(57) **CLAIM**

The ornamental design for a thrombectomy handpiece, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a thrombectomy handpiece embodying our invention.

FIG. 2 is a side view of the thrombectomy handpiece, illustrated in FIG. 1, embodying our invention.

FIG. 3 is a top view of the thrombectomy handpiece as illustrated in FIGS. 1 and 2 embodying our invention.

FIG. 4 is a bottom view of a thrombectomy handpiece as illustrated in FIGS. 1 through 3 embodying our invention.

FIG. 5 is a front view, taken from the left side looking at FIG. 4, of the thrombectomy handpiece as illustrated in FIGS. 1 through 4, embodying our invention.

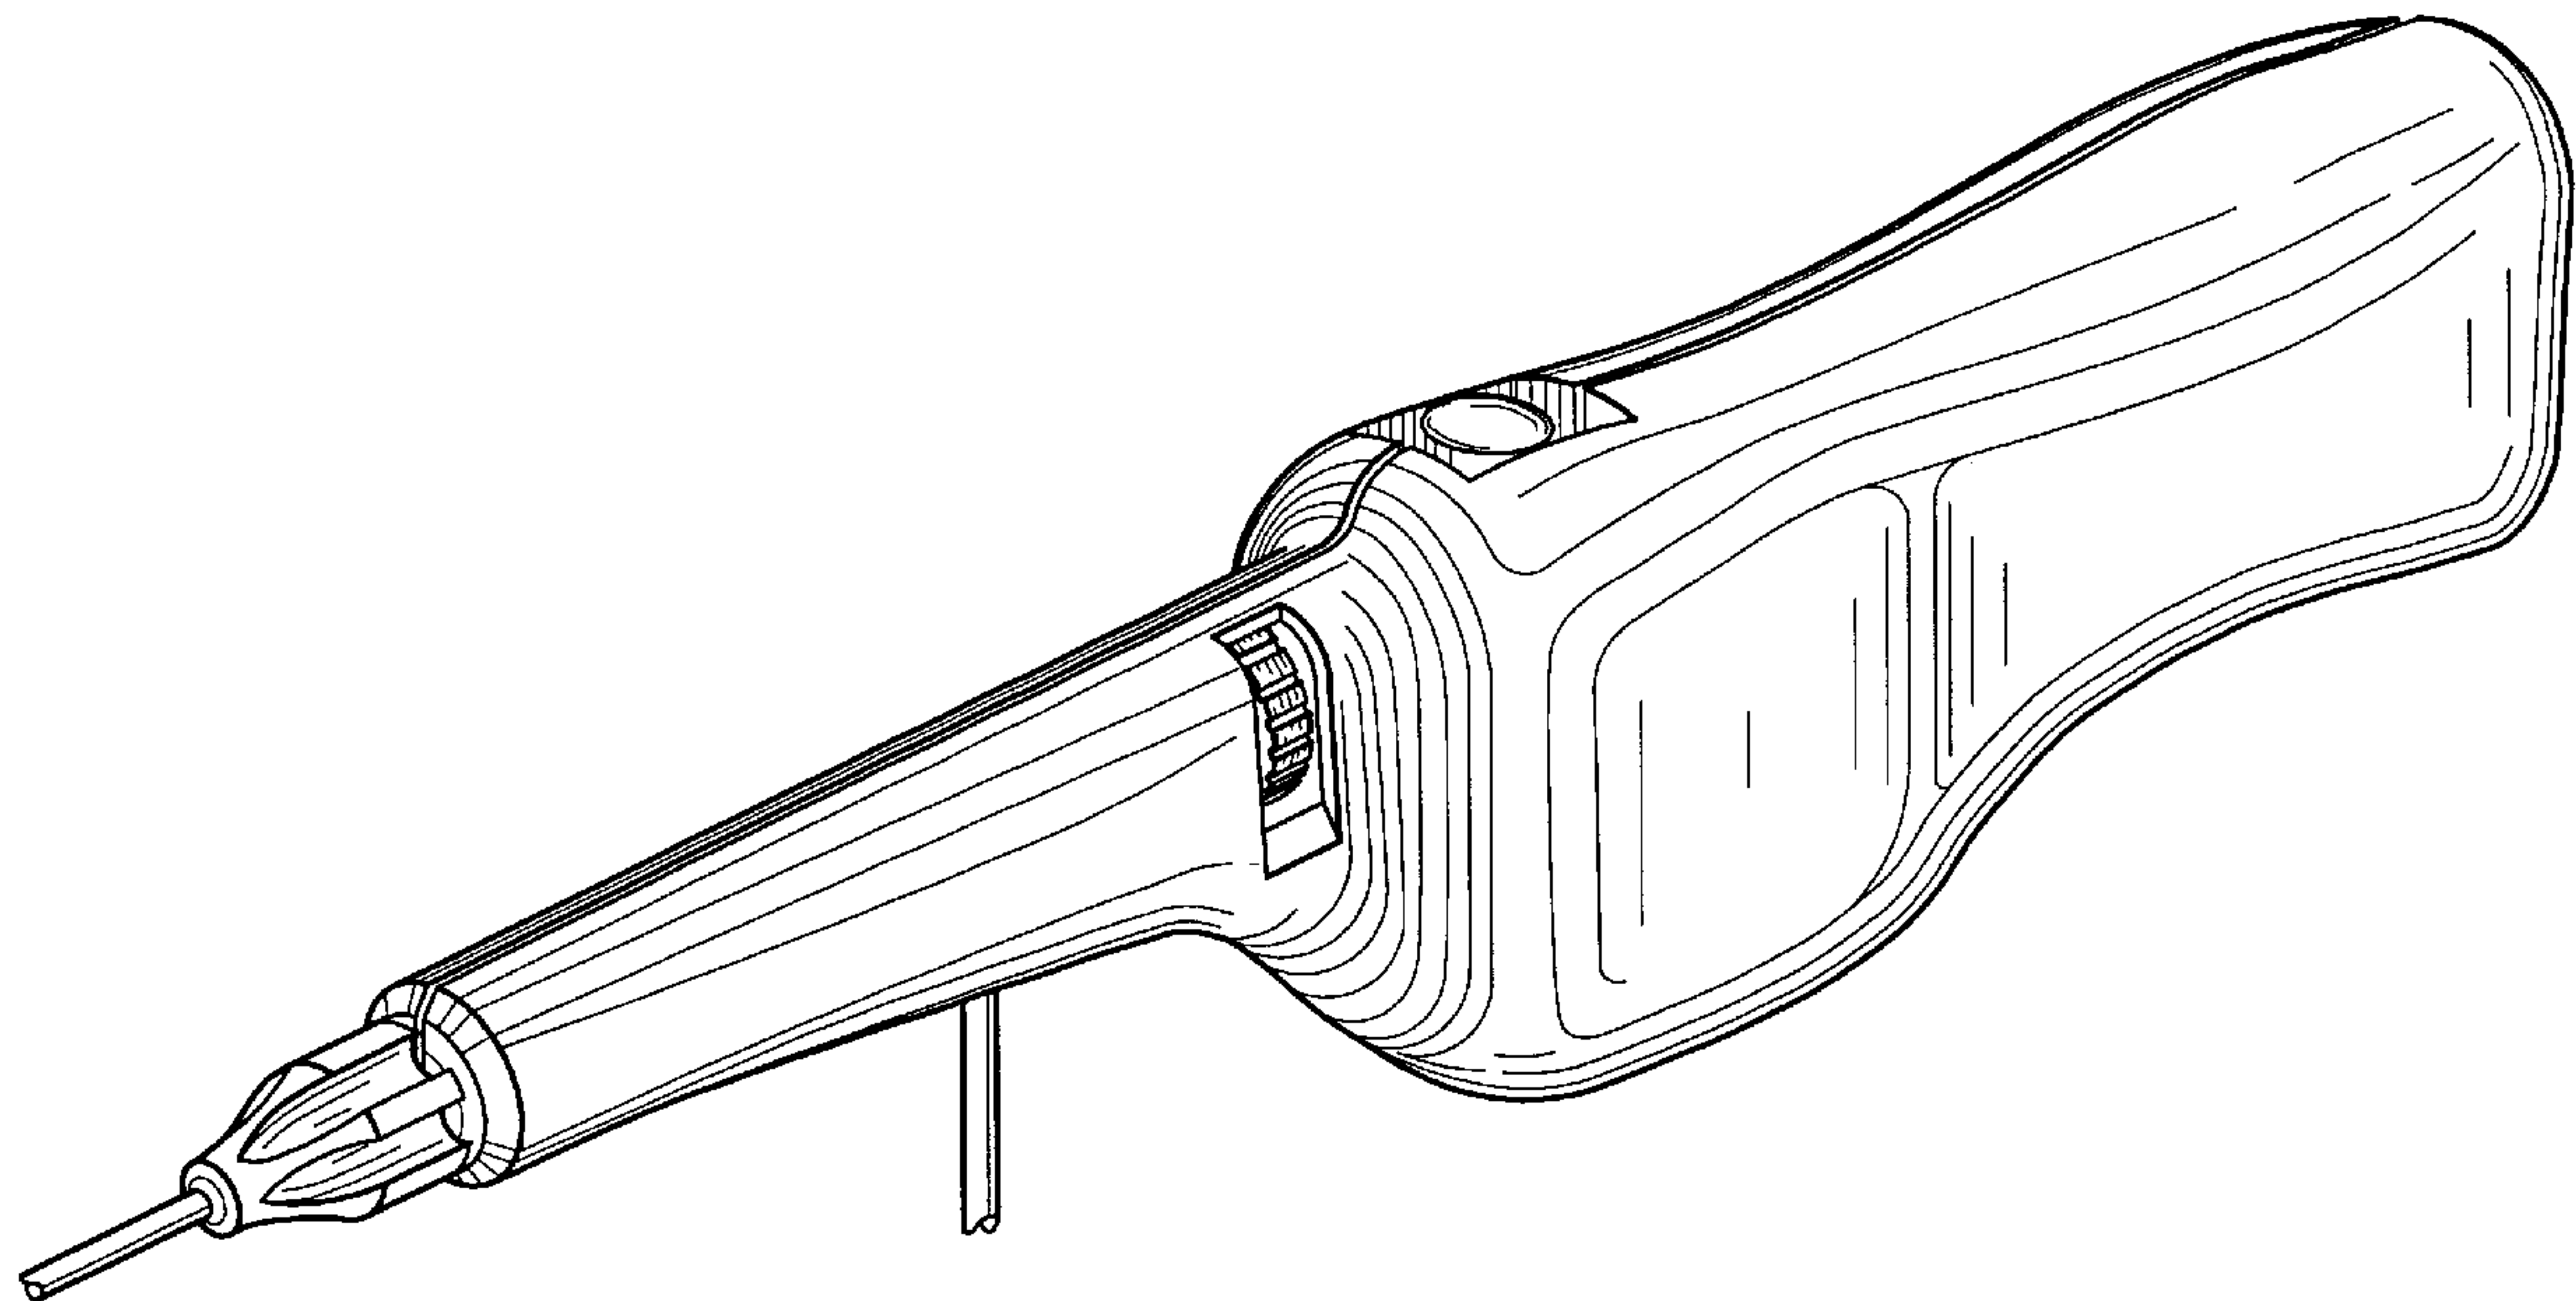

FIG. 6 is a rear view taken, from the right side looking at FIG. 4, of the thrombectomy handpiece as illustrated in FIGS. 1 through 5 embodying our invention.

FIG. 7 is a side view thereof, opposite that shown in FIG. 2. The broken line showing of a hand is for illustrative purposes only and forms no part of the claimed design.

FIG. 8 is a side view thereof. The broken line showing of the hands is for illustrative purposes only and forms no part of the claimed design; and,

FIG. 9 is a fragmentary side view thereof, with the catheter shown in extended position.
