(57) **CLAIM**

The ornamental design for a tire tread, as shown and
described.

DESCRIPTION

FIG. 1 is a side perspective view of a tire tread showing our
new design, it being understood that the tread pattern is
repeated throughout the circumference of the tire tread, the
opposite side being the same as that shown;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a side elevational view of the right side thereof, the
opposite side being identical thereto; and,

FIG. 4 is an enlarged fragmentary front elevational view
thereof.

The broken lines defining the tire sidewall and inner bead
and the peripheral boundary between the tire tread and
sidewall are for illustrative purposes only and form no part
of the claimed design.
