(57) **CLAIM**

The ornamental design for an exterior surface configuration of a rear light, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an exterior surface configuration of a rear light according to our novel design;

FIG. 2 is a right side view of an exterior surface configuration of a rear light according to our novel design;

FIG. 3 is a top view of an exterior surface configuration of a rear light according to our novel design; and,

FIG. 4 is a perspective view from the front right of an exterior surface configuration of a rear light according to our novel design.

The drawings and descriptions represent the left side embodiment of a vehicle headlight. The design also contemplates a mirror symmetrical embodiment on the right side of the vehicle. The dash line included denotes environment and is not part of the claimed design.
