(57) **CLAIM**

I claim the ornamental design for a chair, as shown and
described.

DESCRIPTION

A portion of the disclosure of this patent document contains
material to which a claim for copyright is made. The
copyright owner has no objection to the facsimile reproduc-
tion by any one of the patent document or the patent
disclosure, as it appears in the Patent and Trademark Office
patent files or records, but otherwise reserves all other
copyright rights whatsoever.

FIG. 1 is a front-left elevational view of a chair showing my
new design;

FIG. 2 is a front perspective view thereof; and,

FIG. 3 is a front-left perspective view thereof with the front
drawer in open condition.

The right side of the article is a mirror-image of the left side,
but has a mirror-image of a “3” as apparent from the
drawings.

The rear of the article is similar in appearance to the left side,
but has a mirror-image of a “2” and respective left and right
dowels as apparent from the drawings.

The bottom forms no part of the claimed design.

The environment shown forms no part of the claimed design.
