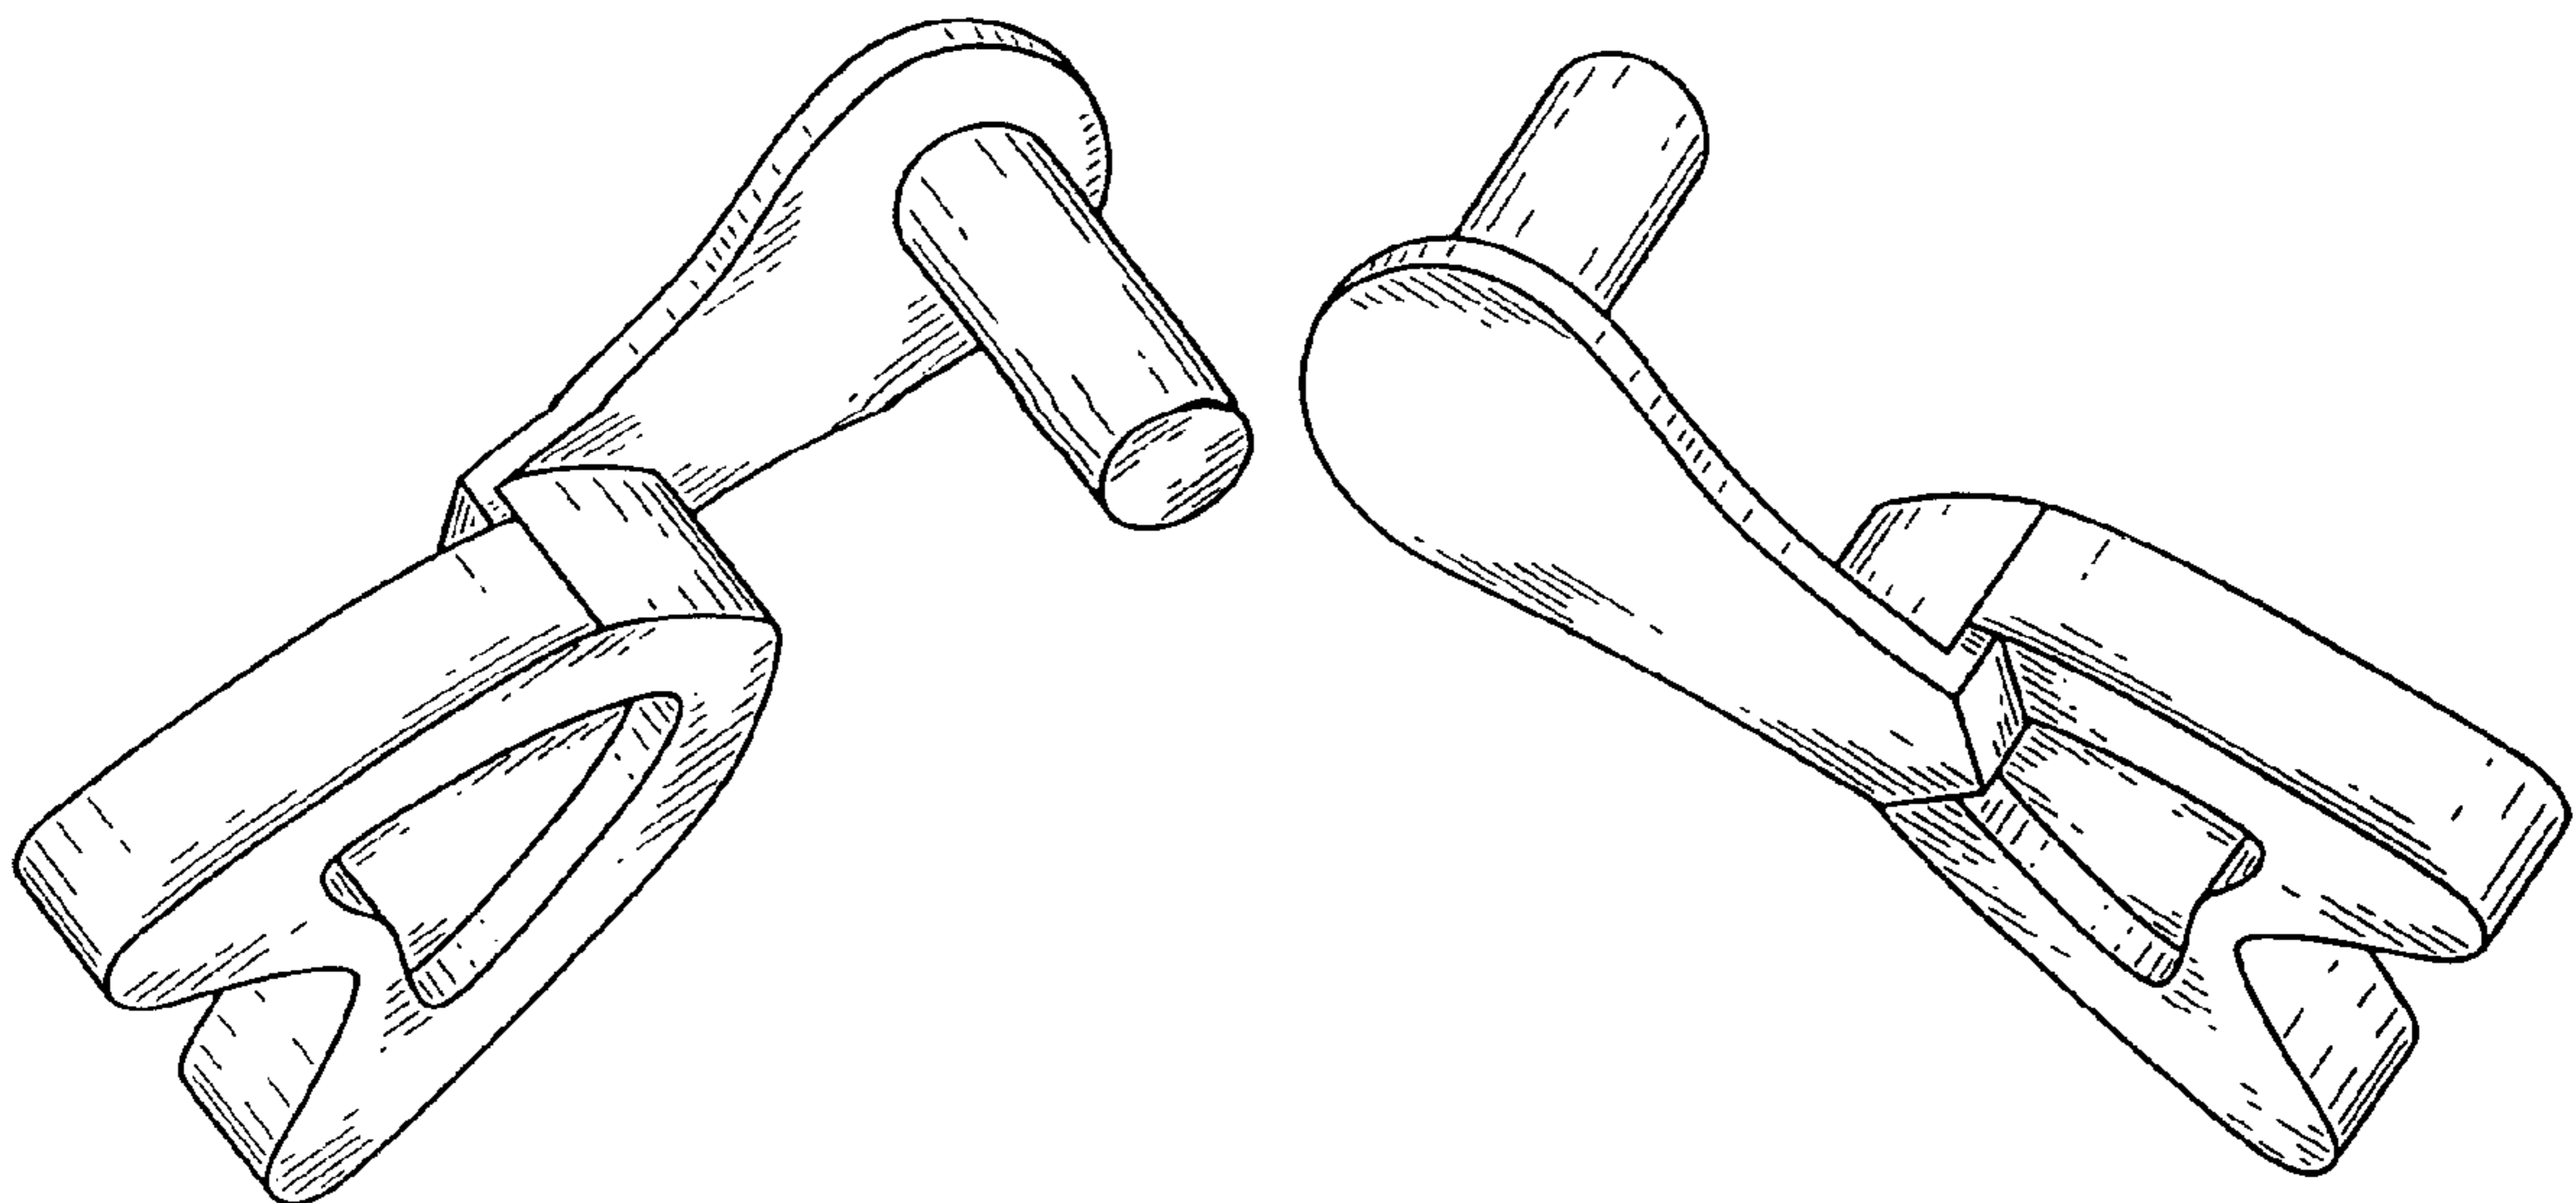

FIG. 5 is a second end view of the toggle switch stop in accordance with the present new design;

FIG. 6 is a front view of the toggle switch stop in its intended environment of operation on a toggle switch of a circuit breaker; and,

FIG. 7 is a rear view of the toggle switch stop in its intended environment of operation on a toggle switch of a circuit breaker.

The broken line showing a switch body, toggle and retaining clip in FIGS. 6 and 7 included for the purpose of illustrating the environment only, and forms no part of the claimed design.
