(57) **CLAIM**

The ornamental design for a eyelash curler, as shown and described.

DESCRIPTION

The design of the present application is directed to an eyelash curler used for curling the eyelashes of an individual. Such includes a movable slide member which, upon upward movement by a curved handle, permits an individual's eyelashes inserted into the liner to be properly curled. The slide member is located in the middle portion while the curved portion at the top of the curleer is engageable with a curved slidable member that is engageable with the upper curved support of the liner.

FIG. 1 is a top, front and right side perspective view of an eyelash curler showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a left side elevational view thereof;

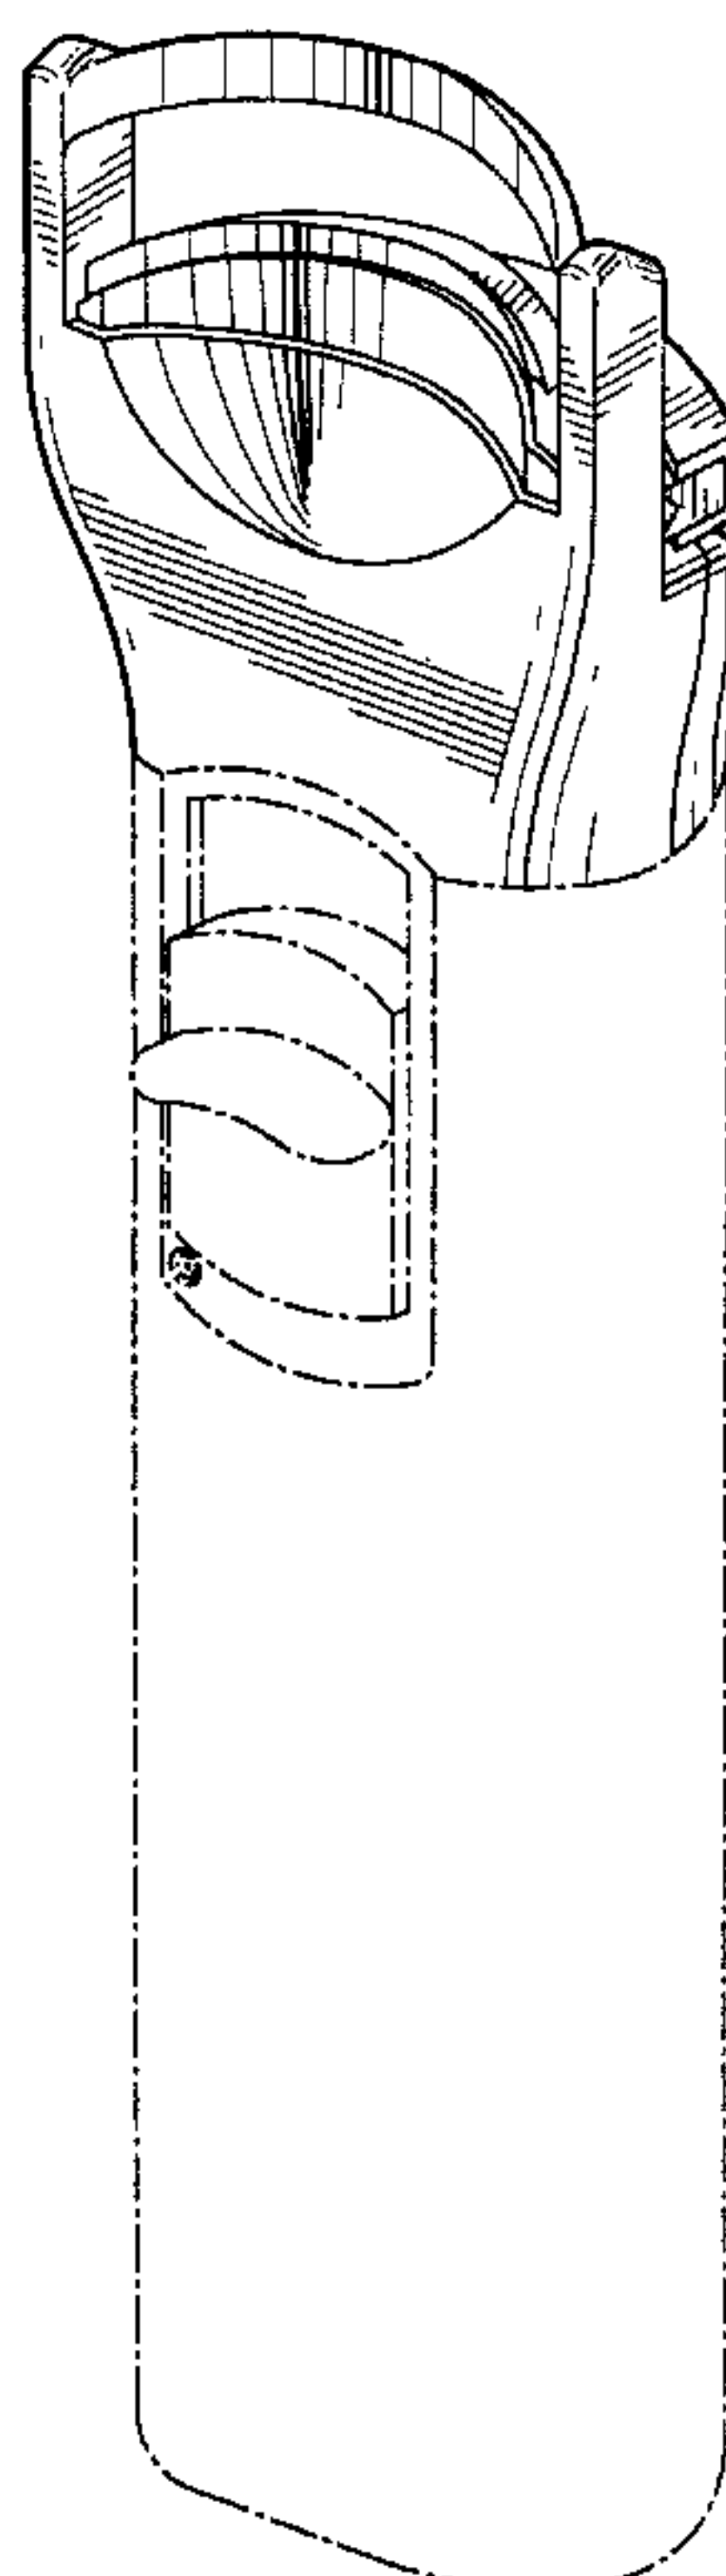

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.

The phantom line showing in the drawings is for illustrative purposes only and forms no part of the claimed design.
