(57) **CLAIM**

The ornamental design for a fashion scale, as shown and described.

**DESCRIPTION**

FIG. 1 is a front left perspective view of an exemplary fashion scale according to an embodiment of the present invention, having a digital display depicted in phantom within a raised portion on the topside and having a convex portion near the front.

FIG. 2 is a back elevational view of the fashion scale.

FIG. 3 is a top plan view of the fashion scale.

FIG. 4 is a front elevational view of the fashion scale.

FIG. 5 is a right side elevational view of the fashion scale, the left side elevational view being a mirror image.

FIG. 6 is a front left perspective view of another exemplary fashion scale according to an alternative embodiment of the present invention, having a digital display depicted in phantom within a raised portion on the topside and having a concave portion near the front.

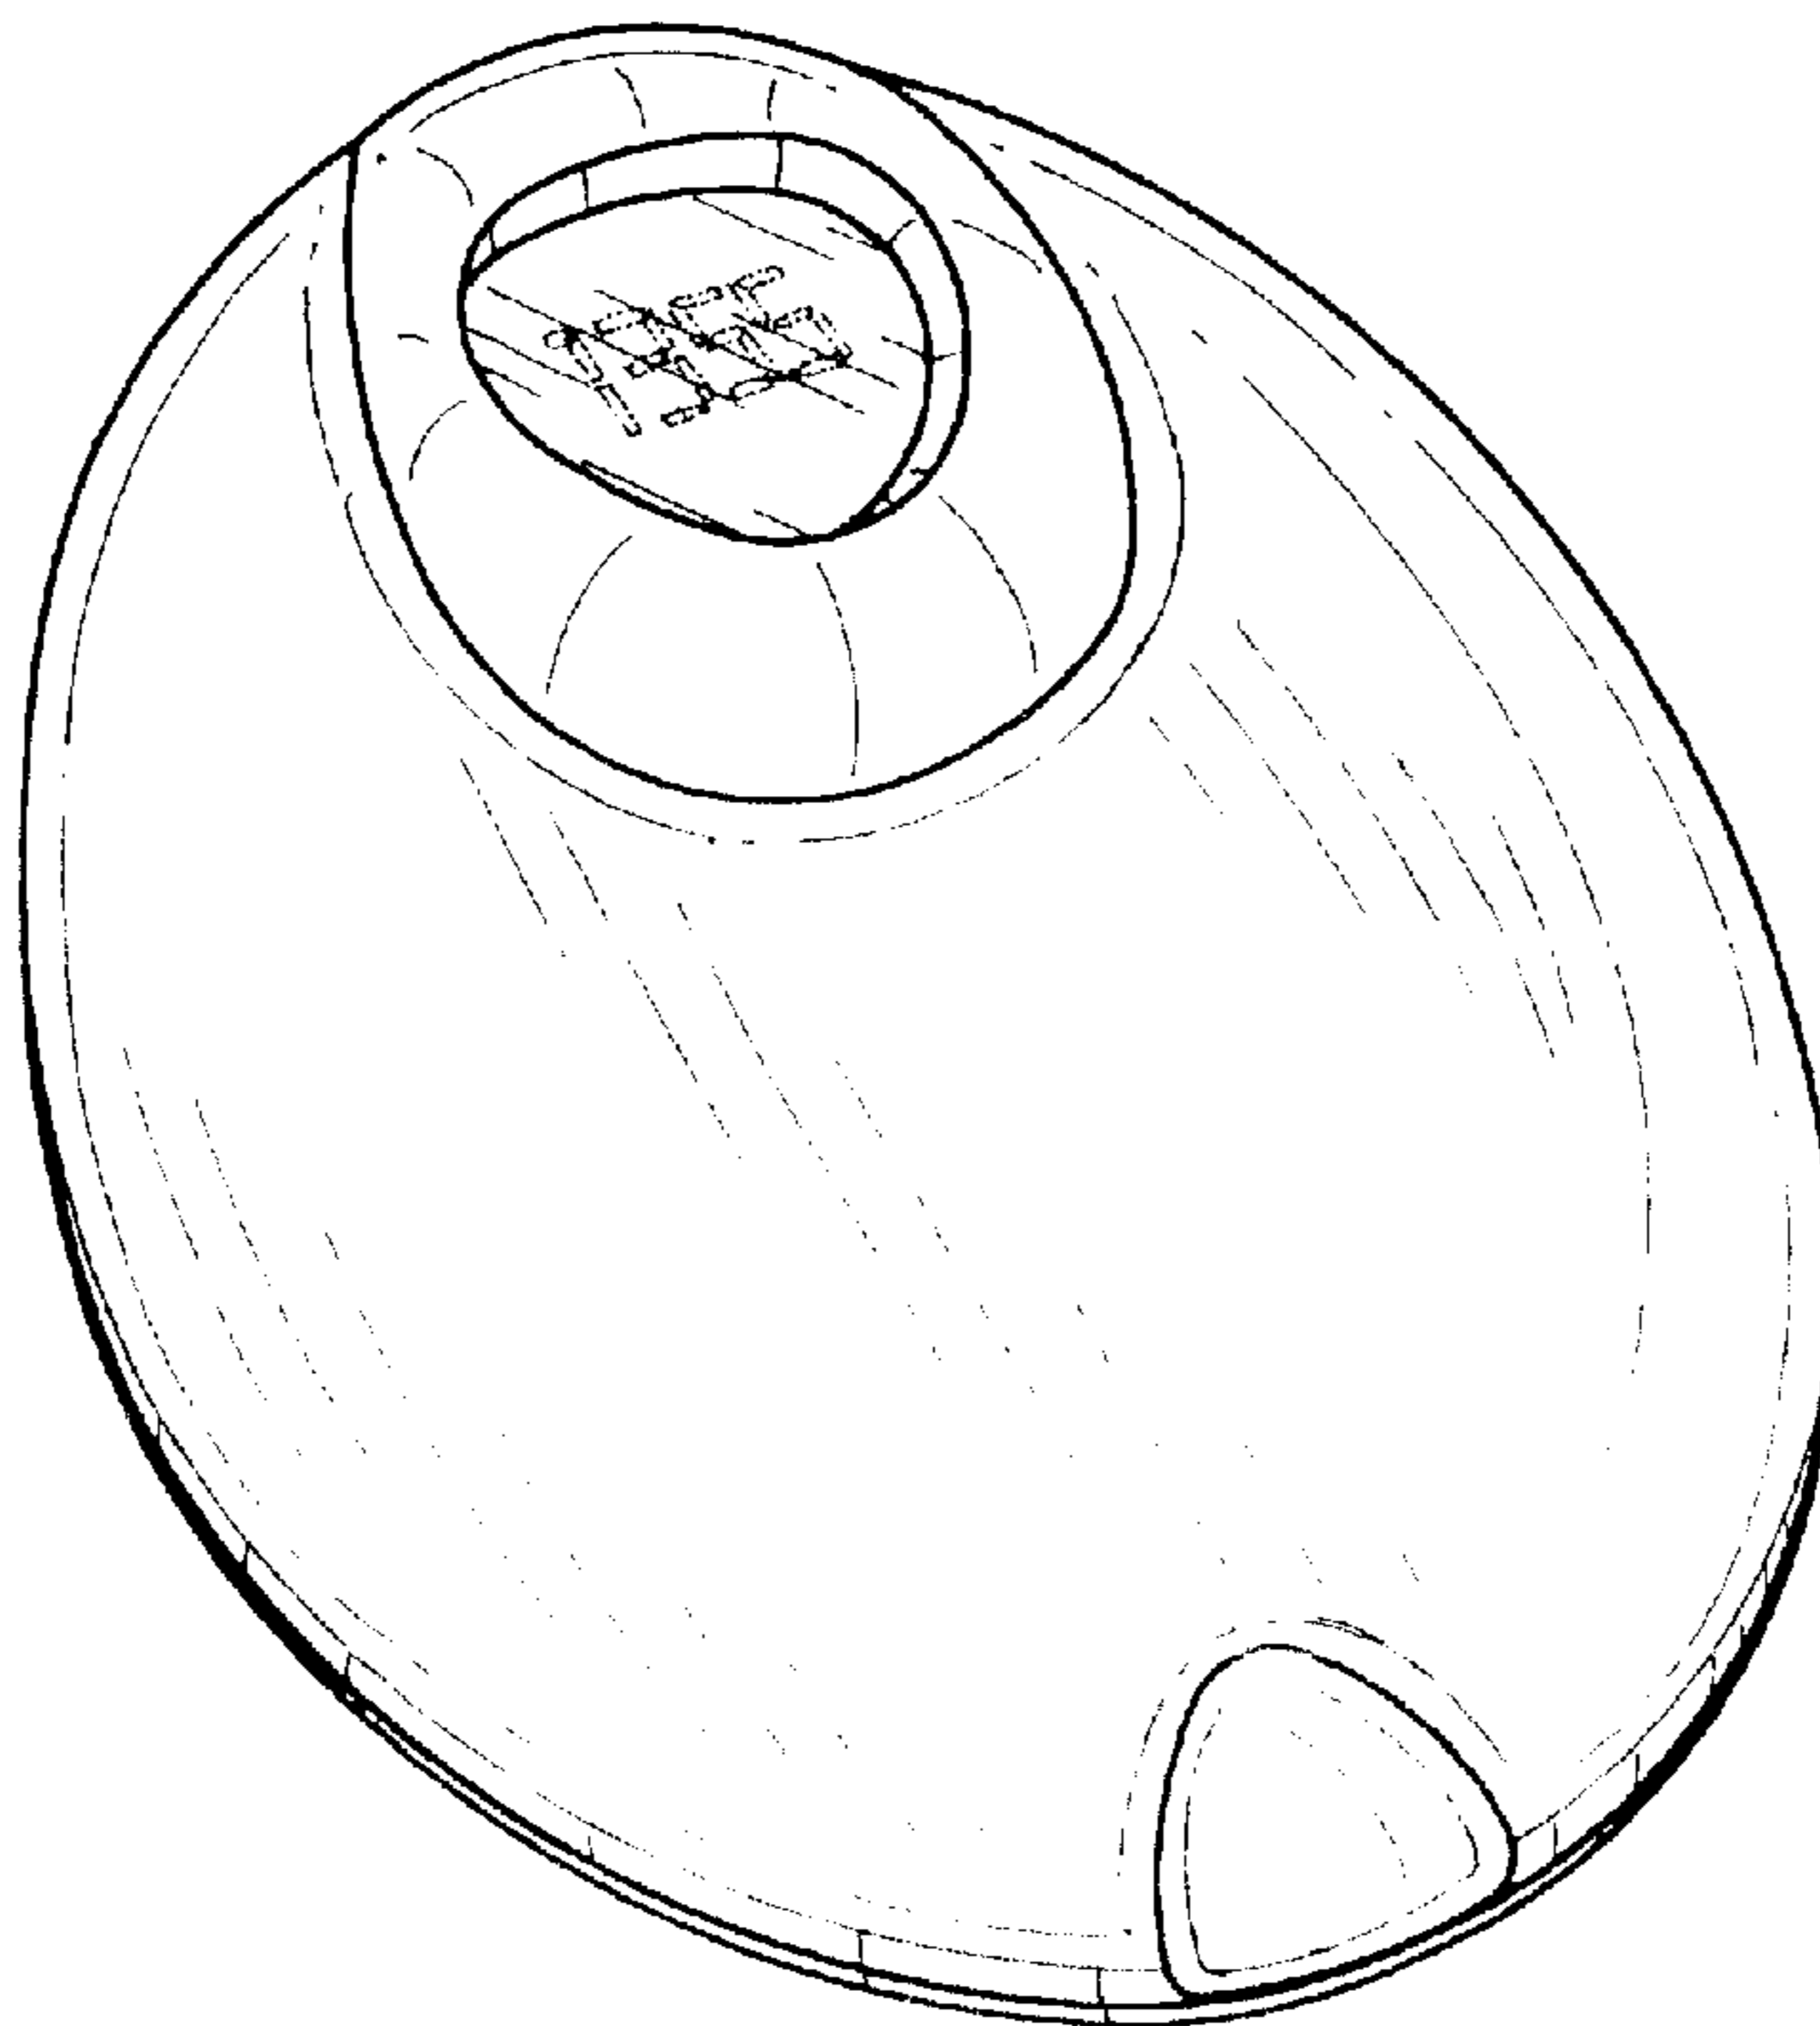

FIG. 7 is a top plan view of the fashion scale according to the alternative embodiment.

FIG. 8 is a front elevational view of the fashion scale according to the alternative embodiment; and,

FIG. 9 is a right side elevational view of the fashion scale according to the alternative embodiment.

The broken lines shown in the drawings identify in phantom environmental structure or boundaries that are not claimed part of the claimed design to be patented.
