(57) **CLAIM**

The ornamental design for a dining chair, as shown and
described.

DESCRIPTION

FIG. 1 is a front perspective view of the dining chair of the
present invention showing my new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a side elevational view thereof; and,
FIG. 4 is a rear elevational view thereof.
The fragmented cross-hatching shown on the seat member is
understood to represent fabric and would be continuous
throughout the circumscribed area.
